Continent-Wide Effort Being Made; Bad Record In First of This Year

Nations' Failure to "Pass the Puck" Brings World Ills

Bishop Wright Urges More International Thinking as Solution of Problems

Lack of team play on the part of the United Nations and refusal to "pass the puck" was given as the cause of their failure to make progress towards a solution of their difficulties and to establish a permanent peace measure, by Right Rev. W. L. Wright, Anglican Bishop of Algoma, in an address to the local Rotary Club on Monday. His Lordship said there was evidently something wrong with the team spirit, which had worked well during the war but was not proving effective in peace. "Why can't we have the international spirit promulgated by Rotary," he asked, "instead of the isolationist spirit which has cropped up even between our own provinces?"

His Lordship said that if we are to be good patriots we must first be good "internationalists" and must think in terms of the whole rather than "our own backyards." The war had not improved matters, he said, and the world-wide brotherhood of man does not exist. Force had never done much to bring peace, he said; commerce had also failed and literature, art and science all had been tried without success. The solution can only come, he said, when man's heart changes and when men get together and invoke the guidance of the Holy Spirit.

The thanks of the club were tendered to Bishop Wright on a motion by Rotarian Chas. Camsell and the president, Rev. A. P. Addison, told him that Rotary aimed at international service as well as community service.

A continent-wide safety program on the highways is being inaugurated this week by the International Association of Chiefs of Police, in conjunction with the Chief Constables Association of Canada, which is a continuation of the movement started in the closing days of the war in an endeavor to combat the serious rise in traffic deaths. With the intention of having this movement observed locally, Inspector S. Oliver of the Ontario Provincial Police has asked the district newspapers to give it as much publicity as possible, and with this in mind, here is the comparative record for the first four months of the years 1945 and 1946:

During the four month period last year there were in Ontario 988 traffic accidents reported with 56 persons killed and 687 injured. This year the number of accidents had grown to 1,608, an increase of 620; there had been 87 persons killed and 998 injured—31 more deaths and 311 more injuries than in the previous year. This isn't a record to be proud of.

The program planned for this year is known as the "Police Safety Check" and the slogan adopted for the campaign is "Check Your Driving, Check Your Car, Check Accidents." All possible means are being taken to impress on the motoring public the necessity for more careful driving, if the terrible toll of life is to be kept down. Police officers are being instructed to do all in their power to instill into the minds of the motorists the great need of more care on the highways, and the public must realize that it depends largely on the individual if the safety campaign is to be a success. More will be heard of the safety movement as time goes on, and the best efforts of all should be put forth to make it a success. Perhaps the first part of the slogan "Check Your Driving," is the most important of all.

CAUSE OF DEATH WAS HEART FAILURE; NOT FALL DOWN STAIRWAY

A five-man jury empanelled by Coroner Dr. W. C. Arnold at Cobalt on Monday found that John Hutman died of heart failure at the Miners' Home Hotel there on Sunday, May 5. The jury added a rider that no blame should be attached to the management of the hotel.

The inquest was called as a result of the widespread story that the 64-year-old man had died of injuries received when he was said to have been pushed down the hotel stairs.

Muskrat Trapping Season Closes Saturday This Week

The closing day of the muskrat trapping season in Northern Ontario has been announced as Saturday, May 18, according to a statement from the Department of Game and Fisheries. The date applies to the district of Temiskaming, Cochrane, Algoma, Manitoulin and that part of Nipissing lying north of the French and Mattawa rivers.

Alfred Seed, Bucke township farmer and member of the township council, reports that bears have been raiding his stock again this spring. He has lost one pedigreed ewe and a lamb, he said, but has had no luck in tracking down the bears.

LOCAL STUDENTS WIN SEVERAL PRIZES AT BIG MUSIC FESTIVAL

The eighth annual Temiskaming Festival of Music, held at New Liskeard last week, had the largest entry list in its history and according to the adjudicator Dr. Harvey Robb of London, the quality of the music showed a distinct improvement over last year's performance.

While fewer Haileybury musicians were in the festival this year than last, several of them were among the lists of prize winners. Space and time do not permit publication of the entire list, and the local winners are

The Letter Box

Haileybury, May 9, 1946 Editor, The Haileyburian:

This letter is just to say thank you for your splendid help on behalf of the Society in the 1946 campaign. It is the unselfish and public-spirited efforts of people like you which make possible organizations such as the Children's Aid Society.

There are many who profess a sentimental interest in child welfare. You have gone one step further by translating your interest into action.

The local committee wishes to express its very great appreciation for what you have done.

Yours sincerely, A. P. Addison, Chairman, Local Committee 8-2-c

CANADA UNLIMITED - The Formative Years

The Immigrants—by Jack Martin, O.S.A., C.P.E.

The Empire Builders

FROM THE MOORS OF SCOTLAND, the rocky coasts of Ireland, from English cities and farms they came, their hearts filled with wonder and a great hope. With them, fleeing from the hardships and oppressions of the Old World, came the sturdy countrymen of Europe.

Canada! and the very name was magic. Canada, land of opportunity

... where a man's two strong hands could carve out security.

Up the mighty St. Lawrence to quaintly old-world Quebec—on through the rolling fields of Ontario—to the vast fertile miles of the Prairies—to the wooded slopes of the Rockies. And wherever they made their homes new strength was added to the bonds of blood kinship... new solidarity to the cause of Empire. Within a few short years they had become a part of the fabric of Canada, their unbounded faith in

the country of their choice justified, their dreams merged into the one dream that was to become a reality. The reality of Canada Unlimited—the Canada of today.

And the bright light of freedom and prosperity which they saw, shines today for all of us with an even greater brilliance, beckoning us to the Canada of Tomorrow... the Canada that will be more surely and swiftly ours if we give expression to our continuing faith by our purchase and holding of Victory Bonds.
