WE CAN'T FAIL

"The slogan for this Loan is 'BACK THE ATTACK'—and every Canadian who cannot be there to fight will want the comfort of knowing that at least his dollars are in the battle, backing the attack, playing a great and worthy part," is the way George W. Spinney, chairman of the National War Finance Committee, puts it in a special message to the Canadian people. "It will be a bit late after the casualty lists are printed," Mr. Spinney went on, "to say 'I wish I'd bought bonds in that last Victory Loan drive.'" He left little else to be said when he added, "If and when the millions of Canadians here at home take these facts into their hearts, delve to the limit into their bank accounts and pledge to the limit from their daily earnings—then I repeat, it is indeed UNTHINKABLE that we should fail."

AT YOUR SERVICE

There are many ways in which a newspaper can serve its community, in addition to providing regular and accurate accounts of local happenings and offering a means of presenting goods and wares to the buying public. These of course, are the chief functions of a community newspaper and are functions that are carried out in the main with considerable satisfaction to both publishers and readers, even if slips occur now and then, but it is when some extra service can be rendered that the greatest satisfaction is felt by those who have the job of keeping track of the community's doings.

As an example, a few days ago one local citizen in a government post found himself in difficulties over a question of income tax deductions, and came to The Haileyburian to know if there was any information available. As it happened, we had the 'dope' quite handy and were able to supply the required assistance, both to his satisfaction and our own. A small matter, it is true, but a fair sample of what a newspaper can and does mean to the community.

We make no pretensions towards encyclopaedic knowledge, but we have access to a good many matters that usually escape the notice of the average citizen, and it is quite natural that we should be willing to pass on any information that can be of use. We have been consulted on many problems, some of which we could solve easily and some that were beyond our powers, but as a general rule it will be found that a newspaper office is pretty well informed and we are always "at your service."

Noted in Passing

There wasn't much stir over the opening of the trout season on Saturday, the weather man took care of that, but there were a few hardy individuals of the community who fared forth before the week-end was over. Not much luck attended their efforts, so far as we have been able to learn, but one ardent angler, Grant Guest, came home with a speckled trout that weighed three quarters of a pound. He caught it in Spring Creek, he reported, but couldn't land another.

There is better fishing in the lakes, according to Paul Hermiston, who spends a good bit of his time on a mining property in the Temagami Reserve and is always good for a bit of a story when he comes to town. Last week we had a call from him and he reported that Nat Oslund had caught a 7-pound trout through the ice of Nett Lake at a point which is not far from our own summer stamping ground. We have the exact location fixed in our mind. Nat got a second strike, Paul said, but the fish was so big it would not come through the hole he had cut in the ice. Several deer have been killed by dogs in his neighborhood, Mr. Hermiston said.

A large white cow, peacefully grazing on the young grass of the Rotary Park on Tuesday

morning, was an unusual sight for people in the downtown area. Evidently the animal had strayed in from the southern part of the town, where some residents keep live stock, as when last seen she was being escorted in that direction by about a half dozen small boys.

Haileybury History

Items from the Files of The Haileyburian of 15, 10 and 5 Years Ago

Twenty Years Ago

In the issue of The Haileyburian of 20 years ago this week it is reported that several cases of frozen water pipes had given considerable trouble, something extraordinary for May.

Men in the building trades were planning to re-organize the carpenters' union, and it was hoped to have a standard rate of pay set at 80 cents per hour.

Plans were under way for the baseball season, with the prospect of a team to be entered in the Temiskaming Baseball League; the tennis club had elected officers for the season; Prof. John Sharp had been chosen as U.F.O. candidate for the provincial election and a building permit had been issued for the Hutt block on Ferguson Avenue.

Fifteen Years Ago

D. R. Murray, governor of the district jail since its opening, has resigned that position and the appointment of a successor is expected shortly.

A new inter-town softball league has been organized, with teams from Englehart, New Liskeard, Cobalt and Haileybury.

Local Oddfellows and Rebekah Lodges celebrated the anniversary of the Order by holding a banquet and "at home" in the Temple on Broadway street.

Ten Years Ago

High water and shifting ice at the week-end seriously damaged the local wharf as an east wind blew the ice against the structure and breaking several timbers.

The Children's Aid Society is to become an incorporated body, steps towards that end having been taken on the advice of the Department of Public Welfare.

Mr. and Mrs. Edward Ward and their seven children arrived in the North in a covered wagon and will settle on a farm in this district.

Five Years Ago

The ice went out of Lake Temiskaming on April 22nd this year and four readers of The Haileyburian guessed the correct date in the annual contest held by the paper.

The local post office is to be included among the business places observing the Wednesday half-holiday this summer.

In connection with recent rumors that the Ferguson Highway is to be diverted to the west of the three towns, Mayor S. J. Mason has received a letter from the Department of Highways stating "there has been nothing done in this connection and the situation has not even been studied."

Shark-liver oil with vitamin A potency of 23,500 English units per gram is being produced in Cuba from the monthly catch of some 200 sharks.

Treasurer's Sale of Lands FOR ARREARS OF TAXES

TOWNSHIP OF BUCKE, DITRICT OF TEMISKAMING

10 WIT:

By virtue of a warrant issued by the Township of Bucke will be held at my office in the Council Chambers at North Cobalt, at the hour of two o'clock in the afternoon on Wednesday, the 9th day of July, 1943, unless the taxes and costs are sooner paid. Notice is hereby given that the list of lands for sale for arrears of taxes is being published in the Ontario Gazette on the 3rd day of April, on the 1st day of May, and on the 3rd day of July, and that copies of the said list may be had at my office. Treasurer's office, this 13th day of April, 1943.

M. KITTS, Treasurer

CONSUMERS' BRANCH APPROVES RECIPE FOR VITAMIN B1 BREAD

The Consumers' Branch of the Wartime Prices and Trade Board has requested publication of the following recipe for Vitamin B1 bread:

- 2 cakes compressed yeast
2 cups water
2 cups milk
3 tablespoons white sugar
2 tablespoons salt
12 cups sifted vitamin B1 flour, about
2 tablespoons melted shortening.

Dissolve yeast cakes in 1/2 cup water (lukewarm). Dissolve sugar and salt in remaining liquid. Then add dissolved yeast. Milk should be scalded and then cooled to lukewarm... the liquid should not be above 100F.

Mix in sufficient flour to make dough soft enough to handle conveniently, but not sticky. Turn out on floured board and knead until soft and elastic. The temperature of the dough should be about 80 to 85F.

Place in greased bowl, cover and let rise until it is double in bulk; then punch down. Let rise again and after punching down once more, divide into pieces which will half-fill baking pans.

Round these pieces into balls and let stand a few minutes, then mold into loaves and place in greased pans. Cover and keep in warm place while rising. When double in bulk place in

oven. Bake in hot oven of 400F for 1 hour to 1 hour and 15 minutes. Yield: Four loaves.

Leaves Cobalt Customs for Post at Sault Ste Marie

Walter H. Ramsay, who for the past six years has been on the staff of the Cobalt outpost of the Department of National Revenue, has been transferred to the Sault Ste Marie port and left on Sunday last for his new position, where he will be joined later by Mrs. Ramsay and their young daughter. Mr. Ramsay was employed by the Bank of Nova Scotia before joining the government service, working in Cobalt, New Liskeard and Timmins. He has been active in the Cobalt United Church and prominently identified with the tennis club there. His position in the customs office will not be filled, it was stated in Cobalt, and H. B. Ramey, the collector, and C. A. Raiche will carry on the work of the outpost.

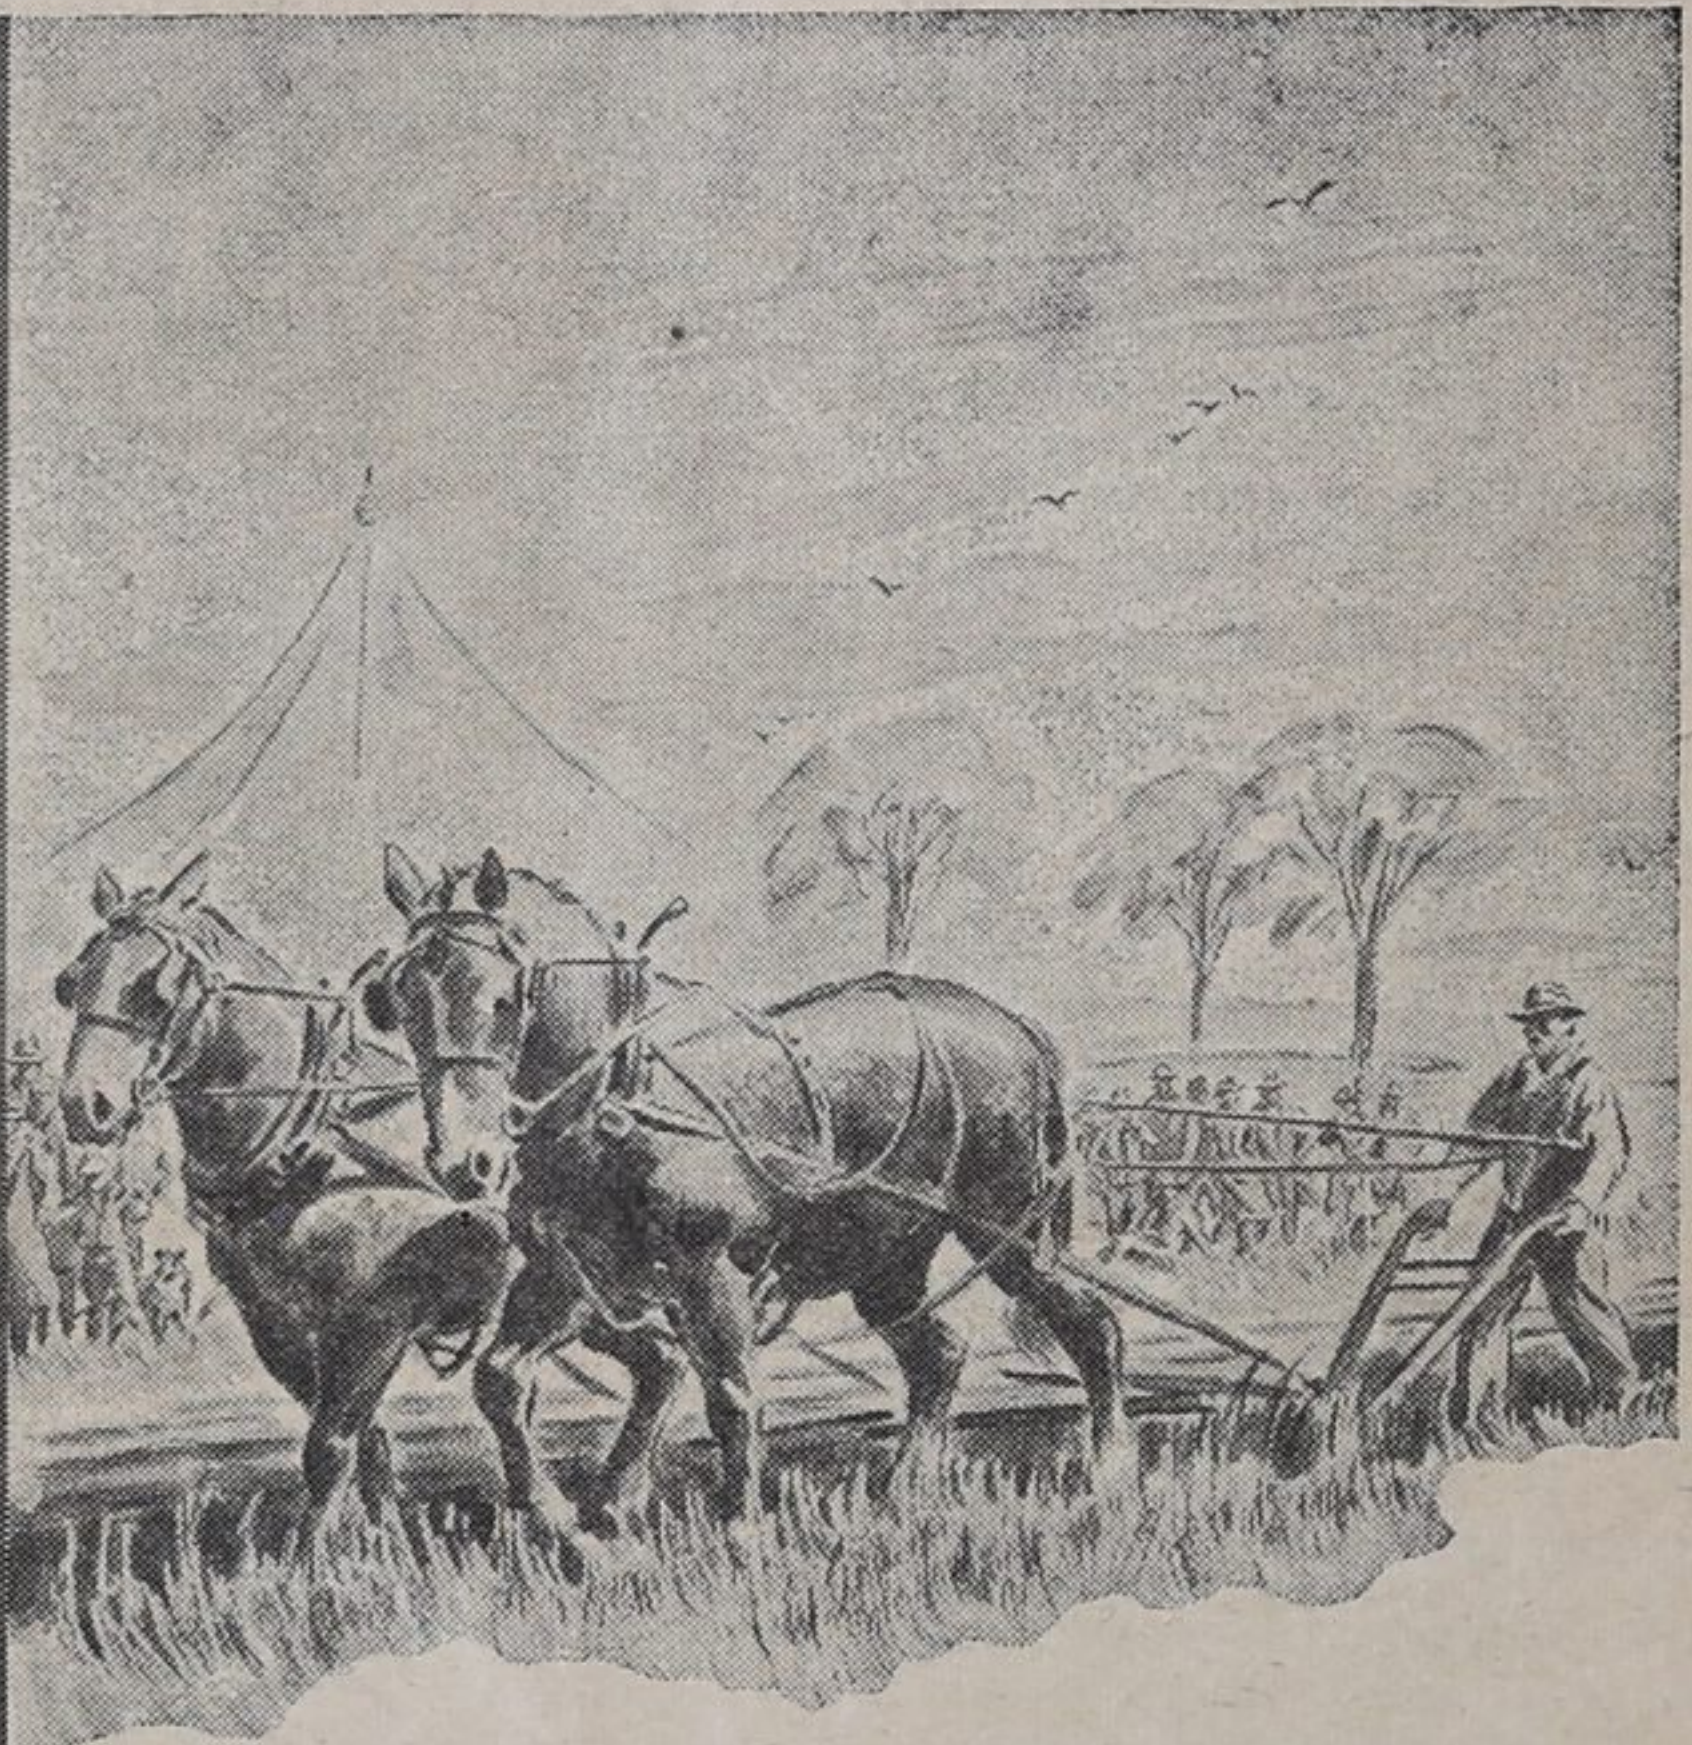

What Could We Do Without That Cotton?

For one thing we couldn't very well fight a war. Our live stock might starve and fighting planes wouldn't have the right kind of noses. Read—in The American Weekly with this Sunday's (May 9) issue of The Detroit Sunday

Times—how King Cotton plays a highly important part in our daily lives and the war effort. Get Sunday's Detroit Times.

The hedgehog has a high resistance to many poisons, such as diphtheria and tetanus toxins, morphine, cyanide and nicotine.

ROBERT G. BROWN, R.R. No. 7, GALT, ONTARIO— Champion Plowman of Ontario, 1942.

Ontario's Champion Plowman Recommends - VICTORY BONDS

Mr. Brown, who is President of the Central Dumfries Farmers' Club, has competed in 37 plowing matches in the last three years. In these 37 contests he has won 34 First Prizes and 3 Second Prizes. "Bob" Brown bought Victory Bonds in the First, Second and Third Victory Loans, and has placed his order for Bonds for the Fourth Victory Loan to the limit of his capacity. When Mr. Brown urges others to buy Victory Bonds his recommendation carries weight for he backs his words with action.

"Bob" Brown plows a straight furrow and thinks in a straight line. He knows farmers' problems. Here is what Bob Brown says about Victory Bonds: "If Canadians were asked to give money to help to win the war, we would not be asked to make a big sacrifice. Some are giving their lives. But we are asked to lend money. I am sure that farmers throughout Canada will be glad to lend money to their country, for like all other Canadians, they know we must do all we can to help. "There is a practical reason for buying Victory Bonds, too. The money we lend to Canada now, to help win the war, will be ours to use as we please after the war has been won. Ready cash will be handy to have when we will want to replace farm equipment that is wearing out now. A farmer can always find a use for savings, and there is no better way to save than by investing all we can in Victory Bonds."

MORE BUY VICTORY BONDS

WHAT A VICTORY BOND IS:

A Victory Bond is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity. A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest. A Victory Bond is an asset more readily converted into cash than any other security.
