Farmer Attacks Youth With Axe Taken in Charge

Hilliard Township Man Blames Neighbor for Prank; Victim Suffers Bad Slash

Charles Wood, Hilliard township farmer, was arrested by Provincial Constable Lee Walker on Tuesday afternoon, after he had allegedly assaulted Louis Joyes aged 19, who lives with his parents on a neighboring farm a mile away. The accused man was brought to police headquarters in Haileybury and will appear to answer to the charge before Magistrate Atkinson.

Constable Walker learned that as Joyes was passing the Wood farm at about 3.30 on Tuesday afternoon, he was accosted by Wood and blamed for some Halloween pranks that had been done Saturday night at the latter's farm. Joyes denied the charge, stating that he had been at a dance that evening and had not been near the place. Wood had an axe in his hand, the officer was told, and swung it as he attacked Joyes on the roadway. The latter grappled with him and succeeded in deflecting the blow to some extent, but the weapon struck him on the side, cutting through his clothing and inflicting a wound that required six stitches to close. He was given medical attention and a message sent to provincial police headquarters with the result that Wood was placed under arrest as soon as Constable Walker arrived on the scene.

COURT OF REVISION IS ADJOURNED FOR WEEK; HOLD SESSION TONIGHT

When only two members of the town council turned up for the annual sitting of the Court of Revision on Friday night last, a week's adjournment was decided on and a number of appellants who attended had to go home without having the opportunity of placing their complaints before the authorities. Councillors John A. McKinnon and S. J. Mason were the faithful ones who attended, but a quorum of three was necessary before any appeals could be dealt with. Later in the evening Councillor R. A. Murphy, who had been out of town and was late in returning arrived at the council chambers but the people making the appeals had gone home. The resumed session will be held this evening at 8 o'clock.

There are 13 or 14 appeals to be heard, according to the list compiled by Town Clerk H. Briden, and it was not expected that a very long session of the court would be necessary.

Newspaper Man Killed Under Train at Timmins

Wallace J. Laut, well known writer and formerly editor of the London Advertiser, was killed under the wheels of a freight train in the T. & N.O. yards at Timmins on Monday. No one witnessed the fatality and there is no knowledge of how he came to get under the train, which passed over his body.

Mr. Laut has been for some time past a writer of mining articles and was well known in the North Country. His home was at Bracebridge. For a time he was editor of "Gold" a Toronto mining magazine, and more recently had been doing free lance work. He was a nephew of Agnes C. Laut, for many years prominent in Canadian journalism.

Armistice Day Program Will be On Air at Night

Sir Ernest MacMillan Conducts Orchestra and Choir; Prime Minister to Speak

For its third annual Remembrance Day broadcast, the Canadian Legion has secured the services of Sir Ernest MacMillan, principal of the Toronto Conservatory of Music, to direct the musical part of the service, which will be heard over a nationwide network from 9 to 10 p.m. on November 11th.

The program will include as a keynote an excerpt from a speech delivered by His Majesty King Edward VIII to the Brigade of Guards on July 16th, 1936, and an address by Rt. Hon. W. L. Mackenzie King, Prime Minister.

The Toronto Symphony Orchestra, and the choir of the Toronto Conservatory of Music will be heard in hymns and anthems and there will also be a re-broadcast of a portion of the Christmas message, 1935, of His late Majesty King George V.

The service will conclude with the hymn, "O Valiant Hearts," an ode the National Anthem, and the Last Post and Reveille will be sounded by a band of trumpeters.

Two former Sudbury miners, both now dead, were cited for bravery by the Carnegie Hero Fund Commission. They were Dmetrie Benuik and Harold Gaborie, both former employees of the Falconbridge Nickel Company.

Hon. Earl Rowe, Conservative leader in Ontario, will speak at New Liskeard, in the Empire Theatre, this evening, and tomorrow evening he will address a meeting in the Town Hall, Cobalt. Both meetings are billed for eight o'clock.

Normal Rainfall Nearly Doubled For Past Month

Only Exceeded in Three Previous Years; Temperature Well Below Average

The rainfall for the month of October this year was nearly double the normal for the period since 1894, according to figures compiled by Jas. Reavell, in charge of the local meteorological station. A total of 4.58 inches fell during the month, compared to an average of 2.68 inches.

In only three years since records have been kept was this fall exceeded, 1897, 5.14 inches; 1901, 5.17, and 1918, 5.08. In addition to the rain there were 6.8 inches of snow last month, making a total precipitation of 5.26 inches, compared to 3.08 inches for the month last year and an average over the long period of 3.03 inches. There has often been more snow in October, however, and last year there was a record of 9.2 inches.

Last month was considerably colder than the average, with a mean temperature of 37.6 degrees compared to last year's 42.6 and the average of 43.2. The maximum was 70 degrees and the minimum 12.4, with corresponding figures for last year of 66.4 and 26.4.

Wind records for the month show a total mileage of 6,432 and an average velocity of 8.6 miles per hour, differing only slightly from last year. The highest wind blew from the southwest, at 27 miles per hour, and the greater part of the month's breezes blew from that direction. The longest continuous wind blew for 35 hours, with a total of 441 miles recorded. There were just 14 calm hours during the month exactly the same as in 1935.

Fire Marshal's Enquiry Into Mine Blaze Adjourned

Following a resumed session at Cobalt on Saturday last, the enquiry being conducted by W. J. Scott, Ontario Fire Marshal, into the blaze which destroyed the buildings at the Trout Lake Mine property of the Primo Silver Mining Company, the investigations was adjourned sine die.

The fire marshal suggested to Crown Attorney J. B. Robinson that the provincial police make a check up on conflicting evidence given by witnesses heard, and that if it was found that there was false testimony given charges of perjury should be laid. The mining property is about 10 miles west of Cobalt and the fire occurred in June last.

The Royal Winter Fair at Toronto will be held this year from November 18th to 26th.

Rob Town Vault As Council Sits In Same Building

Cash Box With Money and Mining Stock Disappears from Office in Cobalt

While the Cobalt town council sat in regular session on Monday night in the council chambers at the town hall, someone entered another part of the building and made off with a cash box from the vault, which had been left unlocked during the course of the meeting. The box contained about \$23 or \$24 in cash, several cheques that had been received during the day and mining stock certificates to the value of around \$1,000, the latter the personal property of A. W. Harrington, town clerk and treasurer of the municipality. The vault is located at the opposite end of a corridor from where the council holds its meetings and, as the doors between are closed, it was probably not a difficult job for the thief to slip in and rifle the safe without being noticed. Loss of the cash box was not discovered until Tuesday morning.

Mr. Harrington stated that he had locked the vault door at 5 p.m. on Monday, but when he returned to the office about 7 p.m. to prepare for the council meeting he had opened it and it remained open for about four hours during the course of the meeting. He had been to the vault at least twice during the meeting and had not noticed anything amiss, and there had been a number of people in the building, some attending the council meeting and others preparing for a play in the hall upstairs.

The stock certificates were negotiable, according to the owner, but the cheques were made out to the town of Cobalt and the clerk had a record of them. The numbers and descriptions of the certificates were wired to the Toronto Exchange, and it is hoped that they can be identified in this way. Both municipal and provincial police were notified of the burglary as soon as it was discovered and are investigating.

The missing cash box was a fairly large one, with no handles, and would be rather hard to dispose of, it is claimed, but there is so far no clue.

Announcement that the proposed Trans-Canada air mail service would be established at an early date, was made on Monday by Hon. C. D. Howe, Minister of Transportation. By 1938, the Minister said, an all-British mail and passenger service by air will be in operation between England and the Pacific coast of Canada.

Lake Shore Mine Reported Scene of Fatality Yesterday

A mining fatality, with few definite particulars, was reported in a news broadcast from Toronto last night, as having occurred yesterday at the Lake Shore mine in Kirkland Lake. The collapse of a scaffolding in the underground workings was said to have been responsible for the death of a number of men, and the names of three were given, with the belief expressed that there were several others. News from the mine was not forthcoming, the broadcaster said, but a report by "grapevine" telegraph had told something of the disaster. The name of George Cadman, brother of Mrs. L. Erenhouse, of Haileybury, was given as one of the men killed. He is a member of a family well known in this district.

Local Firm Gets Contract on New Quebec Railway

Hennessy and Hennessy to Clear Right-of-Way From Rouyn to Senneterre

The local firm of Hennessy and Hennessy Limited has secured the contract for the clearing of the right-of-way on the new railway line to be built from Rouyn to Senneterre, Quebec, and will commence operations on the big project immediately. The railway is the projected new line of the Canadian National Railways, which will connect up the twin towns of Rouyn and Noranda with the main line of the C.N.R., running through several well established new mining camps and farming settlements.

The length of the railway, according to M. J. Hennessy, is 100 miles and a half, and the right-of-way will be cleared by the end of January next. Four main camps at strategic points along the route will be established, with the line, and between 150 and 200 men will be employed.

The Hennessy firm secured the contract from Mannix and Owens of Calgary, who were the successful bidders on the main contract for the clearing, grading and bridging necessary on the new line.

Local Stores to Close For Hour on Armistice Day

No Public Holiday Observed in Haileybury This Year; Service at Memorial

Armistice Day, November 11th, will not be observed as a public holiday in Haileybury this year it was stated by Councillor S. J. Mason, acting mayor early this week. In common with many other towns and communities, the stores and business places generally will close for an hour, from 10.30 to 11.30 a.m., in order that all may attend the memorial service marking the anniversary of the signing of the armistice following the cessation of the great war. The day has been proclaimed a Dominion holiday by act of parliament, but the consensus of opinion appears to be that communities have the privilege of observing the anniversary in any way they see fit.

The holiday will be observed by the schools and there will be the usual sale of Poppies by the I.O. D.E., under the auspices of the Canadian Legion, which will also hold the annual services at the Soldiers' Memorial on Main Street commencing at 20 minutes to 11 o'clock. This service will take the same form as in previous years, with several local clergymen taking part. Rev. W. A. Beecroft will give the address, while Rev. R. Haines, Pastor G. F. Gorman and Captain Cuthbert will assist in the services. All citizens are invited to attend and join in the services.

The Week's Weather

Week ending Nov. 3rd, 1936:

	Max.	Min.
Wednesday	39.2	31.6
Thursday	39.6	34.2
Friday	26.4	19.0
Saturday	44.8	18.0
Sunday	32.0	27.8
Monday	60.0	27.6
Tuesday	60.0	27.8
Precipitation for week	1.09"	
Max. wind (1 hr.)	24 m.p.h.

TOWN OF HAILEYBURY

Elizabeth Arden introduces the new **COLOR CAPES***

Bright new season... all glitter and change. High hats, short skirts, Edwardian coiffures, dramatic colors. If you think you "can't wear" the new colors you'll miss half the excitement. So Elizabeth Arden has originated these Color Capes, each one matched exactly to an important costume color, and she has worked out special make-ups for every shade.

Slip one around your shoulders. Then while the color reflects on your face, let our Elizabeth Arden representative suggest to you the right make-up. (The Color Harmony Chart has this all down so you won't forget.)

*Registered by Elizabeth Arden, 1936

Miss Arden's representative, Miss Elizabeth Smith, will be in our store,
November 16th to 18th

to assist you in the selection of your new make-up. Appointments for consultation are made by telephone.
