

Revolver Club Sharpshooters Receive Prizes

Inspector Creasy and Captain F. R. Bertrand Get Awards in D. C. R. A. Contest

Two local sharpshooters, members of the Haileybury Revolver Club, have been successful in winning prizes in the annual D.C. R.A. matches, which were shot off in the winter and in which were included the members of similar organizations throughout the Dominion. Inspector F. B. Creasy, in charge of the headquarters of the Provincial Police for this district, and Captain F. R. Bertrand, an officer of the Algonquin Rifles, were the two men who won the prizes which came to the secretary of the local club, W. T. Joy, last week.

Inspector Creasy received a silver vase, with monogram, as a special prize in "A" series, while a similar prize was awarded to Captain Bertrand in "B" series. In addition to these awards, Capt. Bertrand received a silver spoon as a prize for an average score of over 60 points for each match in the contest.

The prizes have been placed on display in the window of A. MacLean's Store on Ferguson Avenue, where they have been something of an attraction for the past few days.

The Haileybury Revolver Club was organized only last November and it is gratifying to know that the members are progressing well. Perhaps when the time comes for the next D.C.R.A. contest there will be even more prizes coming to the local shooters.

GIRLS' SOFTBALL SCHEDULE

JUNE

Fri., 17—Prospectors vs. B. Cats.
Mon., 20—Cobalt vs. N. Liskeard.
Thur., 23—Prospectors vs. Cobalt.
Fri., 24—N. Liskeard vs. B. Cats.

Thur., 30—Black Cats vs. Cobalt.

JULY

Tues. 5—Black Cats vs. Liskeard.
Tues., 5—Cobalt vs. Prospectors.
Thur., 7—N. Liskeard vs. Cobalt.
Wed., 13—Prospectors vs. Liskeard.
Fri., 15—Cobalt vs. Black Cats.
Tues., 19—B. Cats vs. Prospectors.
Games at 6.30 p.m. sharp.

Captured Giant Moth at Rabbit Chute Tourist Camp

A giant moth, with a wing spread of six inches, was captured on Tuesday night at Rabbit Chute Camp, on the Matabitchuan River, where R. R. Hennessy is operating a summer resort right in the heart of the fishing area. The moth was brought to the office of The Haileyburian yesterday afternoon by M. J. Hennessy, who was present at the capture and who stated that it had flown into the dining room after the darkness had settled down.

One amateur naturalist, Mr. Hennessy said, had expressed the belief that this was what was known as an Anthrea moth. It was beautifully marked, both on the wings and body, and had the hairy limbs and fern-like antennae peculiar to this species. Altogether it was a beautiful specimen.

COBALT GIRLS TRIUMPH OVER HAILEYBURY IN ONE SIDED GAME

Haileybury girl's softball team, the Black Cats, went down to disastrous defeat in the second game of the season on Friday evening, when the Cobalt Minorettes piled up a score against them of 48-9.

The visitors were off colour all through the game, and after the first inning, when they scored four runs, they appeared to steadily lose heart. The game was watched with considerable interest, however, by quite a large crowd of spectators.

The following was the line-up: **Minorettes:**—A Davidson, pitcher; D. Clemens, catcher; C. O'Malley, short stop; A. Donaldson, right field; L. Taylor, left field; S. McDonald, centre field; H. Winks, 1st base; M. Kennedy, 2nd base; F. Thorne, 3rd base.

Black Cats:—G. Davis, pitcher; E. Davis, catcher; L. Davis, short stop; M. Piche, right field; M. Byrne, centre field; L. Grieg, 1st base; P. Page, 2nd base; D. Hartley, 3rd base.

LEADERS IN BRITISH OPEN GOLF CHAMPIONSHIP

The end of the first round of the British Open golf championship played at Sandwich, saw 25 Britishers crowded into the first 27 places. Gene Sarazen, New York Italian (right), headed the list with a 70, and later won the event, scoring a record-breaking 283 for his 72-hole total. Percy Alliss, England, (top right centre), came a close second in the qualifying round with 71. Other prominent stars who finished the first day near the top were Don Curtis (left), Ernest Whitcombe (top, left centre), Archie Compston (lower, left centre), Henry Cotton, lower right centre

Busy Month for Children's Aid Inspector Here

Dealt With Sixty-Seven Children During May and Travelled Twelve Hundred Miles

An interesting report of the activities of the Children's Aid Society of Temiskaming for the month of May has been given us this week by John R. McCracken, the local superintendent, and shows that the work of that organization is ever increasing. Sixty-seven children were involved in the various complaints and investigations held during the month and in the course of his duties Mr. McCracken travelled a total of 1,219 miles.

One feature of the work that is somewhat discouraging to the ones who are striving to ensure that the neglected little ones get a fair chance in life is the fact that it is difficult to find homes for those who are of necessity made wards of the Society. During the month of May there was just one application for the adoption of a child. On the other hand, it is possible to place a number of children, as wards of the Society, in foster homes without adoption, a total of six having been thus placed during the month.

Four children were brought to the Shelter, as non-wards, and three of these were returned to their parents after investigations had been held. There were 18 complaints received by the Inspector and during the month he investigated 37 cases. His incoming mail totalled 49 communications and he sent out 53. Nine office interviews were held by Mr. McCracken, he made six visits to wards of the Society, appeared once in court and issued one warning. Two children were made wards during the month.

In addition to the official work of the Society carried on by the Inspector, there were a number of children who ran away from their homes during the month and who were located by the provincial police officers and brought to him. Mr. McCracken then arranges to have these delinquents returned to their homes and does what he can to prevent a recurrence. He states that the help of the officers is always deeply appreciated, both by him and the parents of the offenders. This part of the Inspector's work does not appear in the official reports of the Society.

At the present time the greatest need of the Society is for some playground apparatus for the Shelter here. There are always plenty of children in residence there and have little or nothing in the way of outdoor amusement. One or two swings, slides, or other articles that are dear to the hearts of the children would be of great benefit, but the Society's finances are so limited that it is difficult to provide any-

thing of this nature, unless some generous-minded citizens come to the rescue. Anything in this nature would be deeply appreciated.

Salvation Army Celebrates 26th Anniversary of Opening Here

Sunday, June 19th is the 26th anniversary of the opening of the Salvation Army work in this town. In this connection special services are being held to which the public is invited, especially soldiers and friends.

Interior improvements have been made in the building for the occasion, and some interesting visitor is anticipated, to do the service in an effort to make the worthy event a success.

An anniversary museum is being arranged in which photos of former Army leaders and groups of interest will be shown, as well as clippings and incidents that will awaken memories. Any reader with property of interest, such as snapshots, stories, etc., please leave message at town hall or phone and we will call on you.

W. E. Mason, publisher of The Sudbury Star and North Bay Nugget, was honorably acquitted of a charge of arson, brought against him following a fire which destroyed some property of the Sudbury Transit Company last fall. Newspapers of the North Country are all extending congratulations.

Canadian National Railways Earnings

The gross revenues of the Canadian National Railways for the week ending June 7th, 1932, were \$2,616,693, as compared with \$3,307,355 for the corresponding period in 1931, a decrease of \$690,662.

Hold Boy's Camp at Pirie's Farm July 20 to 29

Program Out for Annual Event Under Auspices of the Boys' Work Board

The program for the annual boys' camp on Lake Temiskaming are being sent out this week to the heads of the various Tuxis and Trail Ranger groups in the districts of Temiskaming and Cochrane, showing the dates as July 20th to 29th. The camp will be held at the same location as last year, Pirie's Farm, on the shores of the lake and provision is being made for all who can arrange to attend. Those intending to be at the camp this year are requested to send in their names as soon as possible to the Registrar, Rev. J. B. Moore, of Elk Lake.

Mr. Ed. Devitt, a man well versed in boys' work in the province, will be the camp advisor, and the business manager and treasurer is Rev. J. C. Hutton of Uno Park. The camp will be interdenominational in character, all boys belonging to a Sunday School being welcomed. The cost is being kept as low as possible, \$2 for registration and \$6 for board, with a rebate of from \$1 to \$2.50 to those coming from the greater distances.

The camp is located 12½ miles from North Cobalt, down the Silver Centre road and it is now possible to drive by motor direct to the site. Those coming by train will go down the lake from here by boat.

A similar camp for girls has been arranged for the same site, to be held July 11th to 20th, but the program for this has not been completed yet. Information may be had from the officers mentioned.

John Hagnar, of Henwood township, was fined \$25 and costs \$41.20 in all, when he pleaded guilty before Magistrate Atkinson in police court here to a charge of setting out a fire without a permit.

Haileybury Softball Schedule

JUNE

16—Lazy Nine vs. Bankers.
20—Firemen vs. Aces.

COMFORT for COLICKY BABIES THROUGH CASTORIA'S GENTLE REGULATION

The best way to prevent colic, doctors say, is to avoid gas in stomach and bowels by keeping the entire intestinal tract open, free from waste. But remember this: a tiny baby's tender little organs cannot stand harsh treatment. They must be gently urged. This is just the time Castoria can help most. Castoria, you know, is made especially for babies and children. It is a pure vegetable preparation, perfectly harmless. It contains no harsh drugs, no narcotics. For years it has helped mothers through trying times with colicky babies and children suffering with digestive upsets, colds and fever. Keep genuine Castoria on hand, with the name:

Wm. H. Fletcher
