SECOND BEAR KILLED IN CLOVER VALLEY; SHEEP LOSSES CEASE

Loss of sheep by bears on the Clover Valley farms has apparently been halted as no further animals have been destroyed since our last report. The bears, however, are not escaping so easily and last week-end Foster Rice reported he had bagged the second bear for the spring season. The animal was a fair-sized one, he said, and he had no great difficulty in getting a shot, although others in the neighborhood had hunted without success. The area to the west of Haileybury, in both Bucke and Firstbrook townships, appears to be the favorite feeding grounds for the bears, and each spring the farmers lose some of their stock, usually sheep. Calves have been killed on some occasions as well.

LOCAL FIRE BRIGADE WILL HAVE TEAM IN COMING TOURNAMENT

The Haileybury fire brigade will have a team in the big tournament of the Temiskaming Firemen's Association on July 1. The annual event will be held in Noranda, Que., this year and 10 or 12 firemen under chief K. R. Watson will be on hand. A bus has been chartered from the McIsaac Transportation company and the smoke eaters will leave early in the morning and return late at night. There will be a sufficient number of men left to take care of any emergencies that may arise, the chief says. The boys had a workout on Tuesday evening for the first time and practice will continue on every suitable opportunity between now and the big day. They are determined to give a good account of themselves and hope to win one or two of the valuable prizes that are always provided for these tournaments.

The town of Mattawa is the latest community to report serious flooding, with the water reaching the main streets.

LADIES' AUXILIARY OF LEGION TO SPONSOR NAVY LEAGUE TAG DAY

The Ladies' Auxiliary of the Canadian Legion, under the chairmanship of Mrs. Rita Cooke, will sponsor the annual Navy League tag day, which will be held in Haileybury on Saturday of this week, June 21. It is hoped that the response will be a generous one, as the peacetime activities of the League are always increasing. For more than 50 years, the league has been the official agency dealing with men of the sea, operating clubs and hostels at the principal ocean ports, providing educational services and sponsoring a nation-wide youth training program that gives guidance to many thousands of 'teen-age lads. Better not be caught without a tag on Saturday.
