

## Curlers Capture Clark-Lang Cup; Win Both Rounds

**Emerge With Good Margin Over New Liskeard Club After Hard Fought Battles**

The Haileybury Curling Club brought home the Clark-Lang trophy from New Liskeard last night, after emerging with a good margin of points in the two rounds played on Wednesday, January 13th, and Wednesday, January 20th. In the first clash, the Haileybury men were seven points to the good and last night they increased this lead to 13 points. Eight rinks of each club play for the trophy, making four games on each rink, and the contest brings considerable interest to the players, usually centreing around the game between the two donors of the cup, John Clark of New Liskeard and Mac. Lang of Haileybury, who oppose each other in the struggle.

Last night's games resulted as follows:

### HIGH SCORER

Lorne Carr of the New York Americans, is one of the four highest goal scoring forwards in the National Hockey League. According to recent statistics Carr has scored more goals than any other player on his team, although Schriener has more points because of his assists.

### Mrs. J. C. Houston Speaks At Timmins Ladies' Meeting

Mrs. J. C. Houston of Haileybury, who is sponsoring organization in the North Country of the Women's International League for Peace and Freedom, addressed a meeting of ladies of the Porcupine district at Timmins yesterday afternoon. The object of her talk was an explanation of the aims and objects of the League, together with a sketch of its growth during the score of years that it has been in existence.

Mrs. Houston was the guest speaker at the luncheon meeting of the Kiwanis Club in Timmins on Monday.

The first proof of a man's incapacity for anything is his endeavoring to fix the stigma of failure upon others.

## Hockey Notes

Last Thursday night Haileybury Seniors dropped an overtime game to Liskeard at the Farming game to Liskeard at the Farming Town, 6-5. The local boys had a two-goal margin at one time in the final frame, but a penalty allowed the Liskies to tie it up, and their winning counter came early in the extra time. This defeat eliminated Haileybury from contention in the senior race.

The Haileybury Juniors have struck their stride. Last Friday evening they invaded the Cobalt ice palace and larruped the Miners 9-4. The boys had their plays working to perfection and kept Cobalt on the run. The newly formed line of Meaney at centre with Hughes and Stuckey on the wings performed brilliantly, while the other line, with Allen McIsaac as pivot and Hume and McCurdy as wings also clicked to perfection. The boys are grateful to Neil McIsaac, one of the team's greatest supporters, who treated the lads to a turkey dinner after the game.

Monday evening saw Liskeard Seniors step into Cobalt and take a 7-6 decision in overtime. The game was hard fought all through and the Farmers seemed to have more left at the finish than the weary Miners. The first period ended 2-1 for Cobalt, but Liskeard tore in strong and brought the count to 4-2 in their favor at the second gong. Cobalt returned to force matters in the third and put the squads level at the end of the regulations time. The referee who had been appointed for this struggle failed to appear and the teams agreed on "Red" McAndrew and Eric Eastman to handle proceedings.

Tuesday evening saw Haileybury Juniors, decked out in new crests, (now known as the Red Indians) wade into Cobalt and virtually put them out of the running with a 10-2 pasting. Gordie Durrell has his charges going like the proverbial house afire, and the lads left no doubt in anyone's mind that they were the team to

beat for group honors. The win put them up at the top of the class, and on their performances in the past two games they look to be hard to dislodge. Haileybury scored four in the first with no reply from Cobalt, Hughes, Short, Hume and Meaney doing the needful, with Stuckey, Meaney and Short drawing assists. In the second Haileybury counted another four before Cobalt was able to break into the goal lists. Meaney, Hughes, Short, Stuckey with assists from Hughes, Stuckey and Hughes was the order of scoring, before Cobalt, through Chartier, notched one. Then to finish the period Hughes and Meaney combined for another. In the final frame Cobalt changed goalies, with O. Birch replacing Morin, and the change brought a brighter tint to the picture in the final frame from Cobalt standpoint. Haileybury was held to a lone tally, counted by Stuckey, while Kelly got Cobalt's counter. The boys play in Liskeard tomorrow, Friday night, and must defeat the Farmers to stay out in front. The Juniors are playing a mighty pleasing brand of hockey and should draw plenty more spectators than have been attending of late.

Last Saturday's exhibition between Bill Brydges' Lake Shore Blue Devils and the All-Stars of the Central Group was just a workout for the Golden Group representatives. They are a fast skating smooth-working outfit who do not waste time fooling, and they scored approximately 13 goals, while the best the locals could do was 4. Grivel, Olliver, Marshall, Wilkes, Milton, Crawford and Armstrong carried the most stuff, and they were a treat to watch, their skating, passing and shooting being of high order. It is possible they may be back again, if one of the Nickel Belt teams like Frood or Refinery can be induced here reasonably. This would make a "natural" and it is freely stated that if the game materialized, the rink would be filled to capacity.

A new automatic coal burner and stoker for residential use abolishes coal handling, is extreme in compact design. Powered and controlled by electricity, it utilizes a feed worm to convey coal from bin to furnace through an under-floor channel.

# Advertising is Good for Us!

That dusty picture of an optimist and a pessimist—the optimist seeing the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon Advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about Advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that it is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores are busiest? Is it not those stores which give out the most information about what they have to sell? The public is daily spending money—probably \$2.00 a day for every man, woman and child in the trading area covered by the circulation of our newspaper — or, say, \$2000 for every 1000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food and shelter and clothing, and for all the other things.
