

Haileybury in 1924

Items from the Files of The Haileyburian of Seven Years Ago

A hardy annual in the vexed question of transfer licenses made its appearance at the meeting of the town council Monday night, and a distinction between ordinary teamsters and draymen is to be made.

The Board of Trade will hold a luncheon and meeting in the curling club rooms on April 29th, when public questions will be discussed.

Rev. J. O. Watts, pastor of the Haileybury United Church, exchanged pulpits with Rev. Anderson, of Kirkland Lake, last Sunday.

Dr. Waugh, Provincial Inspector of Schools, was in Haileybury yesterday inspecting the new public and separate schools here, which will be opened immediately after the Easter holidays.

The ice appears to be solid in the lake, although open water near the upper end could be seen, with the aid of a glass, on Tuesday.

Elmer Maracle, star player on the North Bay Trappers, junior hockey team, is visiting at his home in Haileybury this week.

Work on the new club house for the G.W.V.A., on Browning Street, commenced this week and some excavating has already been done.

A letter to Mayor Summers from Angus McDonald, M.P., states that the latter has arranged an appointment with the Minister of Public Works in regard to the rebuilding of the armories here, and a delegation will go to Ottawa for the interview.

Matheson News

Mr. F. Gardner went South on Saturday of last week.

H. B. Child went to Noranda this week to unload a car of Grahams.

A number of the Motor League members attended the annual meeting at Iroquois Falls last Thursday.

The snow is nearly all gone all over the district and the motorists are endeavoring every day to open the traffic to adjoining towns.

We are glad to know that a great deal of mining activity has commenced all over this section, and no doubt some good results

TRAIL RANGER AND TUXIS DOINGS

Right here and now the "Pathfinders" wish to thank all those who helped support their Bazaar in anyway. There is only one regret, that is that not everyone was there. Well apparently the stock crash has nothing to do with Trail Rangers. At the Bazaar they made about \$25.00 clear profit. The money will be divided evenly amongst the boys who go to the District Camp at Piries' Point this summer.

Berets for the Trail Rangers, Tuxis Boys and Mentors, may be secured through Lora Carlson, or by mailing price direct to Boys' Work Board, 299 Queen St. W., Toronto. The Tuxis and Trail Ranger Berets are 75c and the Mentors, 85c.

will be produced within a short time.

The Settlers meeting held on Saturday afternoon created considerable interest and no doubt this association will do justice to the community and be the means of better markets for the farmer in the near future.

The Iroquois Falls and District Motor Club held their annual Motor Show in the Falls on Tuesday and in the evening at the banquet many distinguished guests spoke in favor of the progress the club had made. Mr. Lough, Resident Engineer was the principal speaker.

The Agricultural meeting held last Thursday was attended by many of the settlers throughout the district. Mr. L. Pommereau,

Agricultural representative from Kapuskasing gave a very interesting lecture on the farm, and in the evening he held his Picture Show, which was very instructive to the audience. Mr. Nixon from the Experimental Farm, at New Liskeard took a very active part in the meeting and answered many questions pertaining to the farming problems.

Ratepayers of New Liskeard voted on Monday on a by-law granting a fixed assessment of \$10,000 on the factory property of Hill-Clark-Francis Limited, with the result that a majority of two votes in favor of the proposed measure was recorded. The vote stood 68 for and 66 against. The terms of the by-law require that at least 15 employees be kept working.

Elaine And Her Ideas From Paris

Or, these modern women! but she does get the biggest kick out of helping her friend in the antique shop, and she's a real help, too -- not to mention a good customer, for she simply couldn't live without these riddly shaped antique slippers, all gold embroidery, lined in red, can't her costume particularly appropriate for such a smart little shop, all in black light weight wool, trimmed with white of red incrustations? with the white angora slip-on sweater underneath for warmth! and oh, that green of white moire hat of loopy and jade gallibith necklace that one chic young american customer wore!

on these lovely spring mornings she simply can't stay home -- especially when she is dying to show off a new beige tweed suit with a yellow jersey blouse all finely tucked! three colors being smarter than two, her hat is brown straw, & her scarf is brown & yellow knit, and today the air is so glorious that she decides to play golf, so home she goes for her smart sweater in several shades of yellow & brown, and decides at the last minute to leave her heavy gold bracelet that went so well with her suit, at home

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

MINING CLAIM HOLDERS

DEPARTMENT OF MINES

NOTICE

To Holders of Mining Claims in Ontario Not Yet Patented or Leased

Notice is hereby given to holders of mining claims, wherever situate, upon which the work specified in the Mining Act has been prohibited or restricted to a stated period by the Minister of Lands and Forests under the authority of the Mining Act, or where permission to do the work has been given under conditions and limitations designed to protect the timber, THAT under the Forest Fires Prevention Act, 1930, they are required to apply to the District Forester in the District in which the land is situate for a permit to perform such work, and that failure to apply for such permit or upon issue of the same, failure to perform and record the work prescribed by the Mining Act, will subject their claim to cancellation. The time for performing and recording the said work is extended by Order-in-Council to and including the 15th day of November, 1931. If the work is so done and recorded, the time for computing the date before which further work upon the claim is required, will be computed as from the said 15th day of November, 1931.

The name and address of the District Forester to whom application for such permit should be made, may be obtained from the Recorder of the Mining Division in which the claim is situate. A miner's license in the name of the applicant, or due renewal of the same, must accompany the application and the number or numbers of the mining claim or claims must be clearly stated.

T. F. SUTHERLAND, Acting Deputy Minister of Mines.
