

School Rugby Season Opens at Week-End

Cobalt Juniors at Liskeard on Friday, While Haileybury Srs. at Cobalt Saturday

High School Senior and Junior rugby schedules for the local group have been drawn, with the pigskin punters going to work at the week-end.

Cobalt Juniors open the season by visiting New Liskeard Colts on Friday, while the Haileybury and Cobalt Seniors will tangle at the silver town on Saturday afternoon.

The complete schedule follows

SENIOR
 Saturday, Sept. 26—Haileybury at Cobalt
 Wednesday, Sept. 30—Cobalt at New Liskeard
 Saturday, Oct. 3—New Liskeard at Haileybury
 Wednesday, Oct. 7—New Liskeard at Cobalt
 Wednesday, Oct. 14—Cobalt at Haileybury
 Saturday, Oct. 17—Haileybury at New Liskeard.

JUNIOR
 Friday, Sept. 25—Cobalt at New Liskeard.
 Tuesday, Sept. 29—Haileybury at Cobalt.
 Friday, Oct. 2—Haileybury at New Liskeard
 Tuesday, Oct. 6—Cobalt at Haileybury
 Tuesday, Oct. 13—New Liskeard at Cobalt
 Friday, Oct. 16—New Liskeard at Haileybury.

At a recent meeting the officers for the Haileybury High and Mining School Athletic Association were elected as follows:

Hon. Presidents—Messrs. H. E. Cawley, J. W. N. Bell, M. B. Glazier and W. H. Tuke.
 President—A. G. Moffatt.
 Vice-President—W. E. Taylor.
 Secretary—Arnie Belanger.
 Treasurer—G. V. Harrison

Case Against Farmers is Adjourned for Two Weeks

Charges laid against M. J. and Clement Guinane, farmers of Diamond township, following a street fight with Chief of Police W. MacGirr in Haileybury on Sept. 12, were adjourned for two weeks, when the two accused, who are father and son, appeared before Magistrate Atkinson in police court here Friday. Crown Attorney J. B. Robinson told the court that one of the witnesses Provincial Constable Braney of Temagami, could not attend, notification of this having been received at the last minute, and suggested a week's remand. Geo. Mitchell, K.C., appearing for the accused, asked for two weeks, which was granted. The charges are intoxication and assaulting a police officer, in one case, and being intoxicated while in charge of a motor vehicle in the other.

Fine Increase in C.N.R. Earnings

The gross revenues of the all-inclusive Canadian National Railways System for the week ending September 14, 1936, were \$4,145,164, as compared with \$3,722,356 for the corresponding period of 1935, an increase of \$422,808.

Wharf at New Liskeard Suffers \$100 Fire Damage

Damage estimated at about \$100 was caused by a fire at the New Liskeard government wharf on Friday morning last. The fire brigade was called and extinguished the flames, which had gained considerable headway. It was believed that a carelessly thrown cigarette butt had been the cause of the fire.

Presents Bowling Prizes To Winning Quartette

A pleasant little ceremony took place at the local bowling greens recently, when Mr. J. H. McFarlane, a past president of the club, presented individual trophies, in the form of silver cups, to the rink which earlier won his trophy in annual competition for rinks of four. Mr. McFarlane provides the individual trophies, smaller replicas of the large cup, each year. The winning rink this year was skipped by his son, Leslie, with J. A. Rutan playing third, M. S. Boyd second and N. C. McVittie lead. All were on hand to receive their trophies.

DARING WOMAN HELPS SPEEDING HUSBAND

Frau Starkle hangs perilously over the road from the side-car as her motor-cyclist husband takes a corner at high speed during the Schleizer race in Germany.

Bowlers Play in Challenge Games During the Week

Several Interesting Contests Have Been Played; Court House Turns Tables

Several interesting contests in the way of challenge games have been played on the greens of the Haileybury Lawn Bowling Club during the past week, the members taking advantage of the fine weather and the greens continuing in first class condition.

The crack rink of the Power Company, skipped by A. H. Hull which previously gave the Court House rink a bad beating, had the tables turned on Monday, when the legislators won easily in a return match. The winners refused to divulge the count, while the losers claimed they did not know how they stood at the finish, but it was admitted that the electricians only secured three points, and these came after the sixth end.

Not satisfied with the game, the Power Company rink insisted on playing a third and deciding contest the same night, but they again went down to defeat. The company rink was the same as in the previous game, but the court house substituted V. T. Reed and Jay Gould for Judge Hayward and J. R. McCracken.

On Friday evening a game between the Power Company and a rink of Cobalters, skipped by T. J. Duncan, was played and created considerable interest, with the power boys taking the honors. This was followed by a challenge from J. R. McCracken, who thought he could humble the victors with a packed rink. He quit after the eighth end, with the score 16-0 against him.

Local Golf Notes

The "Gopher" tournament in aid of the Public Library was played yesterday afternoon, many golfers and non-golfers joining in the fun. Tea was served in the club house during the afternoon and the annual event was a great success. "First" and "Worst" prizes for ladies were won by Mrs. A. G. Kirkpatrick and Mrs. F. B. Creasy, with the mystery prize going to Mrs. H. Burnett. R. D. Cumming was first among the men, with Geo. Caldbick taking the "worst" and W. H. Tuke the mystery prize. Prizes were donated by Mrs. H. S. Hennessy, Mrs. J. C. Houston, R. D. Cumming and W. H. Tuke.

R. A. GIBSON

Assistant Deputy Minister of the Interior, who will have charge of the Lands, Parks and Forests unit of the new Department of Mines and Natural Resources which is being set up at Ottawa

Quota of Moose Secured by Men From the States

Had Splendid Luck on Trip Into Quebec, With Haileybury As Starting Point

Two United States hunters, on a trip to the Quebec woods in search of big game, arrived back in Haileybury this week with their quota of a moose apiece and in an enthusiastic mood over the success of their journey, which is the second they have made to this part of the North Country. They went by plane from Haileybury to the hunting ground which is located about 100 miles east of this point and south of the Transcontinental Railway. Two fine sets of moose horns helped to fill up their motor car when they left for their home on Tuesday afternoon.

E. D. Thornton and J. H. Haun, both of Wellsboro, Pa., are the successful hunters. They told The Haileyburian that during the course of their two weeks' stay in the woods they bagged two large black bears, as well as the moose, but that there was little if any sign of other game. The weather was fine, but a little too

warm for good hunting, they said. The moose season in Quebec opens considerably earlier than in the province of Ontario.

A line of lighting equipment is now available which utilizes a

new translucent plastic material in shades and reflectors. The plastic is said to be the optical equivalent of the white diffusion glass usually used in such equipment and is, of course, lighter and less fragile than such glass.

Advertising is Good for Us!

That dusty picture of an optimist and a pessimist—the optimist seeing the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon Advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about Advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that it is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores are busiest? Is it not those stores which give out the most information about what they have to sell? The public is daily spending money—probably \$2.00 a day for every man, woman and child in the trading area covered by the circulation of our newspaper — or, say, \$2000 for every 1000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food and shelter and clothing, and for all the other things.

BARGAIN COACH EXCURSION

—FROM—

T. & N.O. and N.C.R. STATIONS

Via North Bay and C.N. Railways
