

## Bar Association Asks Fixed Term For Mining Court

Annual Banquet Held Here Last Week; Mr. Justice Greene is Guest of Honor

The Temiskaming Bar Association, meeting here for the annual banquet last week during the fall assizes, decided to ask for fixed terms for sittings of the Mining Court at Kirkland Lake in future. It was pointed out that on different occasions litigants had come long distances, only to find the court sittings postponed. It was also resolved to ask the Chief Justice of Ontario for four sittings annually of the Supreme Court, thus reverting to the schedule in force up to 1931.

Joseph A. Legris, K.C., president of the Association, was in the chair at the banquet and Mr. Justice Ainslee Green, presiding at the fall assizes, was a guest of honor and one of the speakers. Others who addressed the gathering of legal men were R. S. Robertson, K.C., His Honor Judge Hayward, Hon. W. A. Gordon, K.C., and Magistrate Atkinson.

## ROTARY CLUB TO HOLD FALL STAG PARTY ON FRIDAY, NOVEMBER 6TH

Friday, November 6th, was fixed as the date of the local Rotary Club's fall stag party, when the members discussed the event at the regular meeting on Monday. It had been planned to hold it at the end of October, but the prevalence of other events around that time was responsible for the postponement. The program for the event is not yet complete, but it is expected that those attending will be privileged to witness J. W. Rose giving one of his famous exhibitions of sleight-of-hand during the evening. There will also be games of all kinds and attractions that promise plenty of action and amusement for the male members of the community, and the proceeds will go towards the club's community service funds.

No one need die of tuberculosis. There is knowledge enough to wipe out the disease if you and everyone you know would apply this information. Christmas Seals help this life-saving knowledge. Buy them and use them.

Christmas Seals fight for homes and children. They provide funds to help save everyone from tuberculosis, the disease which kills more persons between 15 and 45 than any other.

## PROVIDE GLASSES FOR FOUR CHILDREN FOUND NEEDY THROUGH SURVEY

Four local children will be supplied with needed eyeglasses, at the expense of the local Rotary Club, as a result of a recent survey made by the public health nurse under direction of Dr. W. C. Arnold, M.O.H., who reported the results of the survey at the regular club luncheon on Monday. A special rate was secured for examination by Dr. Grattan, the club was told by Dr. Arnold, and the four were found in bad need of the glasses and without other means of getting them.

The club had a visit from Douglas Howland of Calgary, a member of Rotary International, who spoke briefly of prospects of the organization of two or three more clubs in different sections of the province. It was reported that an invitation had been accepted by the North Bay Rotary Club to visit Haileybury next Monday, and the meeting will be held at 6.30 p.m. that day, instead of the regular noon hour.

## Currency Reform Predicted By Student of Exchange

That there was an urgent necessity for "currency reform that will bring revolutionary changes in international dealings" was the statement of Jos. Beemans of New Liskeard, to the Haileybury Rotary Club at its regular meeting on Monday. Mr. Beemans, a close student of international exchange, described the changes that have taken place in the world finances since the war, explained what the "gold standard" really is and told how the variations in exchange effect domestic prices and bring about "depressions." While it is safe to say that the Rotarians did not grasp the financial situation in its entirety, they got some valuable information from Mr. Beemans' talk, but, as Rotarian Geo. T. Hamilton put it in moving a vote of thanks, they "would need several lessons along the same lines before they would become familiar with the world of finance."

## News Notes of the North

(Continued from Page 2)

this includes lumber camp, mining camp, railway or road construction camp, or any one of several other institutions of like nature, and it must be covered by a proper permit in charge of the foreman. The permission is granted as a protection against bears or other marauding animals

## Apologize in Libel Action

A public and written apology was tendered by Odelin Drouin Val Coté settler, to Robert Miller, crown timber inspector at Mattice, before Mr. Justice J. Keiller MacKay in assize court at Cochrane Thursday evening, and a charge of defamatory libel laid against Drouin was traversed to the next sitting of the court.

This was taken as an indication that the action would be dropped. The charge had arisen out of a letter sent by Drouin to W. C. Cain, deputy minister of lands and forests, to which the name of another Val Coté settler, Percy Bloom, had been signed, implying that Mr. Miller was acting corruptly in the execution of his duties.—Kapusking Tribune.

A dollar for prevention is worth \$100 for cure. Christmas Seals which fight tuberculosis are only \$1.00 a sheet.

"The good they do depends on you." An unpurchased Christmas Seal cannot fight for your health against tuberculosis.

Your purchase of Christmas Seals may save a friend or a relative or some one you don't know at all, but be assured it will help to save a life. The campaign against tuberculosis is keeping human beings alive and preventing others from getting sick. Christmas Seals keep the campaign going.

## THE GATES OF ENTERPRISE

The World: "Ah! That's better! When the lock gates open we shall move on." —From News of the World, London.

## When the Easiest Way Is the Best Way

There are no two ways about it! Certainly the easiest way to get the most for every dollar you spend is to buy products that you know about through the advertisements in your local paper. You don't have to go out and look for buying opportunities. The advertisements bring them to you. And all you need do is consider the facts, compare values and decide on the soap or the sedan that best fits your judgment and your pocketbook.

Certainly the best way of making your money go farthest is to buy merchandise of proved value. Advertised merchandise. Merchandise that is bought and used by many people. Merchandise that must be superlatively good enough for its maker and your local retailer to keep calling it to the attention of people week after week and year after year.

This is the service — of convenience and profit — that the advertisements offer you. It will pay you to read them regularly and take advantage of everything they can do for you!

Remember when your Christ-centrated efforts being made to in the fight against tuberculosis. Christmas Seals arrive that tuberculosis reduce this unnecessary taking. The time has come. Christmas kills one and one-half times as of young lives. Seals go on sale soon. many girls between the ages of. Who will be the first purchaser 15 and 25 as boys. Christmas At least once each year comes. YOUR opportunity to have a part of Christmas Seals in Haileybury?

# Advertising is Good for Us!

That dusty picture of an optimist and a pessimist—the optimist seeing the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon Advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about Advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that it is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores are busiest? Is it not those stores which give out the most information about what they have to sell? The public is daily spending money—probably \$2.00 a day for every man, woman and child in the trading area covered by the circulation of our newspaper — or, say, \$2000 for every 1000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food and shelter and clothing, and for all the other things.

## "Somebody to See You!"

If everybody with something to interest you should come and ring your bell, what a nuisance it would be! Think of the swarming, jostling crowd, the stamping of feet on your porch and carpets!

Every week we know of many callers who come to see you. They never jangle the bell — they don't take up your whole day trying to get your attention. Instead they do it in a way that is most considerate of your privacy and your convenience. They Advertise in your newspaper!

In this way you have only to listen to those you know at a glance have something that interests you. They make it short, too, so you can gather quickly just what you want to know. You can receive and hear them all without noise or confusion in a very few minutes.

In fairness to yourself look over ALL the advertisements. The smallest and largest—you never can be sure which one will tell something you really want to know.

**To Ease a Headache Fast**  
Get Real Quick-Acting, Quick-Dissolving "ASPIRIN"

**For QUICK Relief**  
If you suffer from headaches what you want is quick relief. "Aspirin" tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.) Hence—when you take an "Aspirin" tablet it starts to dissolve almost as quickly as you swallow it. And thus is ready to start working almost instantly — headaches, neuralgia and neuritis pains start easing almost at once. "Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet. Try it. You'll say it's marvelous.
