

Notes of the North

Mr. T. S. Woollings has many interesting souvenirs of his travels around the world, but it is doubtful if he has anything more interesting than a very rare old sixteenth century bible which he recently received from England. The book is most remarkable in many ways. Bound in wood covers and in a good state of preservation it includes many features we have never seen in bibles of these days. The whole is printed in great primer old English type, which gives about four lines to the inch. It also gives in detail the lineal descent from Adam down to Jesus Christ.—Englehart Times.

The New Liskeard Agricultural Society undertook to try an experiment this year in the holding of a Summer and Fall Fair. The idea was originated in an endeavor to allow the citizens of the district an opportunity of gathering at Liskeard Beach at a time when it was likely that weather conditions would be more favorable than at the time agricultural shows are usually held, and when roots, vegetables, grain etc., are hardly ready for exhibit in this part of the Province. In an endeavor to give the general public the best programme possible arrangements were made with the New Liskeard firemen to join with the Society and hold a series of firemen's events. . . . Notwithstanding the efforts of the committee they could not control the weather on the days selected, and rain interfered to such an extent that it is still an open question as to whether the idea of holding a summer livestock fair and a fall fair for other articles usually on a prize list is likely to solve the question.—New Liskeard Speaker.

Decision was reached at a meeting attended by fourteen ratepayers of the Township of Teck, held on Tuesday night to petition the Township Council to put the matter of paving Government road from the Kirkland Lake Gold Mine to Station road to a vote of the property owners, and get an expression of their opinion as to whether the work shall be

done under the Local Improvement Plan or by spreading the cost over the whole Township. The petition is to be prepared and presented at the next meeting of the Council—Kirkland Lake Northern News.

Last night about eleven o'clock a car on the way to Schumacher collided with one of the power poles on the Hollinger road, near the Rochester road, cutting off the pole close to the ground and pulling the stub out of the earth. The driver of the car was arrested by Officer Moore on a charge of being drunk in charge of a car. The other occupant of the car had a nasty cut on his head, the wound requiring four stitches. The glass in the car was not broken by the collision with the pole, but the front of the car was badly damaged.—Porcupine Advance.

THE TOWNSHIP OF BUCKE NOTICE

A list of Lands for Sale for Arrears of Taxes has been prepared and copies may be had in my office. The list is being published in the Ontario Gazette on Saturday, the 25th of May, and the 1st, 8th and 15th of June respectively, and that in default of payment of the Taxes and costs, the lands will be sold for Taxes and costs under the R.S.O. Chapter 195, Sections 141 to 162.

Should any of the lands described in the list published in the Ontario Gazette not be sold to recover the full amount of Taxes and costs at the sale of lands for Taxes on September 16th, 1929, I hereby give notice that an adjourned sale will be held at the same hour and place on September the 23rd and 30th, 1929, when any of such lands may be sold for less than the full amount of accrued Taxes and costs, and at any such adjourned sale, I reserve the right to bid in any parcel of land for the Municipality for Taxes and costs accrued on account of such lands.

The Shortest Thing in the World....

No, not a gnat's eyelash nor a mosquito's whisker—PUBLIC MEMORY

You may have been in business for fifty years and the people know about it. But they forget—new customers are being born every minute and they grow up and have to be told.

Give the people the good news of new things at advantageous prices. They look to you for this "store news" and will respond to your messages.

Anything that increases favor, that adds to sales, that multiplies customers, is very properly regarded as a good investment.

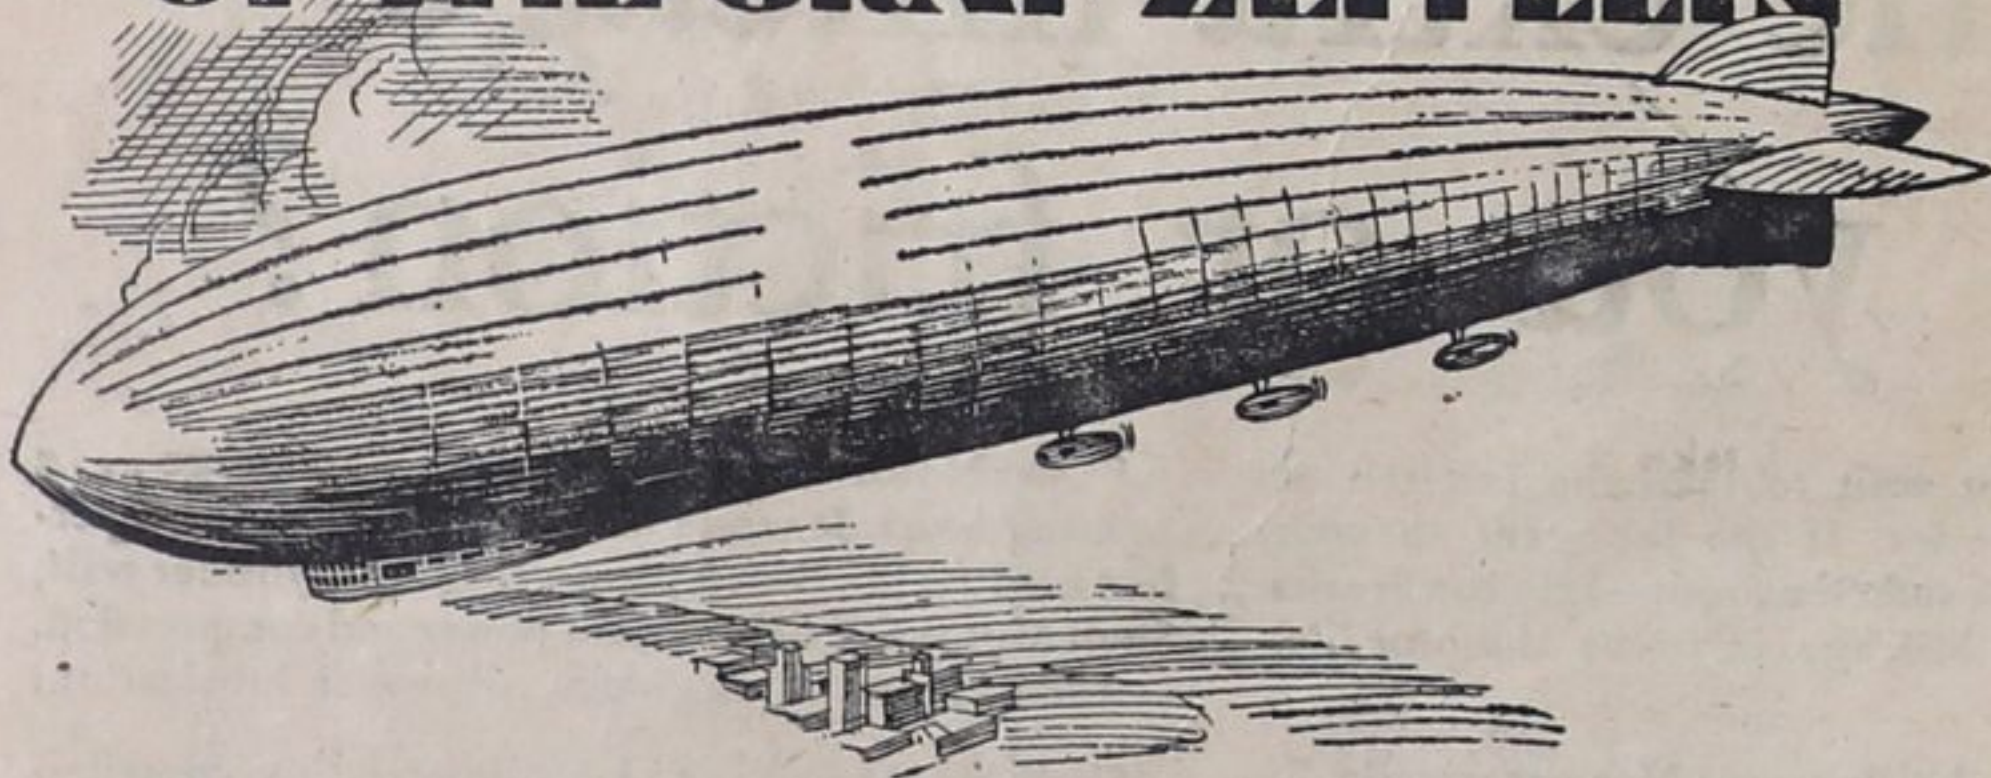

ADVERTISING is a Good Investment!!

A Note to Merchants

Unless you keep telling them by Advertising what you have to offer them, the fellow who has only been in business fifty weeks, and who advertises intelligently will prove to you the truth of it.

CHOSEN FOR THE WORLD FLIGHT OF THE GRAF ZEPPELIN

The Selector Tuner

Quicker, easier tuning—only Kolster has it. With the Selector Tuner, "hunting" for a station is a thing of the past. You simply press a button—turn the dial till it stops automatically, perfectly tuned to your pre-selected station. The set can also be tuned independently of the Selector Tuner.

When the Graf Zeppelin sailed recently from Lakehurst, N. J. on its epoch-making flight around the world, it was equipped with a standard Kolster Radio of the same type selected by Commander Byrd for his expedition to the South Pole.

In selecting Kolster Radio, those in command of the Graf Zeppelin Flight made no mistake.

The passengers and crew of the Graf Zeppelin will enjoy Kolster reception as they fly over the countries of the world. Tens of thousands of Kolster dealers and owners in England, Scotland, Ireland, Canada and the United States join these famous Kolster owners in saying "Kolster is more than ever a fine set."

Kolster research and high standard of quality ensures the Kolster owner every modern radio advancement—as can be seen in Kolster's exclusive feature—the Selector Tuner.

Before you choose your radio visit a Kolster dealer and ask him to demonstrate the Kolster.

Dealers in all parts of Canada already report a growing preference for the new Kolster models—electric and battery.

The New Kolster is available in four All-Electric Models. Priced from \$215 and up, less tubes

There are two Battery Models. Priced from \$60 and up, less tubes
