

## Rotarians Have Fraternal Visit From Kiwanians

Service Clubs from Two Towns Foregather Here for Their Weekly Luncheon

On Monday of this week the Haileybury Rotary Club was host to some 41 members of the New Liskeard Kiwanis Club at the regular weekly luncheon in Hotel Haileybury. There were over 20 of the local men present, making a really jolly crowd and the gathering was heartily enjoyed by all.

Following the luncheon and the regular business of the local club, the visitors were tendered a hearty welcome by the president, Alf. Brian, and the meeting was then turned over to Len Hill, the president of the sister organization in New Liskeard. Mr. Hill spoke briefly of the pleasure which the joint meeting gave the members, both on this and other occasions, and of the service the clubs were rendering to their respective communities.

Joe. Beamans, of the Liskeard Club, gave an address on the work which the service clubs were doing for the general benefit of the towns and district, showing that their aims and objects were similar and that they could at times work together to the best advantage of all. The main theme of his talk was "Service", as it is the main object of both organizations, and he made it very interesting to the gathering.

A. G. Kirkpatrick, a past president of the Rotary Club, gave a brief address along similar lines, adding his welcome to the visitors and his pleasure in working in conjunction with the men from the sister town. W. Lickley, well known New Liskeard singer entertained the gathering with a solo, and the usual community singing served to make the meeting a very enjoyable one.

### Got Two Hundred Pound Deer Near the Ferguson Highway

Lorne Berry and Jack Gordon two Haileybury boys, got a fine deer last week near the Ferguson Highway about four miles below Granite Lake. They had followed it through thick bush for a considerable distance, but were finally successful in making a bag. It is claimed that it weighed over 200 pounds, but the boys found it necessary to cut up the carcass before bringing it home.

## Mrs. Somerville Still in Hospital After Injuries

Expected She Will Be Able To Return Home This Week; Doctor Recovered

Mrs. Dr. Somerville, who with the doctor was injured in a motor accident on the Ferguson Highway on Sunday, is still in the North Bay Hospital, where she was taken following the crash and where Dr. Somerville was also a patient for a day or two, although less seriously injured. It is expected that Mrs. Somerville will be able to return to her home about the end of the week, friends here state. The doctor is remaining in North Bay until Mrs. Somerville recovers.

With their small daughter, Wilma, Dr. and Mrs. Somerville left on Sunday morning to drive to Toronto, where the doctor planned to attend a banquet given by the Dental Association. About 32 miles this side of North Bay the mishap took place, when their car and one driven in the opposite direction by J. T. O. Legault, of that city, sideswiped one another. The Somerville car toppled over into the ditch, with Mrs. Somerville and the little girl inside, and took fire. In breaking the glass in the door in order to release his wife, Dr. Somerville suffered a rather bad cut on his wrist. With the help of the driver and a passenger in the other car, the doctor was able to release Mrs. Somerville from the burning vehicle before she was seriously injured and the little girl was not hurt. The car burned up and is a total loss.

Shortly after the accident Mr. and Mrs. O. I. Thorne arrived on the scene on their way south and took Wilma with them on to Toronto. Mrs. Somerville and the doctor were rushed to North Bay with all possible speed and both were admitted to hospital. Dr. Somerville was able to leave the institution after a couple of days. Mrs. Somerville suffered badly from the shock, in addition to her injuries, but is making a good recovery, her friends here say.

It is acknowledged to be the finest picture she has ever made?

## T. & N. O. is Watching the Matachewan Situation

When asked if the T. & N. O. is disposed to consider the proposal to build an extension to the Matachewan gold fields, Geo. W. Lee, chairman of the Railway Commission, said Chief Engineer S. B. Clement and J. A. Cole, mining engineer, are acting under instruction from the Commission to keep in close touch with the situation. Further than that he had nothing to say on the subject. Mr. Lee gave further evidence of his unlimited faith in Northern Ontario's future by

saying that it was not amazing to him that valuable finds were made in the Matachewan area.—North Bay Nugget.
