LEISHMAN & SUTHERLAND, PUBLISHERS

Thanks to Friends For Great Kindness

Mr. and Mrs. Burt Sopha, of Cobalt, who suffered such a sore bereavement recently by the death of their daughter, Viola, wish through the columns of The Haileyburian to extend to their many friends here their sincere and heartfelt thanks for the great kindness shown and many expressions of sympathy received.

That the Sopha family is well known and well liked by a multitude of friends in the district was amply testified to by the great profusion of floral tributes at the funeral of one who was a general favorite among the younger set.

Pupils to Receive Toxoid Treatment

Treatment for immunization from diphtheria will be given the younger pupils at the public and separate schools here, under an arrangement by the Provincial Board of Health. This week the pupils were given cards to be signed by their parents or guardians authorizing the treatment, which is described as a toxoid administration, on November 29th.

The treatment is described as a safe and sure preventative of diphtheria and all are advised to have it administered. It has been developed along scientific lines as one of the measures that are put into effect in the interests of general health in any community.

Councillors Report Hallowe'en Damage Was Worse than Ever

It was stated at the council meeting on Tuesday night that there was more real damage done on Hallowe'en this year than had ever been the case in the history of the town. The wisdom of engaging a number of special policemen for the one night was questioned, and the opinion was given that if the chief of police was provided with a car for the night, more preventive measures could be taken and a large part of the damage to property avoided.

It was stated by members of the council that in several places there had been loss to property through the depredations, and that it was not the work of small boys. The case of a wagon and truck being taken out of a shed and the former almost entirely destroyed was mentioned and there had been sidewalks torn up, swings and gates removed and outbuildings upset or damaged to a greater extent than usual.

Northern Editor Has Good Wishes of All for Quick Recovery

The newspaper fraternity of the North Country extends sincere sympathy to Mr. Otto Thoring, editor of The Cochrane Northland Post, who some weeks ago suffered a paralytic stroke, and has since been confined to hospital.

Latest reports are to the effect that he is gradually recovering his health and the best wishes of his friends throughout the northern districts go out to him in his illness. He has long been known as one of the staunchest champions of Northern Ontario, who has always been ready to fight for what he believed was her just due, and he will be welcomed back to his desk with real fervor by all.

Nation Mourns Death of Finance Minister

Tributes are being paid from all sections of the Dominion and from all political parties, to the life and service of Hon. James Alexander Robb, Minister of Finance in the Federal Government, whose death took place on Monday at Toronto.

He was among the most prominent of the public men of today and his worth and attainments were recognized on all sides.

It came as a great shock to Canada when his death took place from an apoplectic stroke, after he had passed the crisis in an attack of pneumonia and was believed to be on the road to recovery. He was 70 years of age and had had a long and honorable career in the public life of the Dominion.

Council Prepares For Early Election

(Continued from page 1) by-law did not make this very clear. In the discussion which followed it was claimed that men with teams had been allowed to come in from outside and work in town without paying a license fee, but the council took the view that it was too late in the year to make any changes.

There was only a short discussion over a complaint from F. J. Harvey, which stated that his boy who was collecting laundry, had had his small wagon damaged by some high school boys from North Cobalt or "104" and although both the chief of police and the principal of the school had been notified, no redress had been obtained.

Matters in connection with street work included a report of

It is less than Six Weeks till Christmas; do your Shopping Early!

a bad washout near the north end of Latchford Street, where repairs are being made and where a new culvert of larger dimensions is necessary. This is to be attended to without delay.

The Cemetery Committee asked the council to request the Nipissing Central Railway to put in a crossing at Sixth Street, to allow the use of that street as a road from Rorke Avenue to the cemetery, and also to have a pole removed from the roadway. This is being attended to.

Orders were given the town foreman to have the roof of the Clutchey building, occupied by Mrs. Harvey, repaired without delay, after a letter from the tenant had stated that roomers were leaving the building on account of the leaks and that she would not be able to carry on through the winter unless the repairs were made.

A letter from the Trans-Canada Broadcasting Company stated that the National Broadcasting Company, of New York, were willing to send out programs over Canadian station if they were assured that the people on this side of the line wanted them and asked that a request be sent from the mayor to this effect. This will be acknowledged with thanks.

The necessary by-laws providing for nomination and elections were passed. The nominations will be held on Monday, November 25th, at 10 a.m. for mayor, and at 12 noon for councillors and members of the public school board. The elections will be held on Monday, December 2nd, and the date for the first meeting of the new council was set as January 6th, 1930.

held on December 15th, will be held tomorrow evening at seven o'clock, when the business of the year will be finally concluded.

and now the new baby is on EAGLE BRAND

"I have a boy five years old and he is a good ad for Eagle Brand. I started him on it at 3 months and now at five years he is red and rosy and solid as a rock, big frame, legs perfect, in fact perfect in every way. I have a baby boy of 6 weeks and he gets nothing but Eagle Brand and he is doing fine."

(Original letter on file)
