Candidates Line Up For Liskeard Election

Haileybury Men Are in Running for Municipal Honors in Sister Town

With two candidates for the mayoralty and seven for the council, New Liskeard will hold its municipal election on Monday next. The mayoralty candidates are Jas. W. Brown and Homer Sutcliffe, the former at one time a resident of Haileybury, and the latter an old timer of New Liskeard. The mayor of the town in 1928, Peter J. Grant, is among the candidates for the council of 1929.

The seven men who are in the running for the six seats are Arthur Amm, A. Montgomery, P. J. Grant and A. Grant, all members of the 1928 council, and J. W. McKinlay, Geo. J. White and A. J. Wagner. Messrs. Amm and White are former Haileyburians and their friends here wish them well in the race.

HARLEY TOWNSHIP

Reeve—Wm. Goddard, acclam. Councillors—P. I. Honsinger, E. Millard, T. H. Nickle, J. A. Campbell, A. J. Overton, T. S. Wattam, Jos. O. Labine.

KERNS TOWNSHIP

Reeve—William Frew, W. C. Hastings. Councillors—Peter Addison, Edward Bush, Hugh Cook, Robert Hillcoat, James McNabb, William Newton, Charlie Phillips

Chimney Blaze is Cause of Early Call

A chimney fire at the home of Mr. and Mrs. P. Whalen, corner of Blackwall Street and Ferguson Avenue at 12.30 a. m. yesterday gave the fire brigade the first call they have had in several weeks. There was no damage to the building, the flames being confined to the chimney. The firemen, after putting out the blaze took down the stovepipes and cleaned them out, leaving everything in good shape.

Defeated in City Election

Brook Sykes who contested the Mayoralty in Toronto against S. McBride, and lost out by a large number of ballots

Drowned at Temagami Trying to Save Dogs

Team Went Through Thin Ice Driver and One Dog Lose Lives in Struggle

Jaway Petrant, one of the best known guides in the Temagami district, and an exceptionally active man, was drowned in Temagami Lake, near Gear Island, according to information reaching here on Monday afternoon. Details of the tragedy were obtained from Temagami residents who were shopping in Cobalt and Haileybury.

Petrant, who was twenty-six years of age, went into the water after his dog team broke through thin ice, carrying him with them. One of the animals was drowned, but the others were pulled out by Tom Potts, companion of Petrant on the tragic journey. Both men had on skates, with Potts in the lead, and Petrant's skates became entangled in the dog harness when the dogs fell into the water. The body was recovered soon after and was buried in the cemetery at Bear Island, Rev. Owen Kennedy, rector of St. Mary's Cathedral, North Bay, officiating at the funeral.

Deceased was a versatile athlete and was well known to many visitors to the Temagami sum-

Eleven Candidates Will Strive For Municipal Honors Monday

Two Mayoralty Candidates Who Split 1928 Term Will Fight It Out, While Nine Men Strive for Six Seats on Council of 1929

With two candidates for Mayor and nine for the six council seats, Haileybury is promised an interesting contest at the polls on Monday next. The campaign will necessarily be short, as it was only at noon yesterday that the time for filing of qualifications expired, and the voting will be on January 7th.

For the mayoralty, W. Charbonneau and Taylor Pipe will enter the lists. The former has been chief magistrate since the resignation of the latter following the vote on the by-law providing for the paving of the upper end of Main Street, a measure that was strenuously opposed by Mr. Pipe and authorized by the ratepayers. The peculiar circumstances should make the contest between Messrs. Pipe and Charbonneau an interesting one.

For the council there are two new aspirants in addition to five members of the 1928 council and two former councillors who were not on the board last year. The list follows:

C. E. Fleming, H. G. Pickard, W. J. Adair, M. Piche, J. A. McKinnon and M. Austin, former councillors, and E. Simard and F. Leslie, the new aspirants.

At the nominations of Monday there was more than the usual

interest shown and the electors apparently wanted to make sure that there were sufficient candidates to make an election certain. Six names were submitted for the mayoralty and eighteen for the council seats. The nominees for mayor were T. Pipe, W. J. Adair, W. Charbonneau, Geo. T. Hamilton, H. G. Pickard and J. A. Legris. The following is the Council list:

H. G. Pickard, R. Y. Campbell, S. Graham, C. E. Fleming, E. Adshead, M. Piche, J. A. McKinnon, W. J. Adair, Geo. Poppleton, W. Charbonneau, F. Leslie, R. Whorley, E. Simard, F. R. Gibson, W. Forget, N. Morrissette, M. Austin and Geo. T. Hamilton.

In addition to the election for members of the council, the ratepayers will also vote on two by-laws on Monday. The first of these is for the provision of the sum of \$55,000 for additions and repairs to the High School, of which approximately one half of which will be borne by the provincial government. The other is for the granting of \$5,000 to the Sisters of Mercy in connection with the building of the new hospital. This is a similar grant to that authorized by the ratepayers for the Sisters of Providence when they proposed to build the hospital last year.

Boy is Badly Bruised When Hit By Motor

Little Edgar Adshead Has Head Cut, but is Thought to be Not Badly Hurt

Edgar Adshead, the three-year old son of Mr. and Mrs. E. Adshead, Rorke Avenue, had a narrow escape from death on Monday afternoon, when he was hit on the street near his home by a motor car. The little boy was crossing the street and passed behind a coal wagon when the motor car, driven by Mr. A. S. Macdonald, caught him and threw him back over the mudguard and he fell on his head on the pavement. He suffered a rather bad cut on the head and was shaken up severely, but up to yesterday evening no serious injury had developed.

Mr. Adshead states that the affair was purely accidental. Mr. Macdonald had no time to either stop his car or dodge the boy, as he came out suddenly from behind the wagon. The motor car was brought to a stop as soon as it possibly could be and the driver did all in his power to save the child. Mr. Macdonald had his little daughter with him in the car.

The little boy was taken immediately to the Red Cross Hospital and a doctor summoned. After an examination, it was considered best to bring him back to his home, where he is being taken care of since. He is getting along nicely and it is thought that there are no serious injuries.

Road is Marked from Here to Ville Marie

Travel on the ice of Lake Temiskaming is now safe for the winter, according to the usual signs. On Monday of this week Ville-Marie men who run stages between that point and Haileybury made the trip across and marked out the road with trees as is the custom each winter. There is not a great deal of traffic so far but the road is open and the ice safe.

The recent falls of snow have interfered to some extent with the skating on the lake, although on New Year's Day there were a few out in spite of the cold and storm.

Re-Elected Mayor of Toronto

Mayor Sam McBride, who was re-elected in Toronto, by a plurality of nearly 16,000 votes over Brook Sykes, his opponent

Elected President of Teachers' Federation

W. H. Tuke, High School Principal, Honored by Convention

Mr. W. H. Tuke, Principal of the Haileybury High School, was elected president of the Ontario Secondary School Teachers' Federation at the annual conference of that organization at Hamilton on Thursday last. Mr. Tuke is the only officer of the Federation who is from Northern Ontario, but the secretary, Mr. S. H. Henry, of Toronto, was formerly on the staff of the high school here.

Delegates approved of the uniform contract drafted by Judge Scott, of Perth, a form which was mutually agreed upon by both the trustees association and the teachers. Group insurance was discussed and was favored as a safeguard against illness and advancing years.

The teachers also endorsed the plan to stimulate oratory contests and will select from Ontario High Schools, young orators who will enter the final contests.

Reeve, Councillors Get Acclamation in Bucke

No Contest in the Municipality Where Politics Usually Create Interest

The Reeve and Councillors of the Township of Bucke for 1929 have been elected by acclamation something unusual for that municipality which almost every year stages one of the hottest elections in the whole district. The reeve is W. J. Dagenais, a well known merchant of North Cobalt who was elected during the year to fill the vacancy caused by the death of the former reeve, Mr. W. J. Post. Mr. Dagenais' name was the only one placed in nomination on Monday when the ratepayers met at the township offices for that purpose.

The council will consist of Messrs. Neil D. McIsacs, A. Totten, Chas. Peterson and Olaf Neilson, the former three being members of the council for 1928. The fourth member of that body, W. F. Plaunt, was also nominated but dropped out of the race, his place as representative of the West Road section being taken by Mr. Neilson. The Choice of candidates appeared to be very generally satisfactory to the ratepayers present at the nomination meeting.

Alonzo Totten was the only nominee present at the meeting. He told the electors present that the township's financial statement showed that everything was in good shape and extended his thanks for the support accorded him. He promised his best services during 1929. There was little discussion at the meeting only one or two matters being talked over. Chief among these was the Housing Commission situation which apparently has not been an unmixed blessing in the municipality. Some of the ratepayers were of the opinion that an arrangement might be made with the government for a revaluation of the houses and permission for the municipality to dispose of those which had been abandoned by the former
