New Book for Prospectors

The Canadian Geological Survey, Department of Mines, has ready for distribution a volume that should be highly valued by prospectors in particular, and should be favorably received by all others interested in the mineral development of the country.

Final year mining and geology students who contemplate engaging in field work upon graduation will find this work of excellent practical value and because of the standing of the authors, should have no hesitation in using it as a guide in their studies.

The book is not intended to supersede other excellent contributions made by men well known to the mining fraternity of Canada.

Copies of "Prospecting in Canada" may be had from the Director, Geological Survey, Department of Mines, Ottawa, at a cost of fifty cents each.

The Brokers' Sentences

Local mining men are bitter in their expressions of disapproval of the action of the courts in allowing two of the brokers, prosecuted recently for infractions of the Security Frauds Prevention Act, to get off with fines.

"Bucketing can only be practised on margin trading. These brokers admitted to taking an initial payment of 33 1-3 to 50 per cent. of the value of an order placed with them for the purchase of stock, placing the money or security so given them by the customer in a bank for their own use; charging the customer a commission for a purchase which they did not execute, charging the customer interest on the unpaid balance of the supposed purchase price, and if the stock dropped in value, which generally happened owing to the class of

Card of Thanks

I wish to publicly express my appreciation of the good work done by the Haileybury firemen on Monday morning, when my store on Georgina Avenue was on fire. They responded promptly to the alarm, worked hard while the fire was on and prevented a very much greater loss.

Boy Candidates Seek Support in Coming Contest

Address Trail Rangers of the Three Towns at Meeting Here Tuesday Night

A joint meeting of the Trail Ranger boys from the three local towns was held on Tuesday night at the United Church here.

Fred. Smith presided over the meeting which consisted of some 75 boys, ranging in age from 10 to 15 years. Lors Carlson, of Haileybury, and Jack Stevens, of New Liskeard, candidates for the Boys' Parliament for the District of Temiskaming, put forth their platforms to the boys

and both spoke clearly and well. The coming election is to be held a week from Saturday, Nov. 22nd, and in remarks at the end of the speeches, Rev. Smith asked all the boys that possibly could, to turn out and vote on election day. Everybody joined in the hymns which were shown on the screen with lantern slides by Mr. J. A. MacArthur, while Rev. D. A. MacKeracher accompanied on the piano.

After both boys had spoken, a dainty luncheon was served by members of the two C. G. I. T. groups, under the supervision of their leaders, Miss Playfair and Miss Lang. A vote of thanks was tendered to the girls by one of the boys for their kind services. The meeting closed with the benediction.
