

## NOTES of the NORTH

Still another slide has been erected on the Children's Playground. This will be an added inducement to keep the children off the streets, even though it will mean many trouser seats will require the attention of needle cotton. The Town Fathers and the Town Engineer are to be complimented on their work in respect to making the playground a safe haven of refuge for the youngsters of the town.—Timmins Citizen.

Mr. Varette of the Public Works Department, Ottawa, was in town this week in connection with the necessary survey of the site of the new post-office for Timmins. The Government after careful consideration of all sites available, has evidently decided that the best is the one at the cor-

ner of Pine street and Fourth Avenue. This site has a fine location, is within a few steps of the present post-office site, and is suitable in every way. This was the site surveyed this week, being the location finally decided upon by the Government. Work will be started on construction at once.—Porcupine Advance.

Time flies; twenty years ago, where today Cochrane stands, there was a big enough clearing to hold the present Court House. In November, 1908, the T.&N.O. Commission placed the new town plot of Cochrane, so christened at that time in honor of Ontario's Minister of Lands Forests and Mines, the Hon. Frank Cochrane, on sale of auction.

What about celebrating the twentieth anniversary of Cochrane's birth.—Northland Post.

Mayor Weeks has in this com-

munication anent a monument suggested to be placed in the T. & N.O. garden. We imagine, without prejudice to the scheme, that there are other things besides monuments needed there.—Englehart Times.

Mrs. Geo. Harrison of Brethour is a patient in the Lady Minto Hospital having been injured by a cow that the dog was trying to place in its right pasture field. Mrs. Harrison's right arm was badly trampled, no bones or arteries being injured but the flesh badly mangled.—New Liskeard Speaker.

Citizens of Cheminis are apparently anxious that the boys and girls of that community shall receive the benefits of the best possible education that can be provided for them, and to this end plans have been made for the holding of a meeting of the rate-

payers to organize a school board in accordance with the laws of the Province of Ontario. A committee comprising I. Upton, B. Styles and M. McCutcheon, have taken the matter in hand and the meeting is to be held on Wednesday next, September 5th.—Kirkland Lake Northern News.

Rev. R. J. Martindale, Parish Priest of St. Patrick's R. C. Church, Cobalt, left for Rome on Tuesday evening, to visit the Holy Land and take a two years study. On the Sunday evening

prior to his departure the congregation presented him with an address and some small tokens of remembrance, consisting of a travelling leather suit case, a steamer blanket, field glasses and a purse of money. The address was read by F. J. Murray and the articles were presented to Father Martindale by Messrs. T. O'Gorman and E. Atcheson.—Cobalt Northern News.

In the first six months of 1928, among the countries of the world Canada had the largest ratio of

increase in copper production over the same period of last year. The rate was 60%.

In the same time Canada had the largest actual increase, in tons, in lead production. The world was off 20,000 tons, but Canada increased 11,700 tons.

This country is becoming a big factor in copper production. So also in lead. And in Nickel the growth is tremendous.

Gold and silver popularized mining in Canada. The commercial metals are the strong foundations.—Northern Miner.

## Trail Riders of the Canadian Rockies Visit Lake of the Hanging Glaciers in British Columbia

(118)

TRAIL RIDERS CROSSING A FORD

OVER A PASS

better and the membership now exceeds a thousand, many of whom have won the gold and enamel button signifying that they have ridden at least fifteen hundred miles. Of the hundred so qualifying, 23 are ladies. Three of the girl-members who joined up with the main party this year on the start for the Lake had already covered upwards of 200 miles of mountain trails.

The Lake of the Hanging Glaciers, about 7,500 feet above sea level, in the Selkirk Range, was discovered about 20 years ago, but is still as wild as ever. Its name gives some idea of its spectacular appearance, which is that of an immense cirque, with eight glaciers forming a moraine which drops off sheer in an ice wall nearly 300 feet higher than the lake itself. From this wall icebergs are falling continually, and forming a miniature Arctic sea in the heart of the mountains. Surrounded as it is by jagged Alpine peaks, many of which exceed 11,000 feet in height, this district has challenged the ambition of many Alpine climbers.

Hundreds of lovers of the great outdoors have joined the Trail Riders of the Canadian Rockies, an organization of poets, novelists, scientists, educators, artists, Indian chiefs, cowboys, nature lovers in general, and those who wish to perpetuate ancient trails in the Canadian Rockies and get the grand kick of a wonder-

ful horseback ride through the Canadian Rockies to scenic wonders which have been viewed by a mere handful. John Murray Gibson, of Montreal, first organized this great ride, which this year started August 2, for the Lake of the Hanging Glaciers, from Banff and Lake Windermere, B.C. Each year it has been bigger and

## "Stands Scotland Where It Did?" Aye, Laddie!

(102)

SCOTTISH PIPE BAND AT BANFF

SWORD DANCE IN CANADIAN ROCKIES

marital bagpipes he has played even longer, will again resound in the Canadian Rockies, making Banff resemble its namesake in Auld Scotia. Initiated last year under the patronage of the Prince of Wales, this festival has quickly established itself as a Canadian institution, with regimental piping contests, athletic games, folk songs and Highland dances—all as old as Scotland herself. Notable among the musical features arranged by Harold Eustace Key, musical director of the Canadian Pacific Railway, is the special performance of "The Jolly Beggars," a cantata with text by Burns and music by Sir Henry Bishop. At the daily concerts in the hotel ballroom notable Canadian artists will sing the folksongs of Scotland, and Scottish Canadian lassies will join their laddies in the Highland fling, the sword dance, the sailor's hornpipe, the Scotch reel and the graceful seann truibhas.

The programs of Scottish music are drawn up in historical sequence, beginning with the old ballads of the 13th, 14th and 15th centuries, followed by groups from the period of Mary Queen of Scots, the Stuarts and the Jacobites, selections from the songs of Burns, Sir Walter Scott, Lady Nairne and Christopher North, as well as the Hebridean music recently made popular by Margaret Kennedy Fraser.

PIPING FOR FIRST PRIZE, BANFF

At the same time the Alberta Amateur Championship meet will crown the victors in the flat and hurdle races, weight-throwing, tug-of-war, high and broad jumping, tossing the caber, shot putting and discus and javelin throwing. The regimental pipers from all over the Dominion will compete for the prizes offered by E. W. Beatty.

"Stands Scotland where it did?" Yes, except during the period from August 31 to September 3, when it will seem to have been transplanted overnight to a new Highland haunt in the Canadian Rockies. The occasion is the Highland Gathering and Scottish Music Festival, to take place a second time at Banff, Alberta, with headquarters at the Banff Springs Hotel. Songs that the Scot has sung for seven centuries, and

## Sheriff's Sale of Lands

DISTRICT OF TEMISKAMING

By virtue of a certain warrant given under the hand of the Chairman and seal of the School Board of S. S. No. 1 Marter, in the District of Temiskaming for collection of arrears of taxes due on the undermentioned lands, notice is hereby given that unless the taxes, together with the lawful charges and costs are sooner paid I shall at the Sheriff's Office in the Town of Haileybury, District of Temiskaming on **Saturday, the First day of December, 1928**, at the hour of 11 o'clock in the forenoon proceed to sell by public auction the said lands, or so much thereof as shall be sufficient to discharge such arrears and charges thereon.
