

## K. Kirkpatrick Wins Local Club Golfing Crown

Defeats Jay Gould in Final for the Purchas Cup After Stirring Struggle

Keith Kirkpatrick, one of the youngest members of the Haileybury Golf Club, on Sunday won the coveted Purchas Cup, emblematic of the club championship, when he defeated Jay Gould, one up, after a gruelling game.

On his way to the final round, Keith met and eliminated Walter Holmgren, picked as the real obstacle to aspiring titlists, Lorne Ferguson and N. J. Everard. Mr. Gould won his first round game by default and then went on to defeat Dan Millar and Bob Cumming to enter the final round.

Gould went into the lead early in the final and finished the first nine two up, but Keith, playing like a seasoned campaigner, was improving steadily and, despite the increasing gallery, which generally flusters youngsters, came from behind to be all square at the fifteenth. They halved the sixteenth and Keith went one up at the seventeenth and, holing a six-foot downhill putt on the home hole, managed a half to win the event.

Jay's putting, which had stood him in good stead in the first half of the match, went just a trifle off in the latter stages, rimming the cup on both the fifteenth and sixteenth.

Sixteen players were originally booked for the championship, and some really fine games, were contested during the course of the event, with the course in the best condition it has been for weeks.

This contest winds up the competitive events for the season, but many golfers have been taking advantage of the fine weather and the grand condition of the course to enjoy playing.

The results in the championship event were:

## Fought Police in Downtown Area Arrest Follows

Excitement Provided When Two Dymond Township Farmers Run Amok in Town

Considerable excitement was provided in the downtown section of Haileybury on Saturday afternoon, when two Dymond township farmers ran amok with Chief of Police MacGirr, when he attempted to place one of them under arrest on a charge of driving a motor car while under the influence of liquor.

The men were M. J. and Clement Ghinane, father and son, and according to eyewitnesses they were in a fair way of getting the better of the chief before help arrived in the persons of Provincial Constables Braney, Byrne and Walker. One of the men got hold of a wrench from the car and gave Chief MacGirr a couple of clips with the weapon during the course of the fight, but he suffered no serious injury.

Constable Braney, in town from Temagami, was getting a shave in a barber shop on Ferguson Avenue, not far from the scene of the fight, and made haste to the spot when the alarm arose. His friends are telling that he shed towels along the way and that the tonsorial artist followed him closely, still grasping the razor.

However, when the reinforcements arrived on the scene the fight was quickly ended and the two obstreperous visitors lugged off to the cells. The elder Guinane was later released on bail while his son was held. Both will appear in police court tomorrow, when charges of intoxication and assaulting a police officer while in the exercise of his duty will be pressed against the father, and son will face a charge of being intoxicated while in charge of a motor vehicle.

## Power Company, Court House Clash on the Bowling Greens

A challenge game between the Power Company and the Court House was played Friday last on the local bowling greens, in which the legislators fell to the superior bowling of the electrical experts, who emerged four points to the good. It was a rather damp evening, but the showers stimulated the men from the court house and it looked as though the score would have been far worse if the weather had been dry. They still believe that they can do better, and there may be a return game before the season closes. The winning rink consisted of Bob Poppleton, Garnet Murray, Jack Ruttan and A. H. Hull as skip, and the other rink played in the following order: Judge Hayward, J. R. McCracken, Sheriff Wm. Thuerck and W. T. Joy, skip.

## "Gopher Golf" Next Wednesday Aid of Library

Annual Event Expected to Draw Large Crowd; Play From 2 to 6 o'clock

The annual "gopher golf" tournament which is held every autumn under the auspices of the Haileybury Public Library Board will be staged on the local golf links next Wednesday afternoon, September 23rd, from 2 to 6 p.m., it was announced yesterday following a meeting of the Library Board on Monday night.

Arrangements have been completed through the courtesy of the Golf Club directors whereby the use of the club house and the links will be granted to the Library Board for the afternoon. Proceeds will be devoted to the work of the Library.

The tournament will be carried on along the same lines as in previous years, open to non-golfers as well as to experienced players, with all entrants having a chance at the prizes. Ladies and gentlemen's prizes for high and low scores, as well as prizes for a "mystery hole" will be offered. Each entrant will be limited to the use of one club, to be chosen by draw when the entry is

received. Tea will be served in the club house during the afternoon and it is hoped that everyone interested in the good work of the Public Library will find it possible to attend. The tournament has provided plenty of fun and amusement since it was inaugurated three years ago and it is hoped that a record attendance this year will testify to its popularity as an annual institution.

# Advertising is Good for Us!

That dusty picture of an optimist and a pessimist—the optimist seeing the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon Advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about Advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that it is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores are busiest? Is it not those stores which give out the most information about what they have to sell? The public is daily spending money—probably \$2.00 a day for every man, woman and child in the trading area covered by the circulation of our newspaper — or, say, \$2000 for every 1000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food and shelter and clothing, and for all the other things.
