District Ore Shipments
The T. & N. O. Railway reports six cars of ore shipped from Cobalt mines during the month of January this year. The total weight of the shipments is given as 410,465 pounds. The O'Brien shipped two cars and the Imperial Bank, Nipissing, International Selling Corporation and the Temiskaming Testing Laboratory one car each.

LAUGHING LINDA

This little lady, who responded to the name of Sasha Linda Amsterdam, and lives in New York, seems to have been in a gay mood when caught by the camera man on the beach at Miami, Fla. where her roughish smile and dimples made her a favorite model.

ANGLICAN CHURCH BURNED

The little white church which for forty-six years had served as a place of worship for the Anglicans of this community was destroyed by fire early on Monday morning.

Flames were shooting through the roof of the structure when the blaze was first noticed about 4.45 a.m., and the alarm sent in, and although residents in the vicinity were soon on the scene, they were powerless to either fight the blaze or save any of the furnishings. The church register was also lost.

The origin of the fire is unknown. The loss is estimated at about \$3,000 and there is only \$1,000 insurance.—Powassan News.

SALTY TANG OF HERRINGS WHETS THE APPETITE

Few housewives appreciate the great variety of fish available in our local markets. Dwellers along the coast can take their sea food for granted, but inlanders must be kept informed as to the daily offerings, which contribute so largely to making our diet not only more appetizing but healthy.

Herrings are delicious, inexpensive and delightfully adaptable. English people look forward to their breakfast of herrings as their morning appetizer and Canadians are gradually becoming more acquainted with the delicacy of this fish. It is worth noting that Canadian herrings are taken in the seas fisheries of the Dominion's two coasts and in the fresh water fisheries as well.

Test of Skill is Ready for Skiers in Championships

Eighteen Kilometre Course for Cross Country Runners North Bay

The Cross Country Runners competing in the Ontario Ski Championships, being held in North Bay, February 20th and 21st will find the 18-kilometre course a real test of skill, as well as of endurance. The committee in charge has taken full advantage of the excellent natural facilities afforded by the Laurentian foothills in the surrounding district.

Leaving the main chalet the trail takes a comparatively level course for a distance of about one-half mile, then swinging to the right ascends a thirty-degree slope of one hundred and fifty feet. A small hardwood bush and some open country are next encountered. After this comes a half-mile climb that will test the stamina of the fittest runners, then some small downhill bush running. The trail crosses the Ferguson Highway at the top of Thibeault Hill, and another climb brings the runner out to the brow

Miniature Bonspiel Being Played By Local Curlers

While there are five rinks of the local curlers playing at the T. & N.O. Bonspiel at Timmins this week, those who are left have been playing a 'spiel in miniature, with 16 rinks striving for a nice set of prizes provided out of the entrance fees. Play commenced on Monday night and by Tuesday night each rink had had one game. The event is a double down and out one and will be finished by the end of the week.

The rinks at the big 'spiel are skipped by E. E. Smith, D. E. Sutherland, H. C. Dunbar, Ray Howey and Taylor Pipe.

of a sparsely wooded slope. After a steep down-hill run of two hundred feet, the trail swings abruptly to the left, takes a steep "schuss" of one hundred feet and straightens out into an open field. A short flat stretch, then the famous "Ash-Can Alley" is reached, and ascending same, and turning to the left commences one of the shortest, but most difficult down-hill runs on the course. This comprises sharp right and left hand turns in quick succession, with some shrubbery on either side, and at the bottom the runner will require to execute an abrupt right-hand turn.

For one mile and one-half the trail winds through comparative flat wooded country, followed

Capital Trust Corporation Continues Fine Progress

Continuation of the sound progress it has maintained through the 23 years since it commenced business is the keynote of the annual report of the Capital Trust Corporation, Limited, which is being presented to shareholders.

Increases were noted in the amount placed in the savings department by the general public, in the number and value of estates under administration, in the net profits, and in the balance carried forward from the profit and loss account.

A dividend of 3% was declared and is payable March 1st, 1937, to shareholders of record December 31, 1936.

by a three-quarter mile ascent, then traverses a three-mile strip of rolling land, ending in a long winding hill. Next comes a stiff climb up the sand pit ridge and a very steep descent into a gulley. From this point to the chalet, a distance of two miles, a severe climb and down-hill are encountered, this completing the bottom half of the course, which is in the shape of a figure eight.

The top loop begins with a heart-breaking climb up the chalet hill, winding through brush and open country for a distance of three miles. Arriving at Re-

servoir Hill, the runner descends a difficult, twisty trail for one mile and finishes on the club's slalom practice hill. The course, as laid out, follows as closely as possible the standards set down for cross-country racing, that is equal parts of flat and down-hill running and up-hill climbing.

The North Country last year produced several of the Dominion's best ski runners. Many of these have already expressed their desire to compete in this event. A large field is assured and any competitor may expect a supreme test of his endurance.

For HEALTH AND ENERGY EAT PLENTY of fish

Make Canadian Fish and Shellfish a healthful and appetizing variation of your diet. Whatever form is most easily available to you—fresh, frozen, canned, smoked, pickled or dried—you will find it the food of health, tastiness and economy. Health, because Fish Foods are rich in proteins, minerals and vitamins for good general health—in iodine, so vitally needed inland—in copper for good rich blood—and others. Tastiness, because Fish is a real fine-flavoured delicacy, quickly and easily digested and adapted to dozens of simple and delightful recipes. Economy, because Fish Foods give you full value in nourishment for every cent spent. Canadian Fish and Shellfish are noted throughout the world for quality and flavour. Bring this pleasure more often to your table also.
