Paragraphs Pertaining to Happenings of Interest During the Past Week

Rescue Hunters By Plane

Isolated for eight days due to frozen waterways, in a trapper's shack on a small river in Rhodes township, 40 miles by air from Sudbury, a party of three hunters were today rescued by Pilot Phil Sauve of Sudbury, who flew in by aeroplane and brought the hunters out to Lake Penage, where they are now resting after their long period of privation. The party consisted of Ernest Andrews and W. Price of Poughkeepsie, N.Y., and William Hotti of Lake Penage. T. H. Kington, guide of the party, walked 44 miles to the nearest railway point to get a train out and to send word of the plight of the hunters.—Sudbury Star.

Suicides With Dynamite

Shutting himself in a shed at the rear of 117 Carter Avenue yesterday afternoon, Sam Semple 27, committed suicide with dynamite shortly after five o'clock. He had announced his intention of doing so in the afternoon, but friends and relatives paid no attention as he had been talking of ending his life for three months. "You'll see," he told them in the afternoon. Semple came into town about a week ago after working at the Erie-Canadian Mine.—Northern News.

Fatal Lumber Camp Fire

When the lumber camp in which they were employed caught fire on Thursday night last, Henry Turunen, 42, of Hearst and Louis Bienvenu, 60, from New Brunswick, lost their lives in the flames, while several others of the 125 men asleep in the camp at the time suffered injuries from burns. The camp was located 38 miles south of Kapuskasing, at Redpine Lake, and was operated by the Spruce Falls Paper Company. The fire started in a drying room between two bunk-houses, according to reports, and the flames spread rapidly as the men slept.

Start New Railway Line

The contract for the building of the new branch line of the Canadian National Railways from Rouyn to Senneterre, a distance of 10 miles, has been let to Fred Mannix, Calgary, Alta., contractor, and a start is to be made immediately. The contract is for the clearing, grading and bridging necessary to complete the right-of-way and this part of the work is to be completed by next fall. The new railway will serve several of the newer mining districts in Northern Quebec, as well as farming settlements. A sketch of the route appeared in The Haileyburian a couple of weeks ago when the surveys were completed.

Timmins Police Enquiry

An investigation into alleged irregularities on the part of Chief

of Police Paul of Timmins commenced last week and the gold camp is taking a great interest in the progress of the probe, which is being conducted by Judge Caron of Cochrane. Reports so far published show an attempt to prove that the chief had been suspected of being mixed up with some people in highgrading activities. Crown Attorney S. A. Caldbick is representing the town of Timmins at the enquiry and Dean Kester, K.C., is attorney for the chief of police.

Timmins Growing Fast

New assessment figures released at the town hall this morning show that the increase in the

assessed value of property in Timmins this year will net the town an additional \$40,000 in taxes next year if the tax rate remains at the same level.

Total assessment of the town is rapidly approaching the ten-million-dollar mark and is now \$9,688,825, compared with \$9,039,594 in the 1936 production of this amount \$2,359,998 is exempt, leaving \$7,328,827 liable for all tax rates.—Porcupine Advance.

Bryce Township Active

Considerable mining activity is reported from Bryce Township in the Engelhart district, where gold discoveries early in the year caused a great stir. It was the reports of these discoveries that brought a long-distance telephone call from England to Sheriff William Thuerck and resulted in a published interview in the London Daily Express in which all the Wild West terms that the reporter could think of were used. Now it is reported that Hollinger Consolidated has commenced diamond drilling op-

erations on the group of claims, while other concerns are either drilling or preparing for similar activities. Encouraging results have been secured from surface development and the outlook is promising for a new gold camp, according to reports.

Moose Meat Expensive

Alphonse Ouellette, Haggart township hunter, found that the shooting of a moose out of season is an expensive proposition, when he appeared in police court here Wednesday.

The moose meat will cost him exactly \$27.75. This was the fine imposed by Magistrate Tucker

following Ouellette's plea of fine for such an offence. The guilty. This was the minimum (Continued on page 3)
