

Agricultural Representatives Hold Conference in North

Visiting Northern Academy and Demonstration Farms on Annual Tour; Come Here to Get View of Great Clay Belt

The 23rd annual conference of Agricultural Representatives in the province of Ontario is being held this week in the North Country, thus giving the men who have the direction of agricultural education an opportunity of seeing at first hand the great Clay Belt. Many of those in the party which consists of about 75 men, are seeing the North for the first time and are finding the experience both interesting and valuable.

The party, travelling in about 20 motor cars, left North Bay yesterday morning, coming to Haileybury and New Liskeard, 60 stopping at Hotel Haileybury and the balance at New Liskeard for lunch. In the afternoon they had a trip through the adjacent farming section, including the Demonstration Farm at New Liskeard, and assembled at the Beach for dinner as guests of the New Liskeard Board of Trade in the evening. They spent the night in the two towns and proceeded north this morning.

Today the party is visiting Kirkland Lake, where they are the guests of the Lake Shore Mines and this evening they go to Monteith for the business sessions of the conference. These will be held in the Northern Academy and will continue until Friday evening. There will be various discussions held and reports presented, among the speakers being W. G. Nixon, superintendent of the Demonstration Farm at New Liskeard. He will address the representatives on "Opportunities in Agriculture in Northern Ontario."

The party will visit Cochrane and Kapuskasing, visiting the Dominion Experimental Farm at the latter point, and will spend a

night at Iroquois Falls on their way back. The itinerary calls for a stop for lunch in Haileybury and New Liskeard on Tuesday next and the tour will be completed that evening at North Bay.

The party is under the direction of R. S. Duncan, of the Department of Agriculture, and practically all representatives are present. Several newspapermen, representing the farming journals of Ontario and Quebec, are with the party.

Town Office Has Been Moved Into Clutchey Block

Building Remodelled and Made Suitable for Purpose This Summer

The municipal offices which for several years past have been located in the Legris building on Ferguson Avenue, have been moved this week into the Clutchey Block, south of Main Street. The building was taken over from Mr. Clutchey earlier in the year, with the object of making the town's headquarters there, and the lower floor has been remodelled, a vault built in and the structure generally put into good shape. The upper floor of the two storey building remains as a suite of rooms and will be rented.

The building required considerable improvement before it could be used for the town's offices. It had originally been built as a combined store and residence and for some years Mr. Clutchey kept his electrical supplies there. (Continued on Page 4)

Latest Returns Give W. Gordon 1600 Majority

Returns Almost Complete Show Big Lead; Teck, Capreol, Lang's Strongest

With the returns for Temiskaming South almost complete, a majority of about 1600 for W. A. Gordon, K.C., Conservative M.P.-Elect, is indicated. With the exception of three small polls which had not been officially reported, a tabulation was made of the result on Tuesday afternoon, showing a total majority in the Conservative column of 1603. This will not be materially affected by the addition of the outlying polls.

In this immediate district the vote was heavy for Mr. Gordon. In New Liskeard he got a majority of 275, in Haileybury 116, in Bucke Township 168 and in Coleman 131. The town of Cobalt gave Mac. Lang a majority of 13. The strongest places for the Liberal candidate were the Township of Teck, which includes Kirkland Lake and Swastika, and the town of Capreol and its surrounding territory. In Teck, Lang had a majority of 193, in the town of Capreol he was up 117 and in the township 96. Other points which voted Liberal included Blezard, with 22 majority, Hanmer, with 58, Silver Centre, 34, Earleton, 24, and Casey, 12. In almost all of the other polls Gordon had a majority. The town of Englehart gave him 283, Elk Lake 67, Skead 73 and the Falconbridge mine 36. At Goldthorpe there were 15 votes reported, all of which were cast for Mr. Gordon, and in Kenogami the count was 19-1 in his favor. In Crown City and Matachewan the vote was tied, 10-10 and 4-4 respectively.

The figures so far available would indicate that there was an exceptionally large vote polled throughout the riding, larger than in either of the contests in 1925 and 1926.

The figures so far available would indicate that there was an exceptionally large vote polled throughout the riding, larger than in either of the contests in 1925 and 1926.

Convicted of Perjury Gets Three Month Term

John Brown, of New Liskeard, was convicted on a charge of perjury in police court on Tuesday and sentenced to three months in jail by Magistrate Atkinson. It was charged that he had made a false affidavit in securing a license to marry a Haileybury girl, giving her age as 18, when in reality she is only 15. Her parents took action in the matter following the ceremony.

R.C.M.P. Constable Takes Charge Here Temporarily

Constable Nelson, of the R.C.M.P., arrived in Haileybury last week-end to take charge of the local office which has been vacant since the departure early this month of Constable Delaney.

Constable Nelson is here only temporarily, so far as he knows at present, but may be stationed here permanently later on. He comes from Windsor, where he has served for some years in the famous force.

The Week's Weather

Week ending July 30th:	
	Max. Min.
Thursday	80 58
Friday	74 60
Saturday	70 60
Sunday	86 61
Monday	83 64
Tuesday	72 52
Wednesday	70 51
Total precipitation	1.05 in.

Forecast for Northern Ontario
Moderate to fresh westerly winds, fair and comparatively cool today and Friday.

How Haileybury People Voted in Federal Contest

Increase in Number of Votes Cast and Returns Came in at Early Hour

A list of the polls with the votes cast at each is given below. It will be recalled that in 1926, when Mac. Lang was elected over Col. E. F. Armstrong, Haileybury gave a majority for the former of 122. This time, with two local men in the running, this was reversed and apparently the vote was cast pretty well along party lines.

Poll	Gordon	Lang
Orange Hall	142	60
Can. Legion	119	80
K. of C.	68	60
Legendre's	161	138
Poppleton's	64	102
Farmer's	41	48
Miller's	43	34
Totals	638	522

Majority for Gordon ---- 116

It will be noted that there were 1160 votes polled, which is an increase of 42 over the number cast in the last Federal election. A strong effort was made by both parties to make sure that everybody had the opportunity of exercising their franchise and there were plenty of cars to take people out. A heavy rain in the afternoon did not interfere seriously with the work, as there was a spell of sunshine later and the streets dried up before the polls closed.

There was little delay in getting the results out and within an hour of the closing time both committee rooms had the figures for the local polls. Shortly after returns began coming in from outside points and at a joint meeting in the K. of C. Hall, messages were received up to midnight. There was a large crowd for the first part of the evening, but this gradually dwindled and only a few stayed for the finish.

Drill Beanland Claims in Temagami Forest Reserve

A program of diamond drilling has been commenced on the Beanland property in the Temagami Forest Reserve, southwest of Goward, on the T. & N. O. Mr. Beanland holds a large acreage in that section, where some discoveries have been made and where there was considerable development done at one time on what was known as the Drummond Mine. Smith & Travers, Sudbury contractors, are doing the drilling and have a machine in operation now.

Visitors from both east and west, as well as many from the south, are coming to the North Country these days. On Monday there was a car here from New Brunswick and one from British Columbia and recently there have been license plates of both Florida and California seen in town.

W. A. Gordon, K. C. is New South Temiskaming M. P.

Turns Liberal Majority of Nine Hundred Into a Substantial Conservative Win; Supporter of New Government

Turning a Liberal majority of around nine hundred, piled up in the election of 1926, into a decisive win for the Conservatives, W. A. Gordon, K.C., one of Haileybury's old residents and a prominent lawyer in the North Country for over 20 years, was elected to parliament on Monday and will represent Temiskaming South in the new government to be formed by Hon. R. B. Bennett. Victory came to Mr. Gordon after a strenuous campaign, in the course of which three Cabinet Ministers of the King Government visited the riding in the interests of Col. Mac. Lang, Liberal candidate and member in the last House.

There was particular interest in the fight in Haileybury, as both candidates are local men and well known throughout the district. With plenty of speakers, there were meetings held in all points in the constituency, which extends over a wide area, taking in Kirkland Lake on the north, Tomiko on the south, Cheminis on the east and Capreol on the west. At almost all polls there were substantial majorities for the Conservative candidate. Cobalt and Kirkland Lake each gave small majorities for the Liberal standard bearer, while Haileybury, New Liskeard, Englehart and most of the other towns lined up in the Conservative column.

While the campaign was warm from the beginning to the last day, there was little bitterness and no personalities. All the questions of the day were discussed without rancor and the issues placed fairly before the electors. The result of the vote was decisive and the newly elected member can go to Ottawa with the feeling that he has the confidence of the people of Temiskaming South.

That the district will be well

represented goes without saying. Mr. Gordon is so well known that anything that may be written or said will only be a repetition of what the constituency has shown by the vote. In his election speeches he made only one promise, to devote his time wholeheartedly to the interests of the people of the North Country, and no one has any doubt that this promise will be carried out.

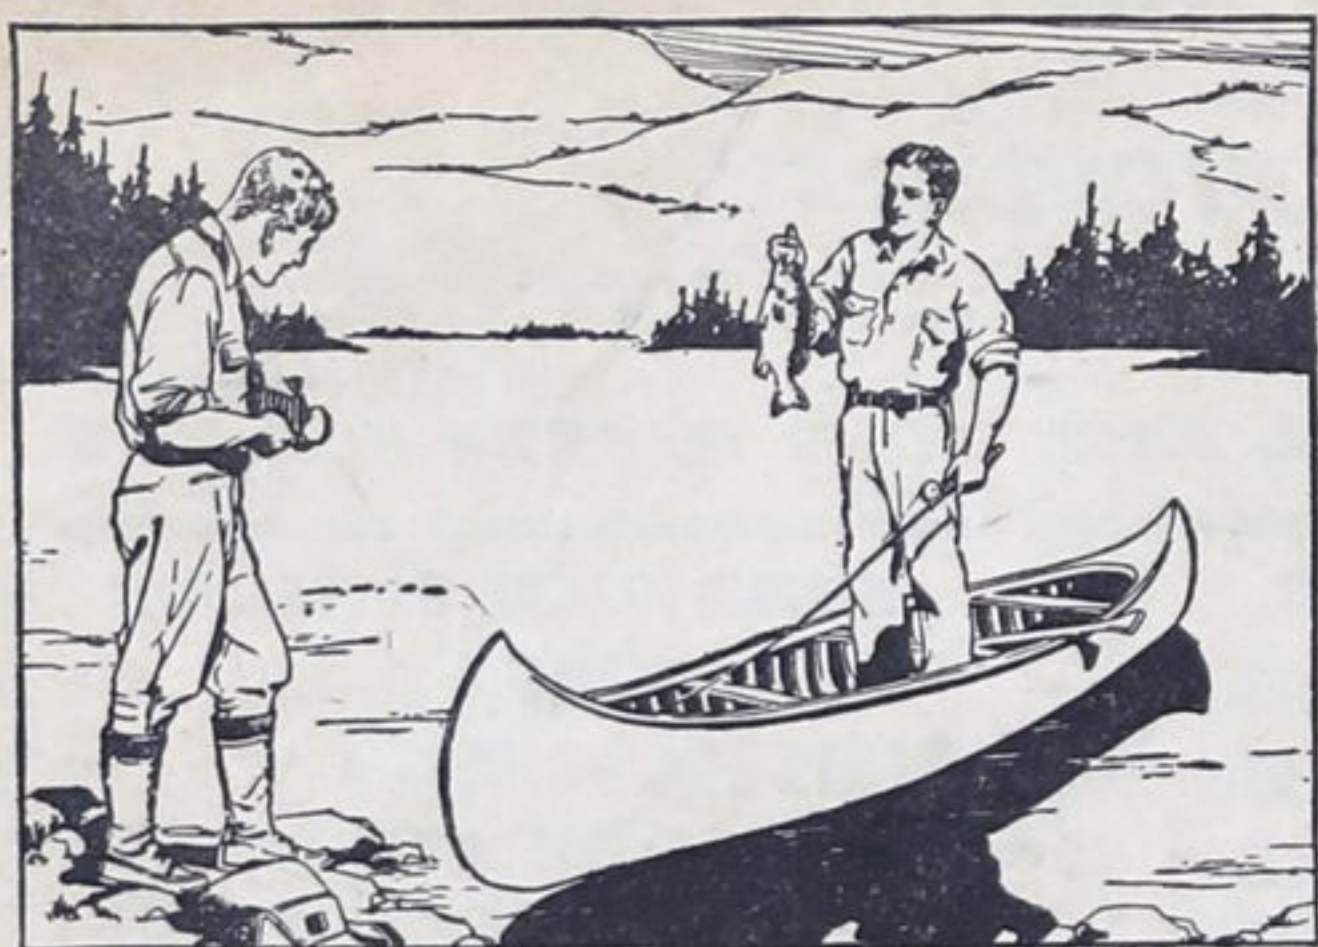

Youth Drowned at High Falls on Blanche River

Swept Away by Swift Current Below Falls; Body Found the Next Day

Walter Groom, aged 20 years, was drowned in the Blanche River, below High Falls, near Englehart on Sunday afternoon, when he got beyond his depth while in bathing and was swept away by the swift current. With two companions, the youth, who lived with his father and two brothers on a farm at Brentha, about six miles from Englehart, had gone swimming during the heat of the afternoon, when the fatality happened. There was apparently no chance to save him as he disappeared quickly in the stream, which flows very fast at that point.

The body was recovered on Monday and the coroner notified, but the circumstances were so clearly accidental that no inquest was held. The funeral of the unfortunate youth was held on Tuesday at Englehart.

September 11th, 12th and 13th are the dates of the New Liskeard Agricultural Society's fall fair this year. The fair will be held at the Beach.
