

Notes of the North

BRINGS RESULTS

An immediate result of a suggestion made by Major P. K. Ketcheson, who was here last week to speak in the interests of conservation of the natural resources, was a meeting on Sunday night when plans were developed for a tree-planting campaign.

Members of the Boy Scout group committee and Girl Guides local association met at the home of Judge and Mrs R. A. Danis to discuss the proposal with a few other interested persons.—Cochrane Post.

HELPING FIREMEN

On the bulletin board in the fire hall, it a letter from children in room 13, Central school, pledging loyalty and assistance to fire chief Wm. Stanley and his men. The children were shown around the fire hall last week and were much impressed by the engines and the way in which the firemen "slide down the pole" when an alarm is raised.

Below a childish drawing of a fire engine, and above the signatures of thirty-five of them, is written the following: "We will try never to make extra work for you, for maybe some of us will one day be firemen."—Porcupine Advance.

INFLUENZA "POPULAR"

The prevalence of influenza currently sweeping New Liskeard has not yet reached epidemic proportions according to Dr. J. S. McCullough, the medical health officer, although early treatment is advocated to prevent further spread of the disease. Both the intestinal and bronchial types of "flu" are "popular this season" but it is anticipated that the disease will run out when it has completed its normal cycle.

Meanwhile office and factory staffs in New Liskeard have been considerably depleted through sickness.—Temiskaming Speaker.

TEACHER IS HANDYMAN

Harvey C. Grant of Heaslip, will in June, complete his 25th year of teaching.

Twenty-five years of continuous teaching in Ontario public schools may not be an unusual record, but few teachers can say that they have taught that number of years in just two schools.

The first five of these years were spent in Fairholme school, Parry Sound district. In September, 1927, he came to Evanturel

S.S. No. 1, where he is still carrying on the service that has gained for him the respect of both pupils and parents.

Mr. Grant is an ardent hockey and baseball fan. Not only does he play these games with his pupils, but when the need arises he bandages their cuts and pulls their teeth.—Kirkland Lake Northern News.

SERVICE CLUB HELPS

Residents in the flood area of Mountjoy township had some of their troubles lessened yesterday when the construction of a water pipe-line into the townsite was completed.

The pipe-line was constructed by the Timmins Lions Club to bring flooded families a source of pure water to replace the polluted wells caused by the flooding Mattagami river.

The wells, only source of drinking water for the hundreds of families in that district, will have to be drained and cleaned thoroughly before they can be used again. This will take several months, some officials believe.—Timmins Daily Press.

REFORESTATION PROJECT

What is considered to be the first approach to a private reforestation program in this immediate district was started last week by Senator-Rouyn Mines, Limited, when the first six thousand trees of a 45,000-tree project were planted on the property of that company. The seedlings, red pine and spruce, are being obtained from provincial tree nurseries at no cost to the company other than that for transportation and the actual planting.

"We are planting the trees," said J. C. Houston, resident mine manager "in scattered groups around the property, so as to alleviate any danger of fire. We are also planting two rows of spruce along the side of our mine road to act as snow fences."—Rouyn-Noranda Press.

BAD FOR BALL GAMES

Postponements No. 5 and No. 6 were written into the fastball records here today as rain washed out the Friday doubleheader for the second week in a row. In two weeks, the fastballers have succeeded in playing exactly two games.

League President Jim Maroosis said today a meeting will be held early next week to consider the matter of getting the postponed games played before they pile up too high.—North Bay Nugget.

Haileyburian Want Ads Will Bring Results

Headquarters for the annual meeting of the Ontario-Quebec division Canadian Weekly Newspapers Association is Chateau Laurier, famous Canadian National hotel at Ottawa. The two-day conference in the Capital will be held on June 13 and 14.

SUSPEND POLICE SERGT. PENDING OUTCOME OF PROBE BY AUTHORITIES

W. H. Stringer, commissioner of the Ontario provincial police, left Timmins following completion of an inquiry into the conduct of Sgt. H. Braney, district sergeant of the Timmins detachment of the O.P.P.

In addition to Commissioner

Stringer, three inspectors of the O.P.P. were in Timmins to take part in the probe. They were staff inspector E. T. Doyle of Toronto, inspector S. Oliver of Haileybury, and newly appointed inspector Albert McDougall of Cochrane.

Sergt. Braney has been under suspension for the past week or so and the suspension will continue pending the results of the

investigation by Toronto officers. Canadian Legion have been literally "washed out" by the flood waters of Lake Temiskaming.
