

## Mining Student Dies on Trip to Matachewan

Body of Toronto Boy Brought to Haileybury by Plane and Shipped to City

The body of Mathew W. Hamilton, of Toronto, aged 22, who died while on the way to the camp of the Mining Corporation in Bannockburn on Wednesday last, was brought to Haileybury on Thursday afternoon in the same aeroplane in which he had made the trip in from Elk Lake to Whitefish Lake. He was a mining student and had secured a job from M. F. Fairlie, manager of Mining Corporation, in Toronto. He had never suffered from heart trouble so far as was known but it was believed that his death was due to a sudden seizure.

Pilot Al. Cheesman, of the Canadian Airways operating between Elk Lake and the Matchewan district, brought the body to Haileybury. He had taken in the party, which included W. H. Emens, engineer for the company, the evening before and stated that, after walking about three quarters of a mile, on the five-mile trail between Whitefish Lake and camp, the young man suddenly complained that he felt out of condition, fell on the

ground and could not be revived. Mr. Emens and Mr. Stewart, who was in the party, spent an hour and a half in an attempt at artificial respiration, but without avail.

After consultation with Dr. R. Crann, of Gowganda, coroner for the district, who released the body for burial, arrangements were made for it to be taken home. Pilot Cheesman landed here just after noon on Thursday with the body, which was taken to the undertaking parlors of Thorpe & Branchaud and prepared for shipment to the city

that evening.

The young man is survived by his parents, Mr. and Mrs. John Hamilton, 39 Badgerow Ave., Toronto, one brother and one sister.

## POISON in Your bowels!

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.
