

News Notes of the North

Paragraphs Pertaining to Happenings of Interest During the Past Week

Ship Potatoes North

Potatoes from the Temiskaming Clay Belt were offered for sale in Timmins this week as the local supply began to fall off. G. Cole of New Liskeard was one farmer who made the trip north on the Ferguson highway with a load of spuds he disposed of here at prices from \$2.00 a single bag to slightly lower amounts for quantity buyers.

The vegetables were of good size and quality and found a ready sale here.

Liskeard farmers report extensive damage there from summer frosts, particularly in the low-lying ground. Losses were not as great as in the Porcupine.—Porcupine Advance.

Night Classes at Rouyn

Efforts started last fall by the local Council of Friendship, with the co-operation of the Noranda Protestant School Board, for the opening of night classes for the teaching of French and English have at last met with success, and announcement was made this morning that classes will be started next week.

Arrangements are being made for teachers and it is expected that three classes in English and one in French will be organized. These classes will be open to all the people of Rouyn and Noranda on payment of a fee of \$5.00 for the term.—Rouyn-Noranda Press.

Boy Makes Long Trip

While members of his family searched the town for some trace of George Alexander, 13-year-old son of Mr and Mrs. G. Alexander of Timmins, the boy was picked up in Toronto yesterday after being missing from his home here for nearly two weeks.

The boy became affected by the travel urge some time ago, it is understood, and his actions in leaving here were accepted by his family as one of the lad's occasional jaunts.—Timmins Press.

Chinaman to Hang Here

John Wah, Chinese resident of Timmins, was convicted of murder last week at Cochrane assizes before Mr. Justice Hogg, and sentenced to hang at Haileybury on January 8th next. The victim was Woon Hong, a fellow countryman of Wah, and it was charged that the latter had used a knife in an affray on November 4th last year. Dr. E. R. Frankish medico-legal expert from Toronto, was a witness at the trial. The jury recommended mercy, but the sentence of capital punishment followed. Wah was brought to Haileybury on Friday evening and lodged in the district jail to await execution.

Drop Amalgamation Plan

All plans for the amalgamation of the shops of the Temiskaming and Northern Ontario Railway and the Canadian National Railways at Cochrane will be abandoned, it was learned in Toronto on Wednesday.

A. H. Cavanagh, general manager of the T. & N.O. will confer with Premier Hepburn on Thursday and at that time will be advised to halt negotiations for the amalgamation. It is said that the Premier is most reluctant that the town of Cochrane should lose its charter as a "T. & N.O. town"

and that any economies which might be effected would be offset by the loss of prestige of the government-owned railway.—Cochrane Northland Post.

Mrs. Weedon Buried

With Rev. Canon R. S. Cushing of St. Matthew's Anglican Church officiating, the funeral service for Mrs. Catherine Weedon was conducted at 3.30 Friday afternoon, in Walker's Undertaking Parlors. Interment was in the Timmins cemetery.

Mrs. Weedon died very suddenly on Wednesday morning at her home, 53 Sixth Avenue. She was born in England, but had lived for 35 years in Canada. Forty-five years ago she married John Weedon, who survives.—Timmins Press.

Power Troubles at Gold Camp

Trouble from lightning at the Matabitchouan plant of the Canadian Northern Power Corporation

on Friday night last, was the cause of a fire in the sub-station at Kirkland Lake, when damage estimated at not less than \$6,000 was caused and serious interruption to the services in the gold camp followed. It was explained that when the 25-cycle equipment was being started after it had been automatically kicked out with the lapse of the Matabitchouan supply, a converter switch blew up and sprayed burning oil about the station. A temporary service was put into commission and complete repairs are being made, but it was estimated that it would require two weeks before these were completed.

New Algoma Producer

Comprising another step in Algoma district mining progress, the 75-ton mill of the Edwards Gold Mine is expected to go into production this week.

It will mark the eighth mill to go into activity in the Goodreau-Michipicoten gold field.

The work of installing the plant at the Edwards property was reported nearly completed last week by J.A.S. Rousac, manager of the mine.—Chapleau Post.

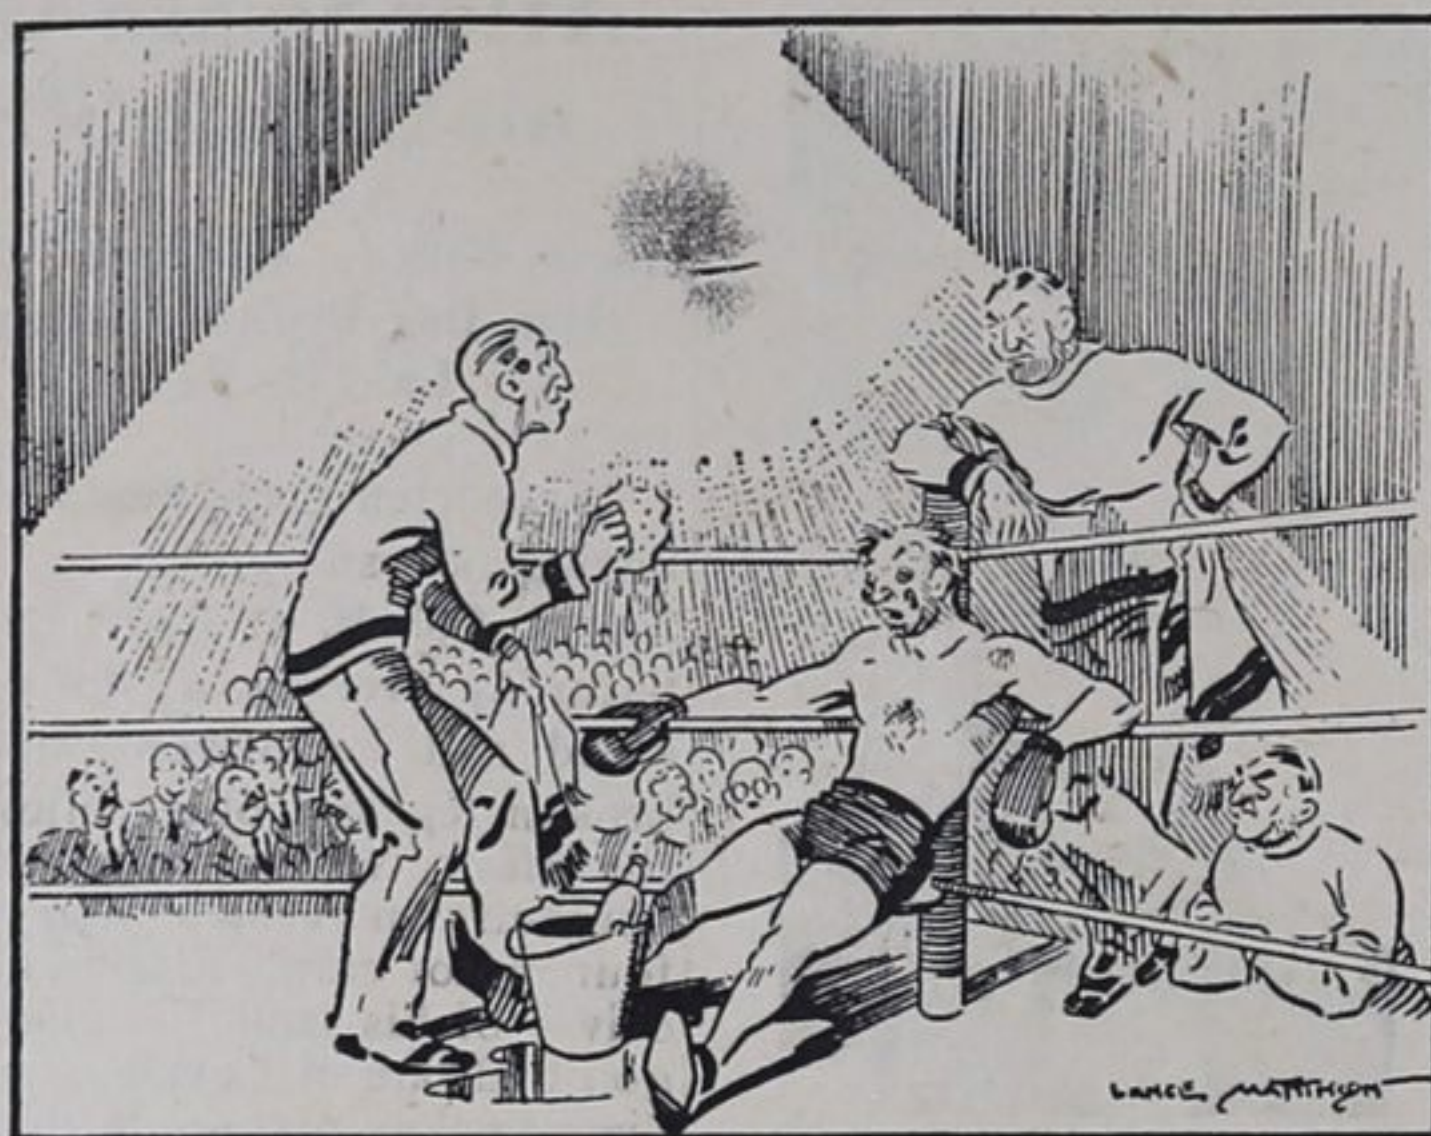

Should Have Good Team

The number of men who will try out for the Timmins hockey club's team this season was raised to 30 before the October 15th residence rule closed off the possibility of more outsiders coming to town. The executive of the local club feels confident, with good reason, that Timmins will have a real team to represent it in the N.O.H.A. this winter.—Porcupine Advance.

Check Guns in Camp

Game wardens in the North Country have been ordered to make a rigid check on all firearms in camps throughout the lumbering and mining areas, under a regulation of the Game and Fisheries Department which pro-

vides that only one gun, rifle, revolver, etc., may be legally kept in any one camp. Permission is granted to have a single firearm in each "public work" camp, and (Continued on page 3)

STOLEN BABY FOUND, MOTHER SOUGHT

United States authorities are searching for Mrs. James Molinero and her alleged sweetheart, Mike Esposito, following recovery of the missing Molinero baby in Detroit. James Molinero, who claimed the child after it had been abandoned in Detroit, told police his wife had taken the little girl when she eloped from their Chicago home last July with Esposito.
