

**TOWNSHIP OF COLEMAN
WILL NOT UNDERTAKE
PLOWING OF HIGHWAY**

The council of the township of Coleman, at its meeting on Monday night decided that in future the municipality will not undertake the plowing of the highway between Cobalt and New Liskeard, as they have done for the past two or three winters. Accounts kept of the work during the past winter showed that, while it cost \$7.00 per hour to operate the big snow plow, the return had only been equivalent to \$5.00 per hour. It was felt that it was not fair to ask the ratepayers of the township to shoulder burden, and a resolution to the effect that in future the plow would only be used within the municipality was passed, with the proviso that the Ferguson Highway through the town of Cobalt would be included in the winter's operations.

**Canadian Apples Are Now
Finding Market in Egypt**

The market for Canadian products, particularly apples, is ever widening. Recent reports indicate that a potential market of considerable interest to Canadian growers is available in Egypt. Canadian apples are being well received in the Cairo market, selling at around \$4.88½ per box. They have not only won recognition as the best apples coming on to the Egyptian market, but apparently they can be laid down there at a price which makes them more attractive than other fancy pack importations from the United States.—Dominion Department of Agriculture.

**LAST CHANCE TO GET
FREE HAILEYBURIAN IN
ICE GUESSING CONTEST**

Readers are reminded again that this is the last week of the Haileyburian's ice guessing contest, the closing date being April 12th. All entries received before that day, or letters postmarked up to that day, will be accepted. All are familiar with the rules by now and all know the nature of the prize, a year's subscription free for guessing the correct date of the ice leaving Lake Temiskaming. The necessary coupon for entering the contest will again be found in this issue, but do not delay longer than Saturday.

From the guesses already received, it appears that there is a general belief that there will be an early opening of the lake this year. The warm weather this week appears to have really brought the spring season and it is quite possible that the ice may be gone before the end of April. There is no possibility, however, of it going earlier than the previous record date, April 12th.

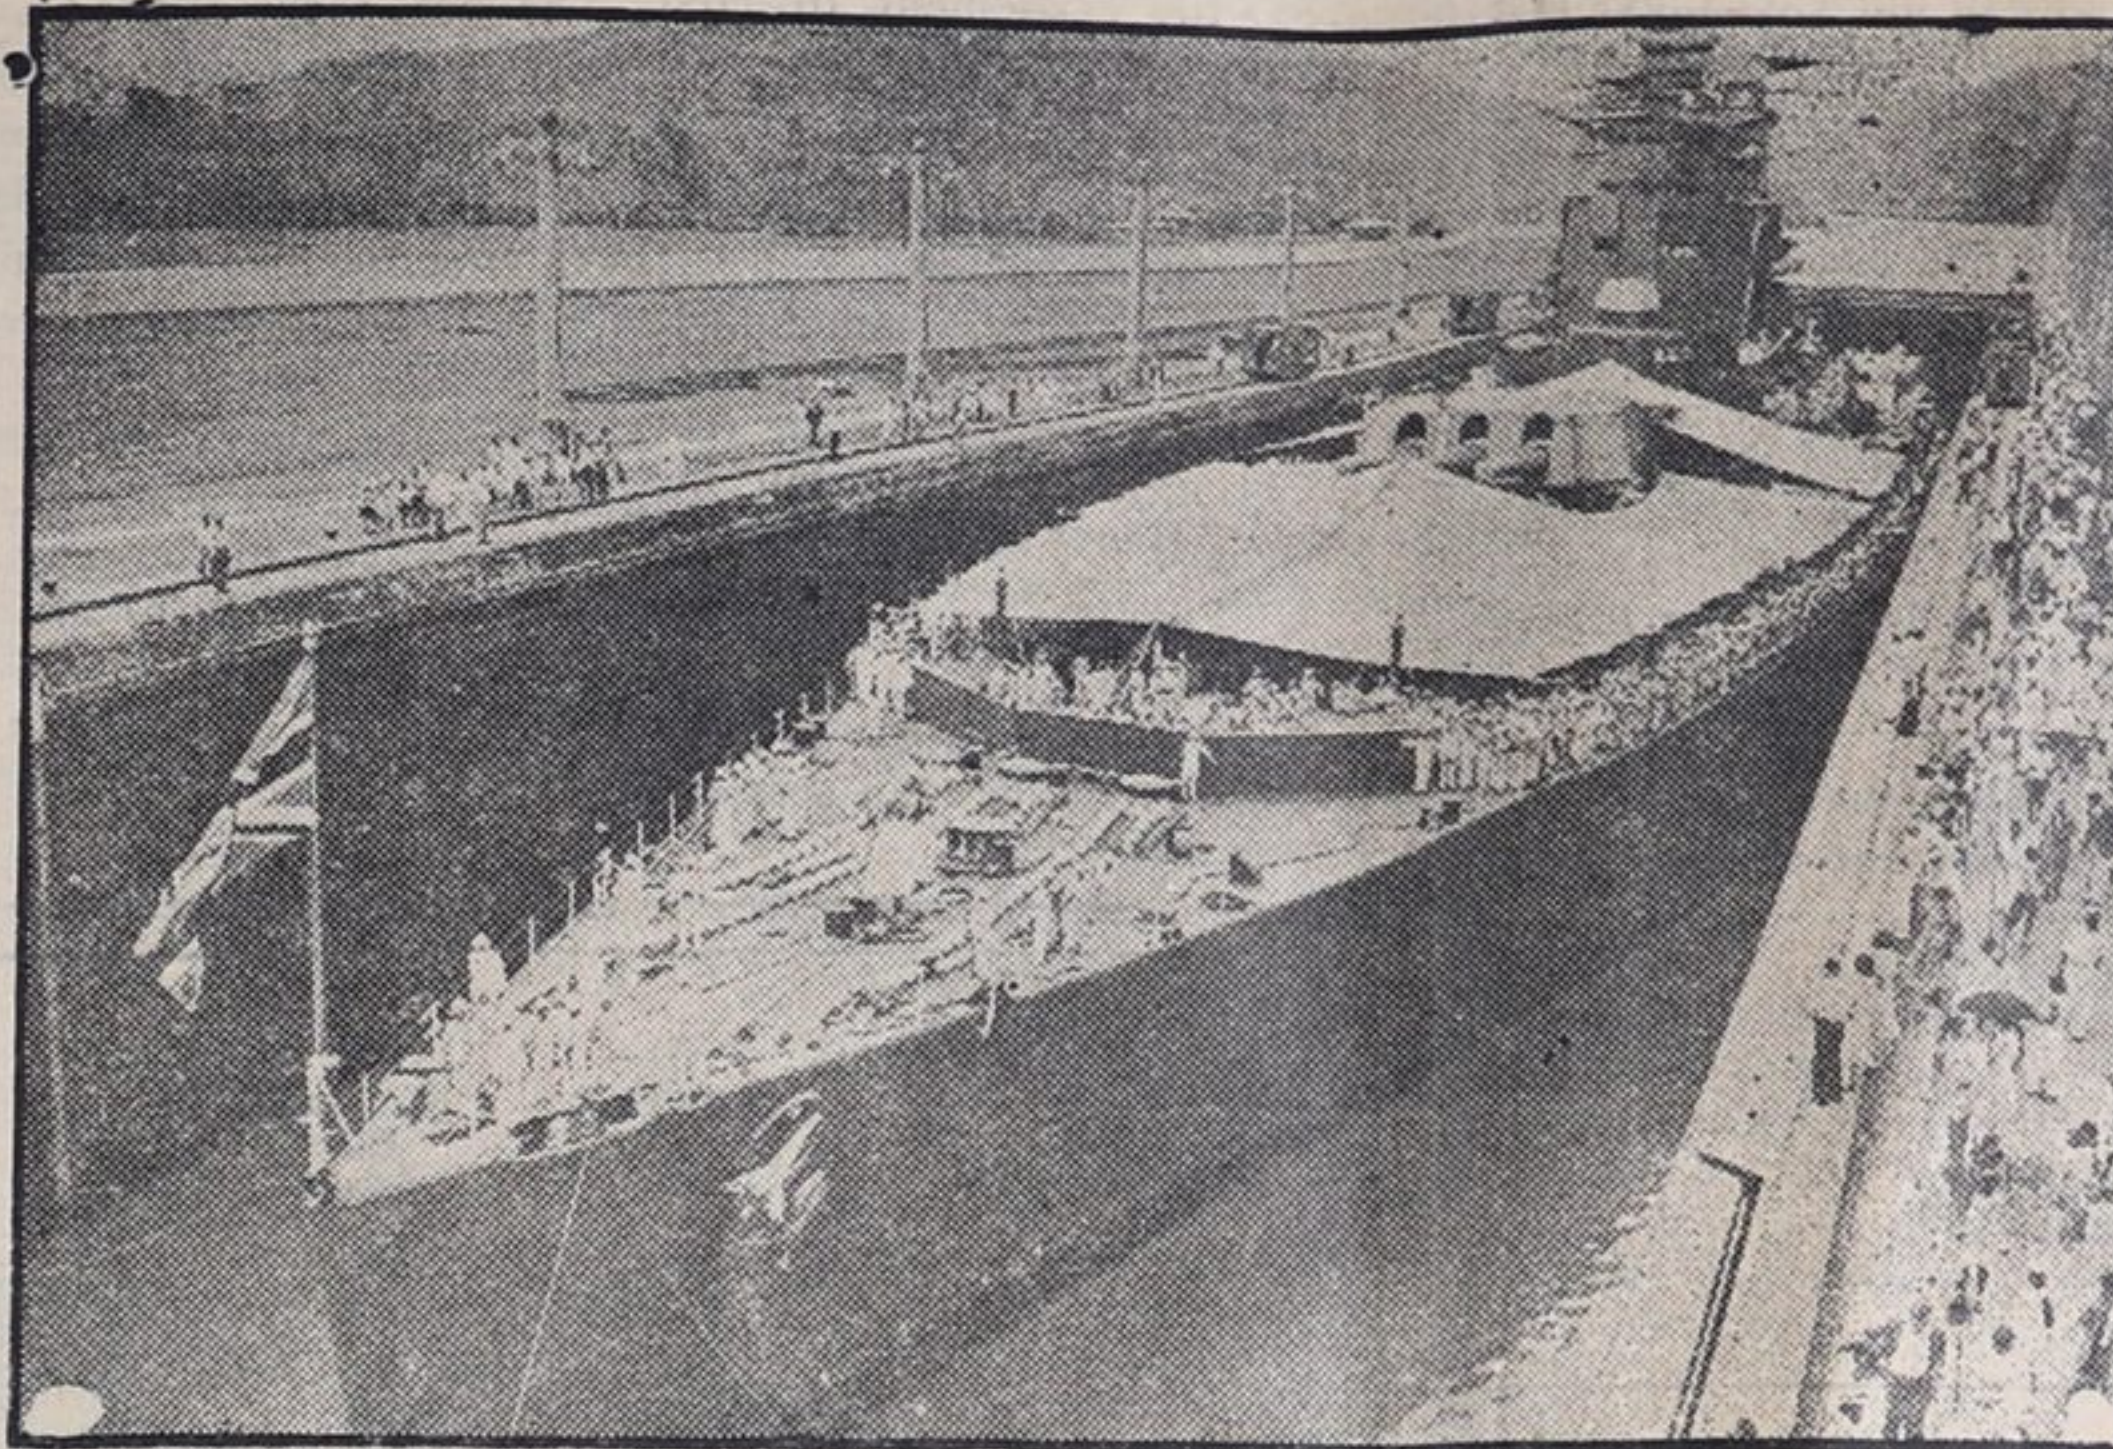

COUPON

My guess is that the ice will be out of Lake Temiskaming on

NO ROOM TO SPARE

When the world's largest battleship, H.M.S. Nelson, of the British Fleet, passed through the Panama Canal recently to make a formal visit to the United States fleet, then lying in Pacific waters, so close was the squeeze that the sea giant scraped the sides. The huge vessel is shown above when it passed through the Pedro Miguel Locks.

Canada's new Governor-General the Earl of Bessborough, with Lady Bessborough and their family, landed at Halifax on Saturday, where he was duly sworn in to his office. The party reached the capital on Tuesday.
