

**Guesses on Ice Must
All Be Received by
Saturday, April 6th**

The closing date for The Haileyburian's annual guessing contest on the date of the ice going out of Lake Temiskaming is Saturday next, April 6th. Readers should make sure that they do not overlook the opportunity to secure their Haileyburian for the next year free of all charge. It is a simple matter to fill in the coupon below with the date on which you think the lake will be clear of ice, and either bring it in to the office or send it by mail. There are no restrictions, other than the fact that only one guess will be accepted from any reader and only one subscription will be given in any one family. Different members of a family may enter the contest.

This annual contest is almost as old as The Haileyburian itself. On different occasions in the past there have been a number of persons successful in naming the right day in advance and some readers have won out on more than one occasion. There is no rule by which the weather can be accurately foretold, but there are many signs that may prove of assistance, and the table below gives the dates for the past thirty years.

The reason that the closing date is fixed early in April is the fact, made evident by the record, that the earliest date for the lake to be clear, since the records have been kept, was April 12th. Again we remind all readers that the time is drawing near when the contest will close, and they should not delay.

RECORD

1893	May 15th
1894	April 25th
1895	May 5th
1896	April 30th
1897	May 8th
1898	April 27th
1899	May 5th

**To Talk Over Plans
For Providing New
Children's Shelter**

The next meeting of the Children's Aid Society will be held on Friday, April 12th, at 8 p.m., in Hotel Haileybury. This will be a combined meeting of the District Society and the Haileybury Branch and has been fixed for this date in order that the two organizations may get together for a further discussion of the problem of a new Shelter. It has been apparent for some time that the present building must soon be replaced in order that the good work may be properly carried on and it is hoped that at this meeting there will be some definite plans made.

The meeting will not be confined to members of the Society, all who have any interest in the work will be welcomed, and it is hoped that there will be a good attendance. A further announcement will be made later.

**Spring Weather Has
Setback When Storm
King Hits District**

The fine spring weather got a setback on Sunday night and Monday, when the district was treated to one of the biggest storms of the whole winter. A decided drop in temperature took place on Saturday night and, although Easter Sunday was fair, it was cold throughout the day. Sunday night the change came and on Monday morning a blizzard was in progress. The snow fell heavily and, with the strong wind which blew steadily from the north throughout the day, made it very disagreeable.

Streets were almost blocked and the snow plows were out early on Tuesday, giving some

**Easter Festival Is
Suitably Observed in
All Local Churches**

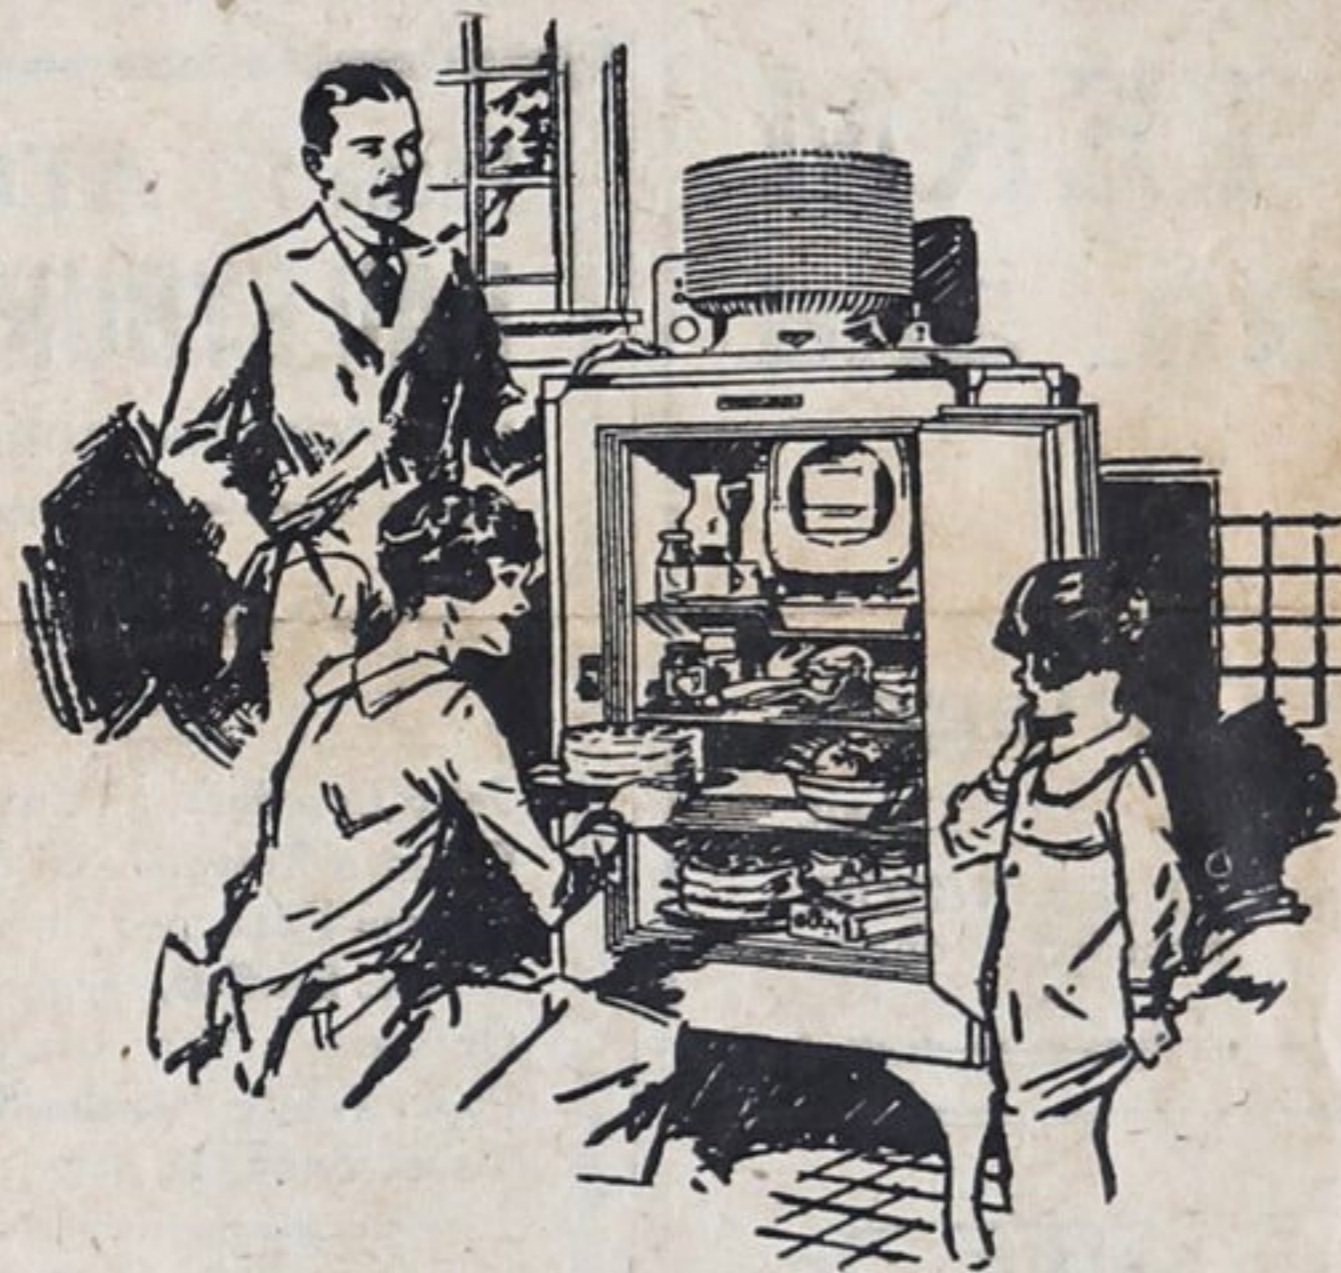

The Easter season was observed in all Haileybury Churches with special services, special music and in every case, extra large congregations. The Good Friday services were also well attended and the observance of the great Church Festival was carried out with the usual solemnity.

In each Church there were special sermons preached, all bearing on the great theme of the Resurrection and the majority of the local people appeared to take a deep interest in the festival. Particularly pleasing were the decorations, the beautiful Easter lilies being displayed prominently in every Church and other flowers lent a touch of springtime that was enjoyed by all.

The Good Friday holiday was to all appearances spent quietly. The weather was fine, but the spring not far enough advanced to allow of much outdoor enjoyment. The roads were fairly clear of snow however, and many motorists took their first drive of the season.

relief in the morning. Snow shovels which had been stowed away last week in the belief that the winter was over, were again put into commission and paths and walks were cleared. The storm died down Monday night, and, although it was still cold on Tuesday morning, the change came again later in the day and by afternoon the snow was melting fast and water commencing to run on the streets. Weather sharps are agreed that this was the last storm of the season.

**GENERAL ELECTRIC
Refrigerator**

"Makes it Safe to be Hungry"

For the sake of your family's health you should have a General Electric Refrigerator. It ensures healthful, scientific refrigeration — always below 50 degrees—and makes possible a great variety in your menus. All the machinery is on top and never has to be oiled, and there is the maximum shelf area for food storage. Phone or write for booklet describing the different models.

**What is
a Bargain?**

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price

Call them Bargain Hunters if you will, but Thrifty Shoppers would be the better designation. Thrift is a commendable trait and merchants should cater to it.

One family wants a new carpet—the need is not urgent. Another family is looking forward to buying dining-room furniture—it may not be for a twelve month.

One man is thinking of buying himself a gold watch. One woman a shopping bag; another an umbrella.

All can be made to buy earlier—by Advertising. Advertising can make the desire so keen that the bargain is forgotten in the fever for immediate possession.

A Note to Merchants

Stimulate business by the offer of some slow-moving lines at special prices. Brighten up business by Advertising some desirable goods at reduced prices. Make Advertising banish dull business. Often you can tempt the buyer who is biding his or her time, to buy from you—at a time of your naming.
