

THE HAILEYBURIAN

Issued every Thursday from the Haileybury Office, Broadway Street, Haileybury. Published in the interests of the Town of Haileybury and District of Temiskaming.

Daylight Saving

While there is considerable opposition to any proposal to change the clocks to summer time in Haileybury, we believe that the benefits to be derived from such a measure far outweigh any disadvantage that may follow.

On the other hand, one hears various arguments against the proposal, chief of which is the difficulty of getting the children to bed at the proper time and while it is still daylight.

The Spring Clean-Up

There is a lot of unemployment about now around Cobalt and Haileybury, and there is also a lot of work to be done.

Gardens need digging up, fences repairing, a little painting is always good business at this time, and a general clean-up around the place and burying of old cans brings an air of spring with it.

Plenty of men can be got by ringing up The Government Free Employment Office, Phone 152, Cobalt.

If you can only offer a few hours' work, you will be doing good service, and remember that in a few weeks' time the men will be almost unobtainable, while now a dollar or two in their pockets helps to pay debts and renews hope.

They Like the Story

Readers of The Haileyburian are enjoying the serial story, "Hunted" by Leslie McFarlane, which is running in instalments. The first part of the story was set in small type, which has been the cause of complaints from several readers.

RECOUNT VOTES CAST IN COBALT ELECTION

A recount of the votes polled in the recent municipal bye-election in Cobalt is to be made on Tuesday of next week in the Court House here by Judge Hayward. It will be recalled that only five votes separated the totals of Ovila Chenette, the defeated candidate, and Fred Marr, the victor, in the contest made necessary by the unseating of the former on the ground of non-payment of taxes at the time of nomination last November.

ANGLERS OF DISTRICT TO MEET HERE TONIGHT

A meeting of the Temiskaming Fish and Game Protective Association, the recently formed organization of sportsmen, chiefly anglers, will hold a meeting here tonight in Hotel Haileybury.

This meeting is for the purpose of appointing a local executive, and discussing what steps should be taken in the matter of securing a supply of fry or fingerlings from the government hatcheries for restocking the streams and lakes of the district.

There will be a number of men present from Englehart, where the headquarters of the Association is located, and it is hoped that all the members in Cobalt, Haileybury and New Liskeard will attend. OPEN TOURIST HOTEL AND BOAT LIVERY AT TOWN OF LATCHFORD

Captain and Mrs. McCarthy Burns and family, old residents of Haileybury, will move this spring to Latchford, where they

will conduct the Lady Evelyn Hotel, catering to the tourist trade. Captain Burns will also operate a line of pleasure boats on the Montreal River and through the various beautiful lakes adjacent to that stream and has purchased the boat livery formerly conducted by J. H. King. The hotel and boat lines will be run in conjunction, under the name of the Montreal River Navigation Company.

There is plenty of good country surrounding Latchford for the purpose, some of the best fishing to be found in the whole North and the beautiful lakes of Anima-Nipissing, Lady Evelyn, Red Squirrel, etc., with their connecting links into Lake Temagami, will furnish tourists with plenty of enjoyable side trips. Captain and Mrs. Burns have the good wishes of their friends here for success in their new business.
