

**LOST HEAVILY BY FIRE  
IN VILLE MARIE HOME  
OF MR. AND MRS. FLEURY**

Mr. and Mrs. A. Fleury were heavy losers in a fire which destroyed their home in Ville Marie on Wednesday night last. They had gone to bed at 10.30 and shortly afterwards were aroused by the smell of smoke, when it was found that the house was on fire from either stovepipes or sparks from the stove. The whole structure was in flames within ten minutes, it is said, and a great deal of the contents were destroyed. Some forty men, including the sweeping gang of the I.C.O., responded to the alarm with the fire brigade and succeeded in the short time available in taking out most of the furniture from the lower floor and some personal effects from the upper. The building was totally destroyed.

Mr. and Mrs. Fleury are the parents of Mrs. W. J. Bulger and are well known in Haileybury.

**Southern Motorists Finding  
Way to Northern Ontario**

The following is a list of the southern motorist guests at Hotel Haileybury the past few days:

Mr. and Mrs. A. Walz, New York; Senator and Mrs. Arthur H. Day, Cleveland, Ohio; Dr. and Mrs. H. B. Decker, Terre Haute, Ind.; Mr. and Mrs. W. E. McIntyre, Columbus, Ohio; Mr. and Mrs. M. C. McIntyre, Cleveland, Ohio; Mr. and Mrs. W. E. and Miss Mildred McIntyre, London, Ont.; Mr. and Mrs. H. E. Jackman, and children, Buffalo, N.Y.; Mr. and Mrs. R. A. Tuck, Hamilton, Ont.; Mr. and Mrs. J. W. Young and party of four, Toronto; Mr. and Mrs. John Passmore, Hensall, Ont.; Dr. and Mrs. R. V. Bagler, West Orange, N.J.; Mr. and Mrs. Ed. Rifou, Sturgeon Falls; Mrs. V. Seligman, New York City; Mr. Horace F. Strong, Montreal; Mr. and Mrs. A. H. Voss, Buffalo, N.Y.; Mr. and Mrs. W. C. B. Wade, Toronto; Mr. and Mrs. J. A. Dalton, Kingston; Mr. and Mrs. W. B. Stark and Miss Jean and Betty Saunders, Toronto.

Ninety per cent. of the above are newcomers to this part of the country, and they are very much fascinated with the beauty and interest that this country offers to the tourist. The American visitors all complain about the meagre amount of advertising that there is in circulation about Northern Ontario. Some of the above guests wrote to Ottawa to get information, as to possible motor trips, and were sent literature depicting Montreal and Quebec sections, and it is very true that outside of the mining interests, North American tourists have had no chance to gather information about the wonderful playground that Northern Ontario had to offer. It is now time that the different Boards of Trade of Northern Ontario associate themselves with the Ontario Motor League and Ontario Government in putting forth a concerted scheme of advertising that will get into the hands of these pleasure-seeking Americans and bring them to this healthful, educative playground, not excelled on the continent.

**Englehart Newspaper Shows  
Pictures of Storm's Havoc**

Several illustrations of the havoc wrought by the severe electrical storm which struck Englehart and the district a couple of weeks ago made a feature of the front page of The Englehart Times last week. The pictures show the floods in the streets, a bad washout on the Charlton road and a landslide near Englehart. One of the pictures shows a man in a canoe paddling down the main street and the whole collection makes a striking record of the work of the storm. The publisher of The Times is to be complimented on his enterprise in thus preserving to the people of Englehart a record of the most unusual storm that the town has experienced.

**Dividing and Transplanting  
of Herbaceous Perennials**

September to early October is a good time to lift and divide herbaceous perennials. As soon as the great heat of summer is over and one feels that the soil is not likely to dry out again, the work may be begun. The longer time the plants have to make roots after re-planting the better condition they will be in for blooming next spring. The Bearded Irises may be divided and transplanted earlier than most perennials, the month of August being a good time. In re-planting the pieces of Iris they should be planted quite shallow, the rhizome or thickened root part being barely covered with soil. If planted deeper they are liable to rot. The top buds of Peonies should not be more than two or three inches below the surface of the soil.

Deep planting is one cause of Peonies not blooming well. Small pieces of perennials, if they have a few roots, will soon develop into good size plants if they have good soil conditions, so that large clumps may be divided into many plants.

**Youth Drowned From Canoe  
At Ville Marie Last Week**

R. Desormier, aged 16, eldest son of Mr. and Mrs. Paul Desormier, of Ville Marie, was drowned from a canoe in Lake Temiskaming near his home on Wednesday evening last. The body was recovered in about 14 feet of water shortly after the accident, but too late to save his life, although efforts at resuscitation were carried on for a considerable time. It is reported that the unfortunate youth was alone in the canoe and it is not known definitely how he came to upset the craft.

**TAPIOCA CREAM PUDDING**

¾ cup Eagle Brand Condensed Milk.  
2¼ cups hot water.  
4 tablespoons quick-cooking tapioca.  
¼ teaspoon salt.  
2 eggs beaten separately.  
1 tablespoon melted butter.  
1 teaspoon vanilla or any preferred flavoring.

Dilute milk with hot water, blending well. Bring to scalding point in a double boiler. Stir in tapioca and cook about one-half hour. Add butter and salt to egg yolks. Pour over them gradually the hot tapioca, stirring constantly. Return to double boiler and cook three minutes longer. Pour slowly over the beaten egg whites, folding in gently; flavor and chill. Serve plain or with cream or fresh fruit sauce.

Vary cream tapioca pudding by arranging fresh or canned peaches, apricots or sliced oranges in bottom of serving dish, pouring over the chilled tapioca cream.
