

### Final Game In Elliot Contest Is Still to Play

Liskeard and Haileybury Rinks Will Fight It Out When Ice Is Available

The resting place of the Elliott Cup for the summer months is still in doubt, as that contest, played annually for the benefit of the Children's Shelter, reached the finals just as the mild weather spoiled the ice on both the Liskeard and Haileybury curling rinks. The game was billed to take place on Haileybury ice this evening, had that been possible, but an inch or two of water has intervened.

A rink of the New Liskeard club and one of the local club are in the finals. Wat. Thompson represents the farming town, while Geo. Sutherland is the Haileybury skip. In the semi-finals last week each of the winners faced a rink from the opposing club, a condition that was arranged as nearly as possible throughout the contest. Thompson defeated Roy Thompson, of Haileybury, to enter the finals, while Sutherland's victim was F. Goddard, of New Liskeard.

At the beginning of this week a Veterans' contest was arranged, with a number of rinks entered and play to commence on Monday night. The mild weather prevented the start, and only a considerable change in temperature can make it possible to carry out this competition.

### GENEROUS DONATIONS FROM MANY CITIZENS THANKFULLY RECEIVED

The local fire brigade, the members of which handled the Junior hockey team during the present season, have asked us to acknowledge with their sincere thanks, the many generous donations of the citizens, which made it possible for the boys who made such a splendid showing in the league, to have a trip to Toronto last week.

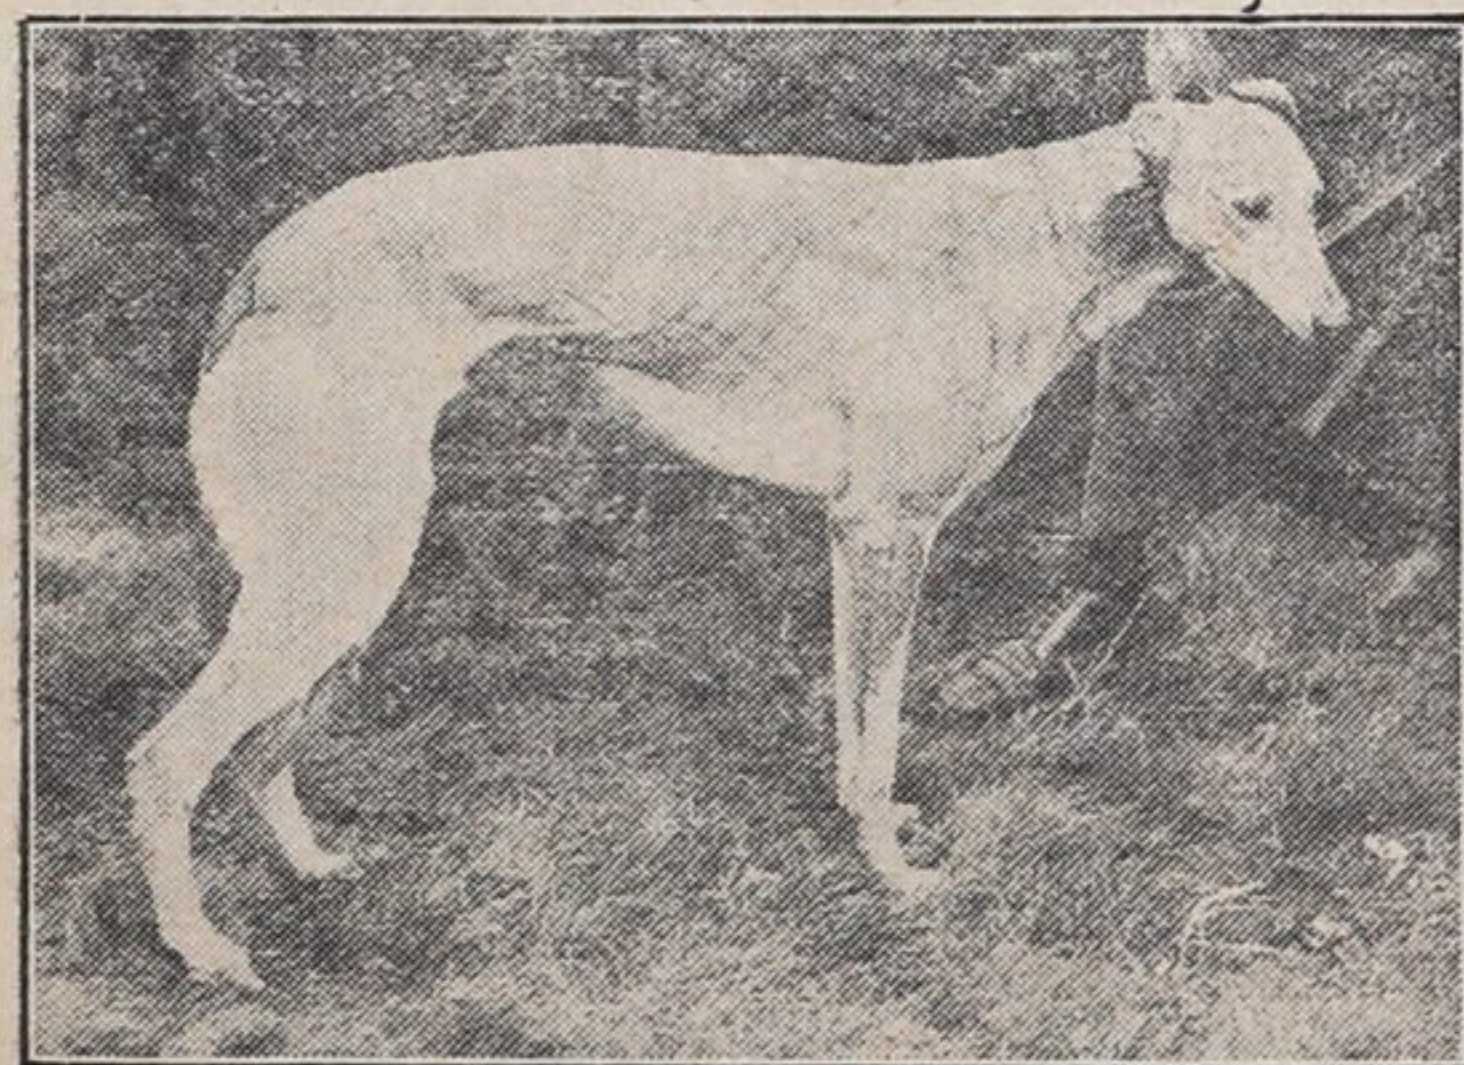

Haileybury people were justly proud of the Junior team this year and were liberal in their provision of the necessary funds to give the boys the trip. They went to the city late last week, where they were able to see the games between the Soo Greyhounds and Niagara Falls, and all enjoyed the visit.

### PRESENT PARLIAMENT FIRST TO BE OPENED BY NATIVE CANADIAN

The present session of parliament sets one precedent inasmuch as for the first time in history the ceremonies were carried out by a native-born Canadian. It was to Rt. Hon. Lyman P. Duff of the Supreme Court of Canada, as acting Administrator of the Government, that the distinction of opening Parliament fell in the absence of a Governor-General. It has quite frequently happened that sessions have been prorogued by Chief Justices of the Supreme Court but it has never been called into session except by a Governor-General. On the present occasion Chief Justice Anglin is in the South on sick leave and Mr. Justice Duff replaced him.

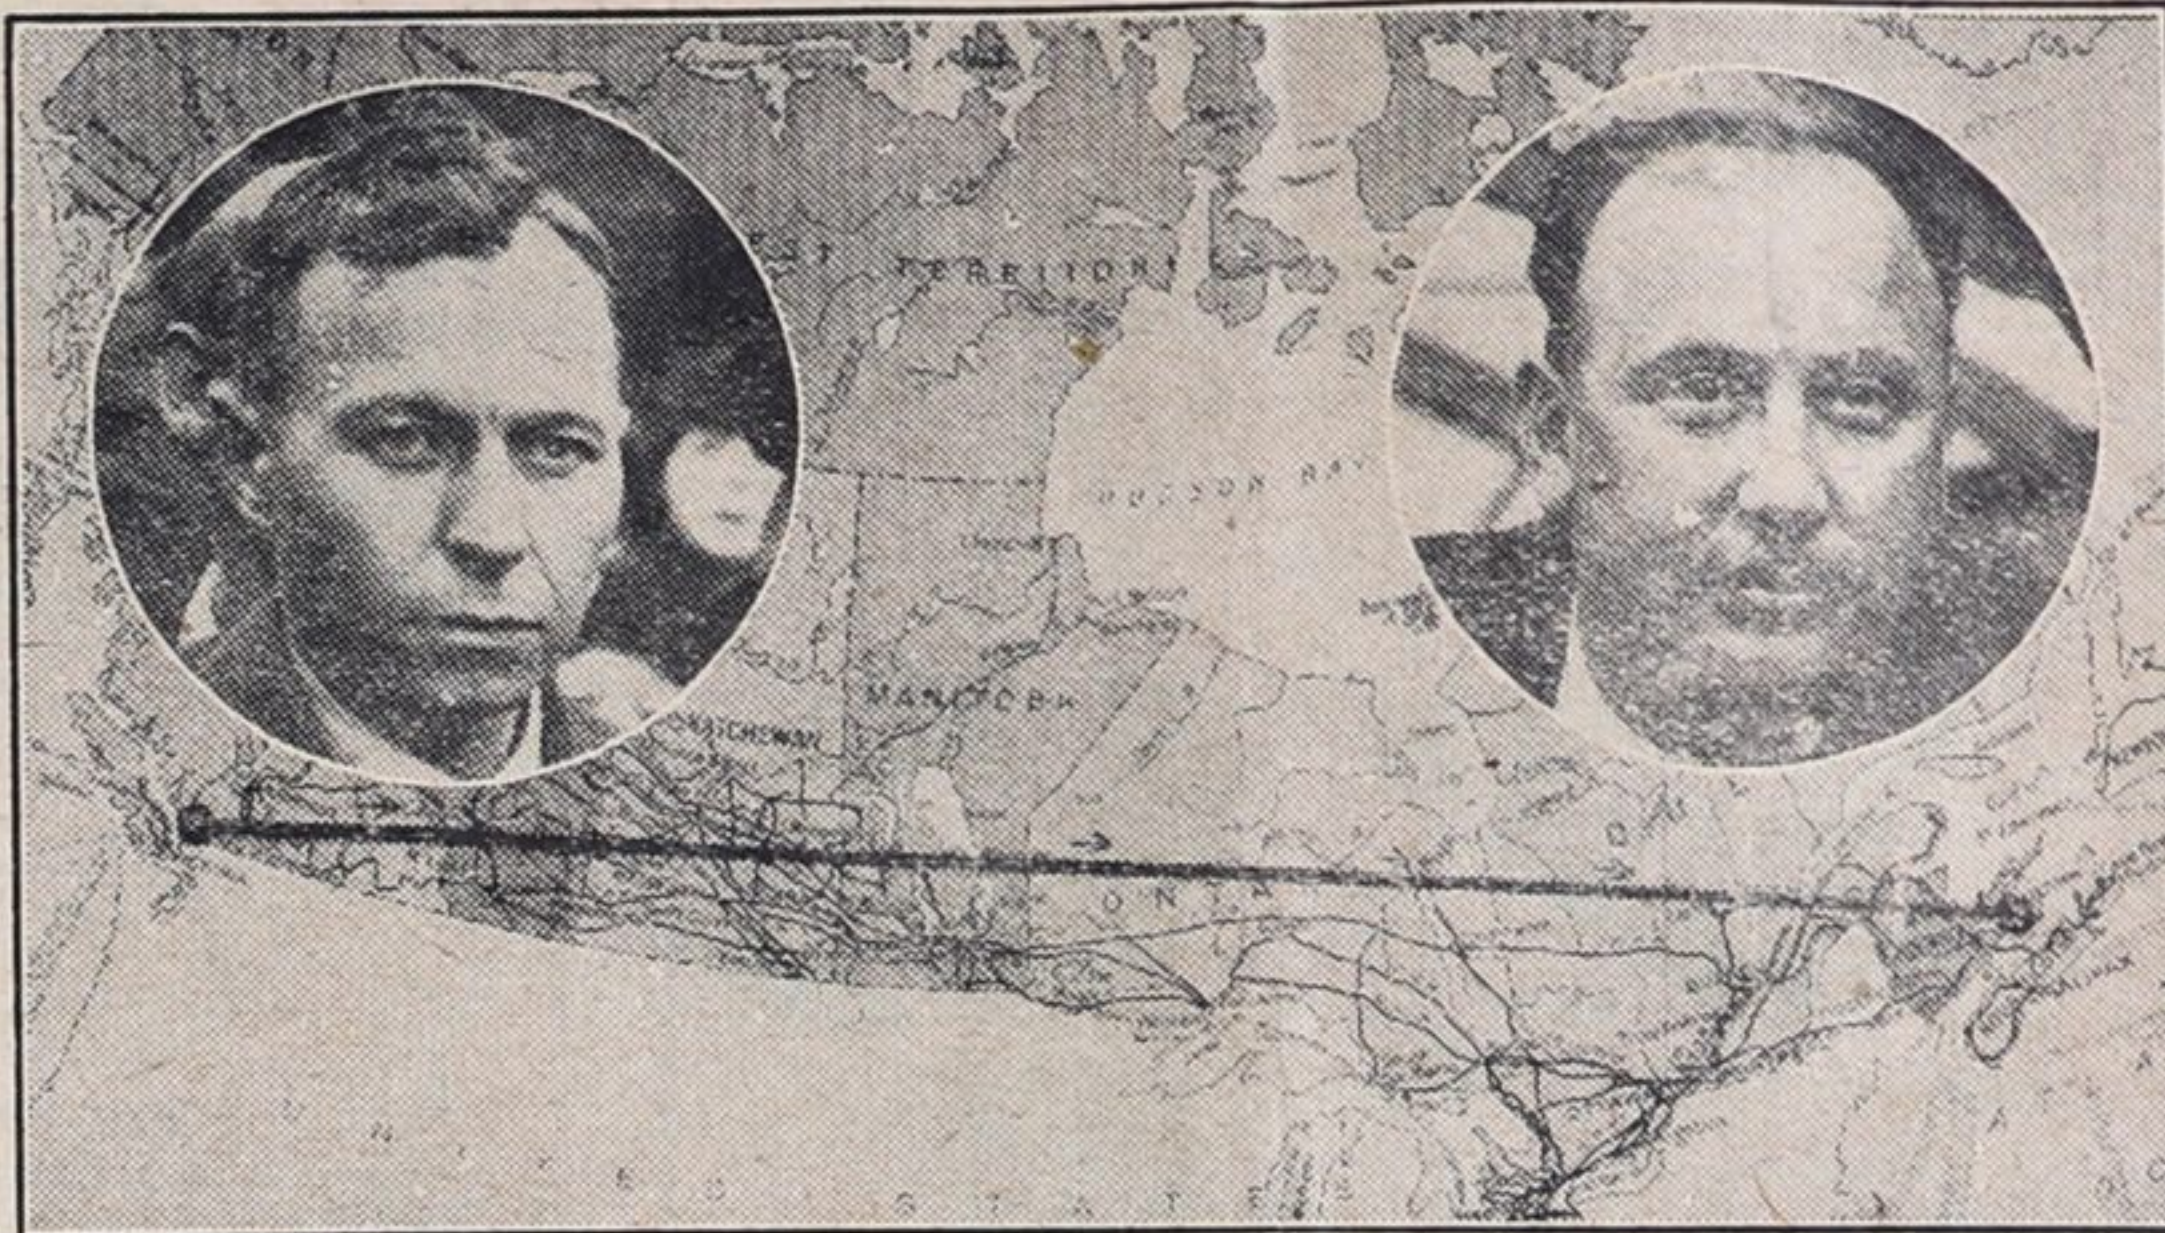

The too slow automobile driver will be subject to a fine, as well as the speeder, under an amendment to the Highway Traffic Act, which provides a penalty for anyone "driving so slowly as to impede or block the normal and reasonable movement of traffic."

### CANADIAN TRANSATLANTIC CONQUEROR TO TRY CONTINENT NON-STOP FLIGHT

Errol Boyd, intrepid airman, who conquered the Atlantic Ocean last year in a non-stop flight, has decided to try and fly from Vancouver to Charlottetown—Pacific to Atlantic—in one long hop, Boyd will make the attempt in June and it is expected that Navigator O'Connor, who guided the Canadian over the Atlantic to England, will fly with him again on the new venture. The pictures above show the line of the proposed flight, with Errol Boyd (right) and O'Connor (left).

### Sport Notes

When Niagara Falls Juniors captured the round from Soo Greyhound Juniors on Monday evening, 8-7, it was felt by many observers that the Cataracts had made a great stride toward the Memorial Cup, emblematic of the Dominion championship, but the Ottawa Primrose team rose up as a distinct obstacle last evening in the Capital, taking the Gene Fraser crew for a white-washing, 4-0, and seemingly got a strangle-hold on Eastern Canada honors. The return game will be played in the Toronto Arena on Friday night.

Truro Bearcats and the winners of the McGill-St. Francois Xavier series will meet in Senior hockey playdowns for the right to meet the winners of the Hamilton Tiger-Ottawa series for the right to represent Eastern Canada in the Allen Cup finals, which will be played in Winnipeg on March 30th, April 1st, and if necessary, April 3rd. Hamilton eliminated the Sudbury Wolves Monday evening, winning the round 7-1. Truro are Maritime champions, although deprived of three of their best players, Jemmett, Shields and Sargent, all with N.O.H.A. teams last year, and who did not move in time to comply with the residence rule.

The North Bay Trappers have challenged for the new Binkley Cup, but the challenge will have to wait until Haileybury and New Liskeard Juniors settle the disposition of it. Their game was billed for last night, but the soft weather had played havoc with the ice in the arena here and the tilt had to be postponed.

### Urge Bonusing to Settlers For Clearing of Land

(Continued from Page 1) mont, who used to live in Haileybury, is president of the Cochrane Board of Trade and is always active in matters for the public good. The gentlemen will be introduced to the Cabinet Ministers by A. V. Waters, M.P.P. for Cochrane.

The method of bonusing which will be urged on the government will provide for the payment of \$5 per acre for slashing, \$10 for burning and \$10 for grubbing, clearing and otherwise preparing the land for crops. It is pointed out that in Quebec a somewhat

similar system is already in force two payments of \$12 each per acre being received by the settler when his land is cleared. It has been estimated that the amount of money required to pay these bonuses under present conditions in the North would be approximately \$200,000 annually.

The northern men have examined the proposal from all angles and have come to the conclusion that the payments asked would not entail any extra expenditure from the government's funds. They have the opinion of road engineers that that amount could be saved in their operations, if it were not necessary to employ settlers at times when the cost of road work is at its highest. They point out that if all hauling of gravel was done by trucks in the summertime, a great saving would be effected. Under the present system the farmers are employed in the winter with their teams in this work and in many cases the gravel is hauled great distances by the slower horse method. This point of view will also be impressed on the Ministers, when Messrs. Lacasse and Clermont have their interview, which it was expected would be today or tomorrow.

The old question of the size of the settler's lots will also be taken up by the delegates. The fact that only 80-acre lots are now allowed as homesteads has been a bone of contention for some years, and another effort is to be made to have the former system of 160 acre lots restored.

### HELP THE NEEDY

The local corps of the Salvation Army is again appealing for help in the form of used clothing for some needy families in Haileybury and the district. Any article that can be spared will be thankfully received and will be sent where they are urgently needed. Citizens are asked to do what they can in the way of assistance. A call to Lieut. McFarlane will be greatly appreciated.

### O. C. of Algonquin Rifles Inspects Local Company

Col. Geo. E. Cole, officer commanding the Algonquin Rifles, was in Haileybury last week and held an inspection of the local company of the regiment at the armories. There were 20 men of the regiment present, under Major Eplett, with 14 signallers, who have recently completed the course in that branch. Capt. R. Bertrand was in charge of the signallers for the parade. Col. Cole expressed himself as greatly pleased with the way in which the company is carrying on.

### ORE SHIPMENTS

During the period from February 14th to March 13th, mines of Cobalt shipped a total of 13 cars of ore, according to the statement issued this week by the T. & N. O. Railway. The total weight in pounds of the ore is given as 1,065,755. D. L. Jemmett Limited was the heaviest shipper for the period, sending out four cars. The Mining Corporation and the Nipissing each shipped three cars, the O'Brien two and the Temiskaming Test. Lab. one. Five cars were shipped to St. John, four to Delora, two to Marmora and one each to New York and Boston.

MINING CLAIM HOLDERS DEPARTMENT OF MINES NOTICE To Holders of Mining Claims in Ontario Not Yet Patented or Leased Notice is hereby given to holders of mining claims, wheresoever situate, upon which the Minister of Lands and Forests under the authority of the Mining Act, or where permission to do the work has been given under conditions and limitations designed to protect the timber, THAT under the Forest Fires Prevention Act, 1930, they are required to apply to the District Forester in the District in which the land is situate for a permit to perform such work, and that failure to apply for such permit or upon issue of a permit to perform such work, and the work prescribed by the Mining Act, will subject their claim to cancellation. The time for performing and recording the said work is extended by Order-in-Council to and including the 15th day of November, 1931. If the work is so done and recorded, the time for computing the date before which further work upon the claim is required, will be computed as from the said 15th day of November, 1931. The name and address of the District Forester to whom application for such permit should be made, may be obtained from the Recorder of the Mining Division in which the claim is situate. A miner's license in the name of the applicant, or due renewal of the same, must accompany the application and the number or numbers of the mining claim or claims must be clearly stated. T. F. SUTHERLAND, Acting Deputy Minister of Mines. Toronto, December 9th, 1930.
