of practice runs. The first was a call to the home of W. Pritchard, Elliott Street, on Thursday afternoon, and on arrival the firemen found that it was a truck belonging to Thorpe & Branchaud which had developed a short circuit in the engine. There was no damage. The second call came on Saturday morning to the house occupied by His Lordship, Bishop Rheaume, where the kitchen chimney had taken fire. It was extinguished with chemicals without damage. TRY OUR WANT ADS The Liggett store on the cor-

ner of Main and Ferguson will be rebuilt in the immediate future. The T. & N. O. has commenced erection of two houses, one for the station agent and the other for the section foreman. One of the stations on the C.P.R.'s new line to Kipawa will be named "Latulippe" in honor of the late Bishop of Haileybury Diocese. Give Canada A Chance UNEMPLOYMENT In 1920, before the Liberal party came into power at Ottawa there was widespread unemployment and the Government of that day voted Fifty-five Million Dollars for relief; Twenty Million Dollars to assist Municipalities and Twenty-five Million Dollars to assist the Provincial Governments in road building. In the present year of 1930 with the Liberal Party in power at Ottawa there is widespread unemployment. The Premier said he would not give a five cent piece to relieve unemployment. Surely when Canadian Homes to the extent of One Hundred Thousand are in want through no fault of their own, it is the duty of the Government to deal with the situation. Surely a young country like Canada, with such vast resources can effectively deal with it. The Liberal party cannot and will not. The Conservative party can and will, they have done it before. The full strength of the Nation should be used to protect Canadian Homes and the Farmers' Market. Canada is waiting for Premier King to answer these questions. How many will he answer or evade? 1. How is it that the fiscal policy which Mr. King has held to be wrong for ten years has suddenly become right—become right on the eve of an election? 2. How it came to pass that, under his administration, no fewer than 1,300,000 Canadians were forced to leave Canada? 3. How is it that, despite this vast emigration, Canada today has an army of unemployed with a single city like Winnipeg spending \$3,000 a day to give men bread? 4. What Mr. King's Government proposes to do about the unemployment problem? 5. Why is it that after years of investigation, negotiations and promises, not a single step has been taken regarding the St. Lawrence Deep Waterway? 6. What his Government proposes doing regarding Mr. Bennett's reasonable request for a judicial inquiry into the financing of the Beauharnois Power Syndicate? 7. What Mr. King has done these past four years about his pledge to reform the Senate? VOTE FOR CANADA AND W. A. GORDON Published by The Haileybury Liberal-Conservative Association
