Announcement

On and after March 1st, 1930, the subscription price of The Haileyburian will be increased to \$2.00. The publishers have felt for some time that this increase was justified, considering the fact that during the past year the paper has consisted of eight pages of home print, thus giving a much greater amount of local and district news than was possible when a readyprint section was being used.

Are We Overlooking Something?

A letter received last week-end at this office leads us to the belief that we in Haileybury may be overlooking something. The letter is written by a newspaper man in Pennsylvania and tells of his intention to come to this section on a holiday next July.

Ontario and all parts of Canada have profited greatly during the past few years from the tourist traffic. In many places large sums of money have been spent to set forth their local attractions to the people of the United States.

At the present time some local men have been discussing ways and means for establishing winter sports here, which would appear to be a step in the right direction, but in the meantime the tourist season will soon be here and if we are to get a share of this profitable trade we should be busy now.

We have received considerable favorable publicity from people who have already visited the North Country, but if we are to receive the full benefit we must do more than this. We have the attractions, we have the hospitality which is necessary and all we require is a proper means of setting these before the people who are seeking recreation and who may find entertainment to their liking in this vast North.

Haileybury as an Airport

In connection with the proposed air mail service across the Dominion of Canada, one good citizen made the suggestion recently that an effort might be made to have Haileybury included in the route, thus giving the town a little extra publicity and serving to keep the North Country before the eyes of the public.

could land both summer and winter and that the markings of the airport here would be very simple, as the surrounding hills would furnish ample space for large signs.

It will be recalled that two or three years ago the Department of Public Works, or was it the Department of Marine and Fisheries? issued a license to Haileybury as an airport and described in detail both to the Board of Trade and the Town Council what was necessary in the way of signs, etc., to make its use possible by official flying machines.

Perhaps the suggestion of the gentleman referred to, that the Board of Trade might interest itself in the proposal, would bear fruit in an increased use of the facilities here for aerial transportation. Only last week a representative of a new concern,

Over Eighty Entries Now in and Curlers Expected from All Parts of Canada

The third annual Toronto bonspiel, which will be held on seven artificial ice rinks in Toronto from Monday, Feb. 17th, to Friday, Feb. 21st, and for which entries close on Saturday, Feb. 8th, promises to be a record breaker in every respect.

In 1928 there was a total of 128 rinks and last year this number was increased by twelve. At present over eighty entries have been received and a most gratifying feature is that over seventy are from out of town clubs.

which proposes to establish a flying service in the North, landed here with a plane and spent a couple of days around town. He was new to this part of the district, but found his way to Lake Temiskaming without trouble, thus proving that the location is a good one for the purpose.

HON. GEO. S. HENRY

The committee is profiting by the experiences of the two previous spiels and everything is being done to make the week a most enjoyable one for the visiting curlers. One of the biggest worries for the out of town curlers and the committee in the past has been the matter of stones. The visitors have had the trouble of shipping their stones to and from Toronto and the committee thought of moving them from stations to rinks and following the curlers from club to club.

The annual banquet on Tuesday evening at the Royal York promises to be bigger and better than ever. The chairman of the banquet committee is keeping most of the particulars a secret but it is understood that it will take the form of a cabaret entertainment.

Another feature that has caused increased interest by outside curlers is the fact that the winner of the Grand Aggregate will, this year, be eligible for the play-down for the Canadian single rink championship and the Macdonald Brier Trophy.

There will be five trophies at stake during the week and a total of sixty-eight individual prizes. The semi-finalists in the four big events will play down for the Royal York trophy, the Grand Aggregate.

While no limit has been set on the number of entries that will

be accepted, intending entrants are advised to notify the secretary as soon as possible c/o Canada Life Bldg, King St. West, Toronto.

All games will be of twelve ends and while there will be five draws on some days, no rink will be called upon to play more than three games on any one day.

DOES MAN SETTLE UP OR DOWN?

WHEN man reaches that stage in his existence where the urge for "home" dominates his thoughts he is suffering the first stages of the "settling down" process. He begins planning a house and all that goes with it, and realizes that before he can settle down and become a Solid Citizen he must "settle up."

Now this "settling up" business should be indulged in at regular intervals by most of us. There's always some little account that if not paid promptly when notice is sent, will be allowed to stand indefinitely. One of the most unfortunate in this respect is the subscription to the newspaper. The amount is small and comes due but once a year; so it is easily forgotten.

There is one sure way of keeping "settled up" with your newspaper—watch the label every week. After your name the date on which your subscription expires is printed plainly. Pay it promptly when it comes due. Make sure of it now.

The Great West Festival at Calgary

Picturesque costumes, pretty girls, clever dancers, marvelous exhibitions of native handicraft will be among the offerings given to the public at the big folkdance, folksong and handicrafts festival scheduled to be held at the Palliser Hotel, Calgary, March 19-22 next.

A score of nations whose people have come over to the Dominion to swell the number of New Canadians in the West will show the treasures of art accumulated during the centuries of their national history and Canadian culture will be given an impetus from the

source which has always been the aliment of great art. This Calgary festival is the third of similar ones held at Winnipeg and Regina, and the first two proved so successful and awakened such interest that Premier Brownlee of Alberta asked for their repetition this spring. They are organized by the Canadian Pacific Railway and the coming one is also in co-operation with the Canadian Handicrafts Guild, Alberta Branch.
