KNIGHTS OF COLUMBUS WILL AGAIN SPONSOR ANNUAL TURKEY STAG

For the last three years, the Knights of Columbus have sponsored a Turkey Stag in their hall and with Christmas now rapidly approaching enquiries are heard as to the plans for the present season. The K. of C. have had the matter up for discussion and, while realizing that on account of the trying times no attempt should be made to sponsor anything on a large scale, they feel that it would be unwise to discontinue this event, so they have decided to hold the annual turkey stag in their hall on Main Street on Friday, December 9th.

The Chairman wishes to announce that it is the intention of the committee to make a generous donation to the Christmas Cheer Fund as they have done in the past, but as the profit from this source cannot be expected to be very large, they are of the opinion that other means of raising money be used for the Christmas Cheer Fund, which is more in need at this time than any previous year.

The Committee in charge of this entertainment wishes to take this opportunity to thank the people of Haileybury for their interest and assistance in the past and extend to all a hearty welcome on December 9th.

The evening will start at 8 p.m. with the usual high grade of turkey keys obtainable. A door prize will be given also for Bridge and Euchre, which will be played from 8.30 to 10 p.m. Lunch and smokes will be served free of charge. Admission 50 cents. Everybody welcome.

Reports Tell of Two Drownings in Matachewan

Young Indian and Montreal Man Victims of Separate Tragedies Through Ice

Belated reports reaching here from Matachewan yesterday tell of two drownings in the Montreal river in that section last week. The victims were Benny Wabbis, 21, an Indian, and James Brown, of Montreal, about 38. Both were unmarried. Neither body has been recovered.

Wabbis, it is stated, had gone down to Moynour's and there had purchased a pair of skates. He donned them for the trip back home, and when close to his destination, and with his father watching his progress, skated into a hole in the ice and was swept away by the stream. That was Wednesday, November 16.

In the case of Brown, he had left his camp on Thursday and apparently had gone through another hole in the ice about a half mile distant. When he failed to return, his parents became anxious and started a search for him, tracing him to the break in the ice.

Where Weight Counts

If you were a working man dependent upon a not too liberal supply of daily work to support your family, what would you think if your weight went down from 150 to 125 pounds? Herbert was alarmed when this happened to him, but he did not want to take "time off" nor to spend money on himself. However, coughing and weakness had their effect and one day he had to be hurried to the Toronto Hospital for Consumptives. The experienced doctors at the hospital shook their heads when Herbert's weight was known—so little to build on! However, patience, good nursing and complete rest have had the desired effect. His weight has increased twenty-two pounds, and he feels sure that he will be able to return to support his family at no distant date.

Motor League to Again Undertake Plowing of Road

(Continued from Page 1)

er interchange of traffic between the communities and facilitates the holding of events of various kinds.

It was foreseen that, with the winter approaching at such an early date, the cost will perhaps be greater this year than formerly. On the other hand, the highway has been improved by the elimination of several turns and twists during the summer, which will tend to make the work easier. If it is possible at all, the league proposes to not only keep the main highway clear, but to plow out the principal streets in each town, and in particular to keep the roads to the cemeteries clear. Last year there were some snow fences built, which help to prevent serious drifting, and it may be possible to add to the number this year. This would also provide some employment for workmen.

On the whole, the league believes that a real service to the communities will be provided and that all residents should be interested in the work of keeping the roads open.

LORD MAYOR DOFFS HAT TO "OLE BILL"

The annual Lord Mayor's show, in the British Capital, is a splendid affair, but none of the beautifully decorated floats receive the ovation which is saved for the old bus, "Ole Bill", which takes part in the parade. "Ole Bill" is famous for her trips in France during the Great War, when she carried hundreds of soldiers to the front. Here we see the new Lord Mayor, Sir Percy Greenaway (extreme left), doffing his hat as the old bus passed with British Legion bodyguard.
