Street Fair is Again Big Event of Local I.O.D.E.

Weather Fine and Crowds Large at Annual Show Thoroughly Enjoyed by All

The annual Haileybury Street Fair, the big event held by the I.O.D.E., yesterday afternoon and evening went over with the success that always attends any special effort put forth by the Chapter for its community work. The weather was fine and, while the crowds were small during the afternoon, they gathered in goodly numbers in the evening and the whole event was both enjoyable and successful.

The vehicle parade for children was a special attraction and there was a long procession of little folk of all ages with decorated vehicles of all sorts. There were doll carriages, go-carts, wagons, bicycles, tricycles, etc., which made a fine display and greatly interested the crowds.

In the evening the Rotary Club joined forces with the Chapter and conducted their usual games which provided entertainment until a late hour. Some innovations were introduced and appealed to the crowds. The street dance was well patronized and enjoyed by all.

The weather was fine, both afternoon and evening, and the fun continued to a late hour. The ladies of the I.O.D.E. are well satisfied with the results of the event and wish to extend their thanks to all who assisted. In addition to the many donations received from local merchants and the citizens generally, the Chapter reports generous assortments of goods for the various special booths from the Robert Simpson Company and the T. Eaton Company.

Prize winners in the children's parade were:

Carriages—1st, Marylyn Hill; 2nd, Wilma McAulay; specials, Jean Fleming and Joan Murray.

Tricycles—1st, Donald Keddie; 2nd, Gordon Robb; specials, Dorothy Morrison and Albertine Herbert.

Bicycle—Billie Beecroft.

Wagons—1st, Jack and Jimmie Lettner; 2nd, Patsy McFarlane.

Comics—1st, Nora and Brian McFarlane; 2nd, Elsie and Jimmie Keddie.

In the drawing for the main prizes, the following were the fortunate ones:

Studio Couch—Mrs. Ethel Graffe, Haileybury, Ticket No. 279.

Silver Relish Tray—G. F. Summers, Toronto; Ticket No. 29.

Kenwood Blanket—Mrs. W. C. Thuerck, Haileybury, Ticket 325.

Pigs—Mrs. I. Nurmec, Box 802 Cobalt, Ticket No. 247.

Pigeons—W. G. Cooper, Haileybury, Ticket No. 81.

Box Candy—Mrs. D. H. Millar Haileybury.

After considerable delay and consultation among the merchants of Haileybury, it was finally decided to observe the King's Birthday holiday and all stores remained closed throughout Tuesday.

Builder-Upper

Yes, perhaps that's just what you need. But take no chances with so-called "tonics" that feature wild, extravagant claims. Go to see your doctor. Let him make a careful diagnosis, and determine just what your system requires. When he gives you a prescription to meet that deficiency, may we suggest that you bring it here to be filled? We specialize on the newer food concentrates, with a stock that is fresh and complete.

FORD GETS DEGREE

Years of work in the manufacturing field, resulted in educational recognition of Henry Ford, when the automobile magnate received an honorary degree of doctor of engineering at Michigan State College, East Lansing.

Sees Small Help In International Rotary Effort

Club Members Discuss "Fourth Object" From All Angles; To Be Continued

An interesting discussion on international affairs developed at the regular meeting of the Haileybury Rotary Club on Monday when, following a talk on the fourth object of Rotary by R. D. Cumming, other members with almost directly opposite views joined in. The debate showed so much diversity of opinion that it was decided to continue it at some future time, when all members will be given an opportunity to air their views.

The Fourth Object of the organization is the "Advancement of International Goodwill and Understanding," and Mr. Cumming held that while Rotary had set a high ideal of service in this way, he feared that little has been or could be accomplished towards world peace. Recent history, he said, had shown that some of the finest brains in the world had organized the League of Nations, but that it had accomplished practically nothing. The League meant nothing to Japan, he argued, when she had made up her mind to seize a large section of China, and it had failed to settle the differences between Italy and Ethiopia and prevent a war of conquest on the part of Mussolini against the weaker nation. The British Empire, as a "League of Nations" itself, Mr. Cumming said, had done something towards promoting world peace through disarmament, only to find that other nations were taking advantage of her and to be forced to re-arm to protect herself. Canada, one of the smallest nations, but among those with the greatest land areas, the speaker claimed, was not taking the right attitude in allowing her defences to remain so ineffectual. We should be in a position to defend ourselves, rather than leaving the country open to attack, and depending upon Great Britain or the Munroe Doctrine of the United States, which, if invoked, would result in the loss of a large proportion of our independence. "We should be on a par with the other nations if we are going to advance international understanding," Mr. Cumming concluded.

Taking the other side of the argument, R.H. Unwin, president of the club, explained that Rotary International works through individuals and takes no direct action through government. Move-

Small Boy Lost For Six Hours in Elk Lake Woods

Found Unconscious and Terribly Bitten By Flies; Clad Only in Pajamas

Terribly bitten by black flies and mosquitoes, little Clifford Poulin, aged four years, was found in the bush near Elk Lake after a six-hour search on Saturday last by a party under the direction of Provincial Constable C. V. McClelland. The boy had wandered off after a herd of cows about noon and had travelled about a mile and a half from the town before he had finally been overcome. He was unconscious when he was found and was in such condition that it was thought best to rush him to hospital at Kirkland Lake. At last accounts it was believed that he would recover.

With his mother, Clifford was a visitor at the home of Mr. and Mrs. John Tremblay, who operate a dairy farm at Elk Lake. Mrs. Poulin is Mrs. Tremblay's sister. The little boy had gone out in his pajamas in the morning as the day was warm, and wandered away after the cows had been let out. When his absence was noticed an alarm was spread and Constable McClelland organized a search party. There were about 50 men who took part in the search, according to his report to Sergeant Reed at headquarters here, and they had passed the spot where the boy was found several times before they finally located him.

Northern Baptist Churches Holding Annual Convention

The annual convention of the Northern Association of Baptist Churches is being held this week at New Liskeard, with the concluding session this afternoon. The convention, which is the 45th annual gathering opened on Tuesday afternoon, with the Moderator, Rev. J. C. Macauley of Sault Ste Marie, presiding. Two candidates for the ministry were ordained during the convention.

The women's section of the Association also held a business and devotional meeting, with the president, Mrs. T. E. McAllister of Sault Ste Marie, and formerly of Cobalt, presiding.

Mill Worker is Fatally Hurt by Flying Timber

Rene Divarias is Victim of Accident at Latchford Lumber Mill

Rene Divarias, a young man employed at the A. B. Gordon Lumber Company's sawmill at Latchford, was almost instantly killed on Thursday afternoon last, when he was struck by a flying piece of timber from one of the machines. The machine was one of the sawing of pickets, one of which jammed, and it was when Divarias pulled a lever to release the piece of timber that he was struck. The blow caught him just over the heart, according to reports of the fatality, and he died about 10 minutes later, before medical aid could be secured. An enquiry into the fatality was arranged by Dr. J. A. Kaine of Cobalt.

Rene Divarias, who was in his 19th year, was born at Hawkesbury, Ont., and had worked in Latchford for some time past, living with his father and a married sister there. His funeral was held in Haileybury on Saturday, with the service in Holy Cross Cathedral, conducted by Rev. Father Renaud, and interment in Holy Cross Cemetery.

RAILWAY ADDS BUSES FOR SERVICE IN TWO OF THE MINING AREAS

Two of the chief mining areas of Northern Ontario will have bus services to the outlying sections, commencing immediately. Four vehicles were brought north late last week and delivered to the T. & N.O. Railway, in following out the plans of the Commission, announced in the spring by Col. Mac Lang, chairman. Two buses are being put in operation in the Kirkland Lake area, to run from that town to Larder Lake and the Omega Mine, serving several mining camps between the points, while the other two are to run from Timmins to the outlying mines of the Porcupine district.

Definite routes for the services had not been finally decided on, Colonel Lang said on Saturday, but they would be put into operation at once. The buses are of the same capacity as those of the McIsaac Transportation Company here, but are of slightly different construction.

GABLE'S MARITAL TROUBLES THICKEN

Carole Lombard

Clark Gable

While rumors persisted that "everything was set but the date" regarding the current romance of Carole Lombard and Clark Gable, above, the screen hero found himself involved in new difficulties with his estranged third wife. His latest marital mix-up came to light when Gable filed suit for recognition of property settlement made with Mrs. Langham Gable when they separated last Fall shortly after the actor returned from a South American vacation.

Former Thornloe Resident Sues Insurance Companies

Sequel to a fire at Thornloe a year ago today, and to a charge against a former resident of that place subsequently disposed of before Judge Hartman and a Temiskaming General Sessions jury, a writ was issued by Wm. C. Inch, acting for William H. Phillips, in Supreme Court here yesterday, in which two insurance companies of Toronto are named as defendants. Phillips, acquitted last November of a charge of arson laid against him following the fire which destroyed his property in Thornloe, is suing the Lumberman's Underwriting Alliance and the Providence Assurance Co., claiming from each \$1579.87 and interest from June 25 last year. It is alleged Phillips insured his property with the defendants against loss by fire and that they have neglected or refused to make the payments due under the policies, although plaintiff claims to have complied with the conditions.

Judgments in Two Cases Handed Down This Week

Judgments in two cases listed for hearing at the recent sittings of the District Court were handed down this week by Judge Hartman. In one, His Honor dismissed, with costs to the defendant, the action brought by Miss Elsie Corrigan of Noranda, against Wilbur Sullivan, formerly of Haileybury, and relating to a quarter interest in the Corrigan Constructing Syndicate. In the other, judgment for \$115 and costs was allowed the Binkley Motor Sales of New Liskeard against Rosaire Ayotte of Thornloe. This case related to a car deal in which the parties were involved.

This week also, W. C. Thuerck, as clerk of the court, assessed damages of \$3638.48 in favor of Paul Wojcieszyn of Kirkland Lake, who sued Joe Szalajko and the Modern Bakery. The case originally disposed of before Judge Hartman, was taken to Osgoode Hall on appeal, the court there referring back to the clerk the matter of assessing the damages. Costs of reference also were allowed by the clerk, who dealt with the matter yesterday.

Report Forest Fire in Temagami Area Tuesday

A forest fire in the Temagami area was reported on Tuesday by motorists coming up over the Ferguson Highway. There was considerable smoke to the east of the road, just opposite the village of Goward, but residents there were not greatly alarmed, although the bush is pretty dry at present. The smoke was visible from Haileybury, but did not appear to be increasing to any extent yesterday. Fire rangers stationed at Latchford and Temagami have been working towards control of the blaze.
