**OBITUARY**

**Mrs. S. H. Glassford**

Mr. S. H. Glassford received a message on Wednesday morning to the effect that Mrs. Glassford, who has been an invalid for the past eight years, had passed away in a Toronto hospital on Tuesday night. While her death had not been unexpected, the news came as a shock to Mr. Glassford and his son, Harold, who are the sole survivors. They arranged to leave by motor for the city immediately, but the funeral arrangements had not been completed pending their arrival there.

Mrs. Glassford, who was 52 years of age, was formerly Miss Edith Brown, of Midland, and came to Haileybury after her marriage to Mr. Glassford there in 1912. She was born in Peterboro, Ont. Up to the commencement of her illness she had been a resident here and was well known to a wide circle of friends and there were many expressions of sympathy offered to Mr. Glassford and Harold when the news was received. There are two brothers and two sisters of the late Mrs. Glassford also surviving.

**John Desrosiers**

One of the pioneers of the district, John Desrosiers, died in Misericordia Hospital, Haileybury, on Friday night last after a short illness. He was 86 years old and, with the late Mrs. Desrosiers, for many years kept a boarding house at Temagami, retiring from there in 1930 and taking up residence at North Cobalt, where his wife died in October of that year. Recently Mr. Desrosiers has been living with his daughter, Mrs. Davies, of that village.

The funeral of the late Mr. Desrosiers was held on Sunday, August 28th, from the undertaking parlors of Thorpe & Brachaud, Haileybury, to North Cobalt for the service in the Roman Catholic Church there, which was conducted by Rev. Father Forest, Parish Priest. Interment was made in the Roman Catholic Cemetery, North Cobalt.

**Town Foreman Suspended For Unsatisfactory Work**

Holding that his work over a considerable period had been unsatisfactory, the town council at a special meeting on Monday night decided to suspend Jos. Police from his position as town foreman, with a month's salary. He has been in the employment of the town for many years, coming here from Sturgeon Falls, when the first waterworks system was being installed.

No permanent appointment of a successor in the job was made, the matter being left in the hands of Councillor Fleming with authority to hire a man at the rate of \$100 per month. This is being done with a view to securing a suitable permanent man after a trial.

**Leases Expired at Midnight On Aladdin Property; Notices to Vacate Are Ready**

The tenants have won the first round of the legal battle in the dispute between the Aladdin-Cobalt Mining Co. and its lessees at the north end of Cobalt over ground rentals, but the owners of the property have prepared a fresh attack, and the controversy is likely to enter another stage, according to the latest information available in the matter.

Yesterday morning, at Haileybury court house, Judge Hartman announced his decision in the applications brought by the company to obtain writs of possession against the buildings of Mrs. Florida Nixon and Joseph A. Robitaille, Lang street residents, and his Honor has ruled that the applications are dismissed, with costs against the company.

But leases on the Aladdin holdings expired at midnight, and W. E. McCready, the company's agent at Cobalt, has prepared notices to be served on tenants in arrears with their rents, and under the terms of which the lessees will be ordered to vacate their premises within 30 days after service. These notices will be served personally on the parties affected, it is stated.

In giving judgment, his Honor holds that proof of service in the action taken by the Aladdin against Mrs. Nixon and Mr. Robitaille is defective, and on that ground the applications fail. At the time of the hearing, two weeks ago, Judge Hartman referred several times to the difficulties he experienced over the service, which was by registered mail. It was intimated the court felt service on the tenants had not been proven satisfactorily.

Provision to overcome this objection had been made on the new notices, it is announced. On the back of the papers the time of service will be shown, together with the name of the person making the service. It is hinted that failure to comply will mean further action before the courts, but it is also considered probable that the committee of leaseholders may take further steps to effect a settlement in the dispute.

Aladdin leases, which ran from September 1, 1919, to August 31, 1929, and which have been renewed since on an annual basis, ran out a few hours ago. Many of the tenants had not renewed their leases prior to the starting of the present controversy, but it was stated during the hearing on August 19, that, if the rent had been offered and accepted at the former rate, the lease provisions were binding. La Rose leases do not expire for two months yet, being dated November 1.

**TWENTY-FIVE SINGLE MEN MAY GO FROM HERE TO THE HIGHWAY CAMPS**

Following communications with the Department in charge of the highway camps in the neighborhood of North Bay, it has been announced that 25 single men from this municipality can be placed there, under the scheme whereby men receive their board and \$5 per month. The municipality will be required to furnish transportation to North Bay, where the men are to report to Engineer White, in charge of the highway work in that section.

Any single men wishing to take advantage of this scheme and thereby secure their living for the winter months, plus a small sum in the way of money for expenses, should register at the office of the town clerk without delay. The pay is small, but it may in some cases be considered as better than being entirely out of a job.

All members of the Ontario Legislature are expected to be in a party which will make a tour of the North Country commencing on September 19th and occupying about four days. The party will spend one day at Moosonee.

They will take with them neither companions, servants nor luggage. The trip may occupy many weeks and the means of transportation they will use will include trains, ships, aeroplanes, horses, mules, camels and their own feet.
