

Cobalt Juniors Win from Locals 7-2 on Tuesday

Morin Gives Great Display When Miners Grab the Opening Game at Silver Town

A new team in new uniforms represented the Haileybury group champions in the opening game of the Junior N.O.H.A. series in this district, played in Cobalt on Tuesday night, and won by the Silver City outfit by seven goals to two. Only two of the locals had ever appeared in N.O.H.A. games before, Elliott and Burton having made appearances in the roles of alternates last season.

Cobalt were full value for their victory, but the Haileybury team never gave up trying as the score mounted against them. The boys gave all they had, they were willing enough, they showed lots of promise, but they lacked experience. The lads were inclined to roam considerably, being often out of position, but this fault can be remedied, and, anyway, Cobalt showed something of the same tendency at times.

The victors trotted out four of their last year's team, their regular forward line of Nadeau, Morin and Carbonneau all having played before, as had also McCarthy in goal. In this respect, Cobalt had a distinct edge, especially in Morin, who was quite the best player on the ice and who scored four times himself on solo efforts. He picks the right corner of the net each time. Carbonneau got two and shared in Nadeau's effort that made up the total.

For Haileybury, Elliott ran in the first goal on a pass from Provost, after the two had shown one of the few combination efforts attempted during the evening. Page got the other tally in the third period on a long shot from the left. Cobalt led, one to nothing at the end of the first period, and were in front, four to one when the second intermission came. Morin got three goals in succession, two in the second and one to open the third stanza.

Five penalties were handed out during the evening, three of them to Cobalters, but all for minor offences. The ice conditions were all against good hockey, overskating being frequent and combination almost an impossibility in the circumstances. The thermometer outside stood at one degree above freezing point, something unique in this section for the early part of January, yet the pace maintained during the game was surprising fast.

The line-up: Cobalt—McCarthy, goal; Jackson, O'Shaughnessy, defence; Carbonneau, centre; Morin, Nadeau, wings; Brezenski, Clark, Thorne, Saumier, alternates. Haileybury—Burns, goal; Lacarte, Provost, defence; Elliott, centre; Day, Burton, wings; Valentine, Sutherland, Page, McLauclan, alternates. Referee—Bert Ough, Liskeard.

HOCKEY COMMENT

Local supporters who travelled to Cobalt on Tuesday night and saw the Haileybury Juniors defeated in their first start of the season, returned in a highly optimistic frame of mind after their first glimpse of the County Seat's 1932 Junior squad under fire.

Considering the fact that the team is almost wholly a new line-up, only two of last year's lads being available to give the balance of experience so desirable, and in view of the few practices they have had because of unusually warm weather, it was felt that the squad showed plenty of stuff and will give a good account of themselves this season.

The Senior team, under the management of the Fire Department, drew heavily on Haileybury's prospective Junior line-up this year and for a while it appeared that the town might not have a Junior team at all. It was felt by a number of hockey supporters, however, that it was unfair to the Juvenile players developed in the Juvenile leagues of the past few years, to dispense with a Junior entry this year, as well as being poor policy because Junior teams of future years would feel the effect of one year's gap in building up material. The club, therefore, was organized and is practically starting from scratch. With a new line-up and only a few practices, Coach Fred Austin is developing a very creditable team and Tuesday night's

game was valuable in showing up weak spots which will be given attention. Only in the first period of the game was decent hockey possible, because the ice was very slushy in the last two frames, but in the opening period the Prospectors played a short passing game that gave them more than an even break on the play. The superior weight of the Cobalt aggregation told heavily on the sloppy ice in the final periods, when combination was out of the question.

Kirkland Lake Juniors will make their only scheduled appearance here on Saturday night, four points in the league standing being at stake. It is hoped and expected that there will be a big crowd on hand to boost for the Prospectors in their first home game of 1932.

Morin, Cobalt's flashy left-winger, gives promise of being the league's Junior sensation before the season is over. Fast, tricky, tireless and with the ability to shoot from any angle, he was the standout of Tuesday's game. "Too much Morin" explains Haileybury's defeat in a nutshell.

Burns stopped dozens of shots at the Haileybury net and checked in a mighty good game. In the last period the Prospectors were caught flat-footed when the defence players got up beyond the Cobalt blue line and three Cobalt players broke away while Burns was pounding on the ice with his stick, demanding protection. They came all the way down without opposition, closed in on the Prospectors' goalie and a counter seemed inevitable. He smothered Thorne's shot from a few feet out and stopped two more from close in before Haileybury relieved.

Page grabbed Haileybury's second goal within a moment of climbing out of the penalty box. He picked up a loose puck just as he hit the ice and drilled an ankle high shot that beat McCarthy cleanly.

The Prospectors' combination had Cobalt bewildered in the first few minutes of the game, while the ice was in shape. They beat the Cobalt goalie within two minutes of the opening bell, but the play was called back.

What Haileybury lacked in experience they made up in fighting spirit. They are as game as any Junior squad that ever stepped out under the County Seat banner.

A small fire in the new rink at New Liskeard created some excitement in that town on Tuesday but the damage was trifling, being confined chiefly to a door that had to be forced open. Defective wiring is believed to have been the cause of the motor which runs the refrigerator in the refreshment stand burning out, and so much smoke arose from the burning rubber-covered wires that it looked like a serious blaze and the brigade were called out.

FRY PRODUCTION OF BASS REACHES LARGE NUMBERS

(Continued from Page 4) to capture the fry in the Hehen fry trap at the time they rise from the nest and begin to swim around the shore. In this way 66,788 advanced fry were taken from the pond on June 7 and 8 and transferred to rearing ponds. The brood fish and the remainder of the fry were allowed to remain in the pond throughout the summer.

"The pond was drained on Sept. 29th and all fish removed. These included 7,867 fingerling bass, 24 adult bass, 18 adult shiners and 405 fingerling shiners. This is a production of approximately 9,800 fingerling bass per acre.

"The results of carefully checked experiments at Fairport during the last two seasons are declared to indicate that at a very conservative estimate not more than 50 per cent. of the fry remaining in the pond could have survived until fall, and in all probability the actual percentage of survival was considerably less. On the basis of 50 per cent survival, 15,734 fry were left in the pond after 66,788 advanced fry had been removed in the spring. This means that there were at least 82,500 advanced fry produced in the pond, an average of 5,500 fry to each female brood fish."

2-Goal Shutout; Liskeard Seniors Defeated Cobalt

Tidy Struggle on Soft Ice Marks Opening of N. O. H. A. Group Schedule

Liskeard Seniors opened the Central group schedule in their new ice palace Monday evening, taking a 2-0 victory over their Cobalt rivals, after a tough tilt on soft ice.

Almost fifty of the sixty minutes were scoreless, due to the tireless backchecking of both aggregations. Numerous threats in the first frame were neatly turned aside, while the pace was slowed up considerably in the second canto, due to the condition of the playing surface.

To young "Bill" Hendry goes the credit of winning the battle for his team. Last year's Junior right winger grabbed a rebound about midway in the last frame, when Southall was out of position and slipped the disc into the net. He also got the second counter on a smart shot from between two defence men, which had the Cobalt goalie beaten all the way.

For the winners Hendry and Bill Gagnon, former wingmate of Gordy Spence on the South Porcupine team, were outstanding, while "Shorty" Moore, another player just out of Junior ranks, was most effective for the losers.

The Liskeard Seniors are billed to open the season here tonight, if the weather takes a turn for the better, in a hockey sense. It is expected that this will be a lively tilt, and Jack Wilder's lads are confident of taking the Liskeard crew into camp.

The line-up on Monday was: Liskeard—Gibson, goal; Monty and Claude Nightingale, defence; Johnston, centre; Hendry and Gagnon, wings; Anderson, Donoghue, Jones, Woods, alternates.

Cobalt—Southall, goal; Allen and Nolan, defence; Wright, centre; Keen, Moore, wings; Stesco, Poisson, Thibeault and Rowe, alternates.

More Golf Records Broken On New Year's Day Here

Since reporting last week that Mr. and Mrs. A. L. Herbert had played a round of golf on Christmas Day, we learn that Mr. and Mrs. R. P. Teare had a most enjoyable round on Wednesday, December 30th, 1931.

Then on Saturday it was learned that Miss Marjorie Briden, M. E. Storms and Edward Hincks played a round on New Year's afternoon, leaving the course when it was getting dusk, and in a short while snow commenced to fall, probably ending the golf until some time in May.

Kirkland Sportsmen Form Protective Association

The formation of a fish and protective association for the Kirkland Lake-Larder Lake district was decided on at a recent meeting of the sportsmen of that section, held at Kirkland Lake.

For the past couple of years, since the Temiskaming Association was formed, they have been members of that body, but consider that they can best serve the district through a separate organization.

Their membership fee has been fixed at \$1.00 per year, the same as the Temiskaming Association, and they expect to have a membership of 300. The officers are: President, Louis Geizer; Vice-President, M. G. Hunt; Secretary and treasurer, Fred Browne.

TOWN OF HAILEYBURY

Tenders for Waterworks

Sealed Tenders, marked on the outside as to contents and addressed to the Town Clerk, will be received up to 12 o'clock noon on **Wednesday, Jan. 20th, 1932**, for the installation of a Water Main from the Town Reservoir to Browning Street. The main will be an 8" pipe, placed and covered to a depth of 6 feet, for a distance of approximately 1000 feet. The pipe will be supplied by the Town of Haileybury and placed and covered by the contractor under the supervision of the Town Engineer.

An accepted Bank Cheque, on a Chartered Bank of Canada, for a sum not less than 10% of contractor's tender, and made payable to the Town of Haileybury, must accompany each tender. The lowest or any tender not necessarily accepted.

Revolver Club Will Shoot for Championship

Local Sharpshooters Decide to Enter Dominion Contest; Teams Picked

At a meeting of the Haileybury Revolver Club on Monday night, it was decided to enter one team, and possibly two, in the Dominion Rifle Association revolver competition, in which marksmen from all parts of the country will compete. Five teams were drawn in a club competition, the winners of which will compete for the Dominion championship, and a schedule has been drawn up. Each competitor will fire 30 shots at 20 yards, 10 to a target, and an entrance fee of 10 cents has been fixed. From this, small prizes for the winning team will be purchased.

The following is the list of teams, the first named to be captain in each case. Captains are requested to get in touch with R. Bertrand, president of the Club, to ascertain on what evenings they are drawn to shoot. The captains will be responsible
