BAD RADIO RECEPTION

Since the advent of the winter, there seems to be a tendency on the part of the newspapers of the North to lay off the roads question for the time.

For years there has been insistent demand on the part of Northerners for some better service, for some steps that would enable those who have spent fairly large sums for receiving sets to get some real satisfaction out of them.

THE MOTHERCRAFT SOCIETY

Since 1931 the Canadian Mothercraft Society has been working unceasingly in Toronto, through its hospital and advice rooms, but its work is not confined to the city.

From the literature sent out, it is evident that the Society is doing a work that is well worth while. It is part of the great Empire-wide Mothercraft movement begun in New Zealand 30 years ago by Dr. Truby King.

We are convinced that the appeal of the Society should not go unheeded, that the movement should be spread into every section of the country and that the greatest good will result from the furtherance of the work.

Blame Boys for Damage to Constance Lake Waterworks

Boys are believed to have been responsible for considerable damage at the Constance Lake waterworks, according to Chief of Police MacGirr. The small building containing the valves on the pipe line has been broken into and the valves opened and the building shot full of holes by the use of rifles, the chief says.

Every man has some present blessing, but nearly all men dwell on some past blunder; and with this mud in their minds, they look over into the future for more trouble.

GRAPE HARVEST IN GERMANY

"Bingen on the Rhine" famed in song and story, produces some of the best grapes for the dry white wine for which the district is known. A rural Karl and Gretchen are here shown harvesting the crop.

Here and There

Famous officers of the Canadian Pacific Railway and Sir John A. Macdonald, Prime Minister of Canada, arrived at Revelstoke recently and held a series of historic meetings. Among them were Donald A. Smith, George Stephen, James J. Hill, Van Horne and Shaughnessy, names associated with the past half century with the construction of Canada's first transcontinental railway.

Says Gene Sarazen, one time world's champion golfer, writing of the Banff Springs Hotel course at the famous resort in the Rockies:—"That course of Banff is everything you said. Miss Helen Hicks and I played it against two guests at the hotel and we were beaten. With a huge gallery it may seem funny to hear we simply couldn't keep our minds on the game—the scenery was simply too much."

The first 1937 world cruise to set out from New York will be the Canadian Pacific liner Empress of Britain which will sail January 9 for a voyage of 125 days, covering 30,000 miles and visiting 29 ports in 22 different countries. Among these countries are Palestine, Egypt, India, Ceylon, Malay Archipelago, the Philippines, China, Japan, Hawaii and back to New York via California, the Panama Canal and Havana.

Police Are Investigating Suspected Poisoning of Cows

Provincial Constable Stromberg of Cobalt has been asked to investigate the death of two cows on the farm of Sam Cote, near the Gillies Airport, which are believed by their owner to have been poisoned. A veterinary surgeon was called from New Liskeard and the officer will secure his advice before proceeding further in the matter.

Some months previously a cow at the farm of Silas Cook, in the same neighborhood, died under somewhat similar circumstances, and it is thought possible that all three cases were the result of poison.

WE MUST STAMP OUT Tuberculosis

In Temiskaming District IT MUST be done IT CAN be done!

Again this year, aware of the urgency of conditions, in our District, the three Service Clubs of Temiskaming: Kiwanis in Cobalt and New Liskeard and Rotary in Haileybury, are sponsoring the Annual Christmas Seal Sale. Every man and woman, every boy and girl, no matter how old or how young, is asked to sacrifice his or her mite, be it much or be it little, towards this great task, in order that the ravages of the dread "White Plague" be stopped and our children and young people protected against its onslaughts.

Past contributions have made possible in Temiskaming:

- 50 public clinics, 595 patients examined. 437 X-rays taken. 165 tuberculosis tests, 164 cases of Tuberculosis discovered.

Early and efficient treatment placed within reach of every sufferer.

Tuberculosis can be cured. But your help only can assist in preventing it.

"I'm a real champion, too, because when I knock 'em out, they stay knocked out. Which is one way of saying that when I oust the scrub-board and set-tubs and all the painful toil that goes with them, they never come back. I'm a fighting champion, too, always ready for a bout with the biggest bundle of washing you can bring me. Every day or once a week, it's all the same to me. I clean them up beautifully... without hurting even the most delicate fabric... in quicker time than you ever thought possible. Just snap my switch and I go to work on them while you rest or do other things. A small down payment makes me yours. Find out about it."
