

Social and Personal

Mrs. J. Dickson left last night to spend a couple of days in Toronto on business.

McKinlay's Service Station is the place to have your car thoroughly greased.

Mr. J. H. Murray left on Tuesday evening to spend a few days in Toronto on business.

Mr. H. Holland-Hurst returned on Sunday after spending the past two weeks in New York on business.

Mr. J. Walter Young, a former resident of Haileybury, was in town from Toronto over the week-end.

Mrs. Fred. Maguire and son, Donald, of Cochrane, are visiting the home of her mother, Mrs. J. Brewer, Browning Street.

Mr. and Mrs. L. G. Mayhew, formerly of Haileybury, spent yesterday in town on their way from Noranda to Pembroke.

Mrs. R. A. Bradshaw and her daughter, Miss Meta, returned to Haileybury after spending the past three months in Sault Ste Marie, Ont.

Hon. W. A. Gordon and Mrs. Gordon came up from Ottawa on Saturday to spend the week-end at their home here. They were accompanied from the capital by Mrs. Harry Sparks.

While this part of the district was enjoying exceptionally warm weather early this week, snow fell along the line of the transcontinental, reaching a depth of two inches at Hearst and extending east as far as Cochrane.

The M.S. Keego, of the Ville Marie Navigation Company, is being prepared for the season's operations. As the ship was thoroughly overhauled last year, only minor repairs and painting are required and she will be ready when the ice goes.

Farmers of Temiskaming will gather at Earleton on Wednesday April 29th, to complete the organization of an association, which aims at better marketing conditions in the district. A. J. Kennedy, M.L.A., and J. A. Sarroll, chief of the co-operative and markets branch, will be present.

Frost and Snow Bring Halt To Fine Spring Weather

The fine spring weather of the past week has suffered a relapse and, following yesterday's rain, several degrees of frost and a slight fall of snow have changed things completely. While the cold is not severe, it is disagreeable, and a coating of ice on the sidewalks and streets makes the travelling difficult. The ice is still in the lake and there is no announcement to make in regard to the guessing contest.

Mother Restored to Family

If you asked the average happy and comfortable Ontario housewife what a gain of 99% pounds would mean to her, she would probably look aghast at the very suggestion. Suppose, however, she were in the position of Mrs. Roberts, a woman with a family of young children in a small Ontario town where there was "little to earn and many to keep," growing weaker and weaker from overwork and poverty, finally obliged to leave her little ones to friends and neighbors and betake herself to the Toronto Hospital for Consumptives.

Then began the long, long fight to put back the precious pounds, which to Mrs. Roberts and so many like her, mean milestones on the road to health. Thanks to ten months of good care, rest, nourishing food and experienced medical attention, Mrs. Roberts one day saw the scales register 145 — a happy gain from the 99% pounds she registered on entering the hospital.

Where is she now? Back at home, joyously taking up the care of her family, and grateful for her restoration to health. A great work assuredly, which needs much assistance from friends because poverty and tuberculosis so often go hand in hand. Will you help, please? A subscription sent to Mr. A. E. Ames, 222 College Street, Toronto, will be greatly appreciated.

Development is Proceeding At Lignite Deposits

Shaft Now Completed and Work Of Drifting Started; Will Take Out 500 Tons

R. F. Dempster, who for some time past has been employed at the development of the lignite deposits in the Onakawana fields, is spending this week at his home in Haileybury, having come down for a visit after spending several months there. He states that the work of development is proceeding steadily, with about 35 men employed and that 500 tons of the lignite will be taken out this summer, chiefly for purposes of making a thorough test of its qualities and ascertaining the best method of handling it.

Mr. Dempster states that the shaft in the latest section to be tested has been completed and that already about 28 feet of drifting has been done on the coal seam. The necessary machinery for the work has all been taken in and the men are housed in comfortable camps. They did not suffer from the cold during the past winter, as the mild weather has been general and there was no interruption to the work.

A car of the lignite has been mined and shipped to Ottawa for testing and further shipments will be made. It is the intention, according to Mr. Dempster, to ship some of the lignite to Germany, where there has been long and varied experience in the handling of similar material and from where it is expected valuable information will be secured as to treatment, marketing, etc.

Captain W. F. Fancy, an old timer of Cobalt, is in charge of the present development. The shaft is located about 30 miles from Coral Rapids, on the T. & N. O. and the extension runs through a portion of the property being developed.

Green lawns and budding trees were to be seen in all parts of the town over the week-end.

JOSEPH A. LEGRIS WAS BEREAVED BY DEATH OF HIS MOTHER LAST WEEK

All Haileybury people will extend their sympathy to Mr. Joseph A. Legris, well known citizen and ex-mayor of the town, in the bereavement he suffered last week through the death of his mother. Mr. Legris left for his former home on hearing the sad news.

The following account of Mrs. Legris' death is from the Ottawa Journal:

Members of Parliament, and many friends in this district will learn with very deep regret of the death yesterday at Notre Dame Hospital, Montreal, of Mrs. Legris, wife of Senator J. H. Legris. She was the mother of Mrs. Ste-Marie, wife of J. Wilfrid Ste-Marie, K.C. Hull barrister.

Mrs. Legris succumbed to a three months' illness. Born at Berthierville, Que. 78 years ago, she was a highly respected resident of Louiseville, Que., since the date of her marriage to Senator Legris. For several years she accompanied her husband to Ottawa during the federal session and had made many friends here who will deeply mourn her death. She had been a popular figure of the Capital's social activities. At Louiseville, Mrs. Legris was a devout member of the Roman Catholic parish and had taken great interest in the various parish organizations.

Surviving her are four sons, Joseph A. Legris, barrister at Haileybury; Dr. A. Legris, of Louiseville; Zotique Legris, of Shawinigan Falls, and Wilfrid Legris, of Edmonton; four daughters Mrs. J. Wilfrid Ste-Marie Hull; Mrs. Hector Langevin, Hull; Rev. Sister Genevieve de Paris, Montreal, and Mrs. J. A. Blanchard, of St. Lambert, Que.

The funeral will be held at 9.30 o'clock Monday morning from the family residence at Louise-

IL DUCE HONORS FLIER'S WIDOW

Originally intended for her husband, Major Umberto Maddalena intrepid Italian aviator, who was killed a few weeks after his return to Italy from Brazil, in the Balbo squadron flight, a gold medal is posthumously awarded to Madame Maddalena by Premier Mussolini in recognition of his participation in the epoch-making flight. The Italian Air Minister, General Balbo, who also received an award, is shown in the foreground with his back to the camera.

New Steps Will Improve Approach to Market Building

This week a great improvement has been made in the approaches to the local market

building, in the form of steps leading from the roadway down the bank to the doorways. Two sets of these steps have been put in, one opposite each of the two centre doorways, and customers can now simply stop their cars on the road, walk down the steps and across the N. C. R. tracks to the doors. The work was done by simply cutting into the embankment between the tracks and the higher street level and using the stone removed in the building of the steps. Very little extra material was required and, as the stones were simply embedded in the earth of the bank without mortar, the job was not an expensive one. To Councillor Houston, chairman of the com-

mittee which is in charge of the market, goes the credit both for the idea and the supervising of the work.

Haileybury Lady Bereaved by Sudden Death of Brother

Mrs. F. Peter, Browning Street received the sad news last week that her brother, Mr. Wm. Summerby, had died suddenly from heart failure at his home in Winnipeg. He was 51 years of age, and leaves a widow and one son, besides two sisters, Mrs. Peter and Miss Freda Summerby, the latter a former resident of Haileybury, and one brother. Many friends here extend sincere sympathy.
