Departing Priest is Honored by People

Monsignor Dupuis given purse with good wishes of his congregation here

A large number of members of the Roman Catholic congregation here gathered in the Columbus Hall on Tuesday evening to pay honor to Monsignor Dupuis, who has been Parish Priest in Haileybury for the past four years and who left this week for his new field at North Temiskaming. During the evening he was presented with a purse containing a substantial sum of money as a token of the esteem in which he has been held during his pastorate and for the many years previous during which he has been well known in town.

The presentation was made by Mr. F. Fitzgerald, who was chairman of the gathering, amid many expressions of goodwill and good wishes on behalf of the congregation. Short addresses were also

made by Mr. Geo. T. Smith, Mayor Charbonneau and Mr. E. Simard. Mr. Smith assured Mons. Dupuis that if he did not come back to visit the people in Haileybury, they would go to visit him.

In replying to the addresses, Mons. Dupuis spoke in both French and English with great feeling. He extended a cordial invitation to all to visit him at any time in his new home at North Temiskaming and dwelt on the pleasant relations that had existed during his residence in Haileybury. At the request of the chairman he gave the congregational blessing.

During the evening the gathering was entertained with musical selections by Mrs. Dr. Joyal and Rev. Pelchat, secretary to his Lordship Bishop Rheume, which were greatly enjoyed by all.

The live stock section of the New Liskeard Fall Fair will be held on August 13th and 14th next at Liskeard Beach, combined with the Temiskaming Fire Brigades' competition and a program of field and water sports.

Fifty Years of Progress

Locomotive number 5900, greatest in the British Empire, one of a fleet of twenty for use on the heavy grades of the British Columbia mountains, has just been released for service on the Canadian Pacific Railway. Oil-burning and weighing close on three-quarters of a million pounds with engine and tender and having a length of 98 feet over all, it furnishes an overwhelming contrast with the wood-burning "Countess of Dufferin" which came to Winnipeg from Minneapolis, fifty-two years ago next October. Tractive effort of the Countess was 9,000 lbs., as compared with

that of 78,000 lbs. of the 5900. The latter represents the latest developments in locomotive engineering and was built to specifications furnished by the motive power and rolling stock department of the Canadian Pacific Railway.
