Library Issued 11,750 Books in Complete Year

Report Shows that Institution is Being Well Patronized but Membership Small

Interesting facts regarding the Library may be gathered from the annual report that has to be sent to the Provincial Government this month. This is the first complete year the Library has been open, and the report shows that 11,750 books have been issued during that period. This is a remarkable figure when one considers that the Library is comparatively small, there only being between two and three thousand books. The membership numbers 292, that is only one in ten of the population of the town.

This figure suggests that there are many people in Haileybury who should be supporting this live institution, but who have not yet done so. As the new subscriptions for 1932 are due on February 1st, it is hoped, not only that all members will renew but also that many others will join.

One dollar a year is not a very large fee, and the circulation shows that for every such dollar paid, the member has used about fifty-five dollars worth of books. Those who have not yet joined the Library are invited to call in and see for themselves the excellent array of good reading matter that is at their disposal.

Negotiations are being carried on to get Mr. Charles G. D. Roberts, the eminent Canadian author and poet, to include Haileybury in the lecture tour he is making through the Dominion, and the Library Board hopes to be able to make a definite announcement regarding this very soon.

TRAIL RANGER AND TUXIS DOINGS

Although the mild weather has played havoc with Tuxis hockey the boys are all ready to get down to business. Mr. Ruttan, mentor of the Haileybury Hawks is making arrangements with the Firemen for practice periods. It is believed that a schedule can be arranged with New Liskeard Tuxis and if this is done the boys should enjoy some fine games.

A new feature in Tuxis work in the town of Haileybury is a series of speeches from Haileybury's professional men, about their work. The first talk of the series was given by Mr. W. H. Tuke, principal of the local High School. Mr. Tuke's subject was "Teaching as a Profession" and it was very well received.

At their last meeting, which was held on Monday, the 11th of January, the boys heard an interesting talk by Rev. Fred Smith of Cobalt-United Church. Mr. Smith spoke on "Tuxis Projects" and as a result, both the Canucks and Haileybury Hawks have decided to take up Basketball. Reeds for this work are now on order, so the boys are promised a good time in doing this work.

Mike Papp, a Hungarian, was brought to the district jail here yesterday after being sentenced by Magistrate Tucker at Cochrane to one year for assault, with the recommendation that he be later deported.

The LETTER BOX

The Editor,
The "Haileyburian",

Dear Sir:—
The leading article in your issue of the 7th instant has created an erroneous impression that the Waterworks Department of this town was operated during 1930 with a loss of \$6,424.56, against an apparent profit made by the neighboring towns. Will you please allow me to use your columns to point out the misleading part of your article.

The figures quoted and as are given in the Ontario Government Statistics of Municipal Affairs are correct in part only. Capital charges, that is, debenture payments and interest, are grouped with operating expenses and charged against operating revenue. The result is a net loss as far as Haileybury is concerned, since the practice in this town is to provide for Debenture Payments and Interest out of current taxes under the assessment for general rates, and not from water rates.

Further, you have not shown the gross receipts and expenditures made by the other towns, which are necessary for comparison.

The correct rendering of the accounts of the Waterworks Department should be as follows:

Operating Revenue	\$12,056.00
Operating Expenses	7,972.24
Operating Profit	4,083.76
Debtenture Payments and Interest	10,508.32
Population: 2,886, or a revenue of \$4.18 per person.	

The following information should have been supplied:

COBALT	
Total Revenue	\$21,523.88
Total Expenditure	17,616.11
Profit	3,907.77
Population: 3,200, or a revenue of \$6.72 per person.	

NEW LISKEARD	
Total Revenue	\$17,962.18
Total Expenditure	15,358.62
Profit	2,603.56
Population: 2,825, or a revenue of \$6.35 per person.	

Yours faithfully,

S. J. MASON,
Auditor, 1930 Accounts.

Editor's Note—We thank Mr. Mason for his analysis of the figures. In the government report the figures for all three towns are grouped under the heading "Operating Expenses and Capital Charges."

Lack of Snow is Delaying Work on New Airport

(Continued from Page 1)
with a cement top this year, but that will be done later.

The plans show a landing stage with platform and shipway near the shore and also a small building for storage etc. The whole will make the harbor here an admirable airport and will provide shelter for planes during any kind of weather.

Mr. Jos. Isherwood, who has charge of the work, tells us this morning that some material is being shipped in by rail and that actual work on the construction of the breakwater will start almost immediately. This will mean that a fair number of the men who have been awaiting employment on this project will have an opportunity of starting work and more will be taken on later as conditions warrant.

NEW ARCHBISHOP

Rt. Rev. R. Villeneuve, Bishop of Gravelbourg, Saskatchewan, who has been appointed Archbishop of Quebec, one of the most important Roman Catholic dioceses in the Dominion.

BRITISH SKI STARS SHOW ABILITY

When the Oxford and Cambridge ski teams combined to meet a select team from McGill University, Montreal, it was thought the Canadians would have no difficulty in defeating the Britishers. The Oxford and Cambridge men showed their knowledge of the sport, however, by capturing the Slalom event, one of the hardest trials in skiing. Above are the friendly rival captains of Oxford and Cambridge posing for the press photographer with a mutual friend, Alexander Keiller, president of the Ski Club of Great Britain and an honorary member of both teams. Left to right are: P. P. Butler, Oxford skipper, Mr. Keiller, and R. J. Bushell, Cambridge captain.

PROTEST ELECTION OF COLEMAN COUNCILLOR CLAIM TAXES UNPAID

Alleging that his taxes were not paid in full at the date of nomination and that at that time he was an employee of the municipality, a protest has been entered against the election to the Coleman Township council of R. J. Bird, one of the successful candidates. The protest was filed by Arthur Brocklebank, a ratepayer in the township, and it will be heard by Judge Hartman here on Tuesday next, January 19th.

Coleman Council held its inaugural meeting on Monday of this week, when Councillor-Elect Bird took his seat with his colleagues.

Yesterday morning Mr. Bird filed a formal disclaimer to the seat on the council and the protest is therefore dropped. This

leaves Coleman Township with only three of the four council seats filled and will necessitate a further nomination to fill the vacancy.

PARLIAMENTARY NOTICE

Tuesday, the twenty-third day of February next, will be the last day for presenting Petitions for Private Bills.

Tuesday, the first day of March next, will be the last day for introducing Private Bills.

Tuesday, the twenty-second day of March next, will be the last day for receiving Reports of Committees of Private Bills.

ALEX. C. LEWIS,
Clerk of the Legislative Assembly
Toronto, January 6th, 1932

SKIPS ELECTED TO ATTEND OPENING OF NEW RINK SATURDAY

F. H. Thompson and E. E. Smith were elected by the Executive of the Haileybury Curling Club as skips of the rinks which will represent the local curling fraternity at the opening of the splendid new rink at Kirkland Lake on Saturday of this week.

With the thermometer hovering above the forty mark this (Thursday) morning, prospects for good curling weather are not of the brightest, but it is hoped that there will be sufficient frost before Saturday to make the opening a success.

Word received from Kirkland yesterday was that eighteen rinks from the various clubs from Kapuskasing to North Bay would be in attendance and that three draws would be made, giving each visiting rink two games during the afternoon and evening.

The Cochrane Board of Trade is urging on the Royal Commission on Railways and the president of the Canadian National a proposal that the transcontinental from Quebec to Winnipeg be used jointly by the C.N. and C.P. Rail-

ways, pointing out that it is the most direct route between east and west.

TOWN OF HAILEYBURY

Tenders for Waterworks

Sealed Tenders, marked on the outside as to contents and addressed to the Town Clerk, will be received up to 12 o'clock noon on **Wednesday, Jan. 20th, 1932**, for the installation of a Water Main from the Town Reservoir to Browning Street. The main will be an 8" pipe, placed and covered to a depth of 6 feet, for a distance of approximately 1000 feet. The pipe will be supplied by the Town of Haileybury and placed and covered by the contractor under the supervision of the Town Engineer.

An accepted Bank Cheque, on a Chartered Bank of Canada, for a sum not less than 10% of contractor's tender, and made payable to the Town of Haileybury, must accompany each tender.

The lowest or any tender not necessarily accepted.

Geo. T. Hamilton,
Mayor

H. Clifford,
Town Clerk
