District Health Unit Plan Is Discussed by Town Council

Question Comes Up at Regular Meeting When I.O.D.E. Asks to be Relieved of Portion of Nurse's Salary; Streets and Police Questions on Agenda Tuesday Evening

Some further discussion over the proposed District Health Unit was held at the regular meeting of the local town council on Tuesday evening, when the question came up after a delegation from the I.O.D.E. had asked the council to be relieved of the burden of providing a percentage of the salary of the public health nurse. The Chapter has raised a portion of the nurse's salary ever since that service was first provided in the community, and of recent years, the ladies stated, it has taxed their comparatively small membership to a point when they could do little else.

Mrs. D. G. Hogan, Mrs. R. D. Cumming and Mrs. (Dr.) W. C. Arnold formed the delegation. They said if they could be relieved of the task of raising \$600 they could do a lot of other work in the community. They were willing, however, to complete this year's allotment. Several citizens had expressed the opinion, the ladies said, that the whole amount should be provided in the town's budget and paid out of taxes. It was held this would be a more even distribution of the cost.

Mayor I. A. Lytle and other members of the council were of the opinion that no immediate steps towards organizing the health unit were in prospect, but further information on the plan was being secured. The ladies were assured that the whole question of health service was being given consideration.

The meeting was attended by one other citizen, John Gilkes, who asked for a lease on sufficient town-owned ground for a road to the property he occupies on Meridian avenue, around a ravine. A resolution gave him permission to use the ground, with a recommendation to future councils that the arrangement should be continued.

Councillor Chas. Camsell was appointed to represent the town on the proposed recreation commission, now in the course of formation. This movement was started by the Home and School Association and some progress has been made.

A letter from the "United Emergency Fund for Britain" asked that a chairman be appointed to conduct a campaign during the period November 16th to December 6th, and the council agreed to make an effort towards getting someone to act.

Street matters took up considerable time at the meeting. A proposal to remove portions of the sidewalk extensions at the corner of Main street and Ferguson avenue, to allow a widening of the roadway, was favored and the department of highways will be consulted. No action was taken on a suggestion to forbid heavy trucks on through trips from using Rorke avenue and Latchford street. It was agreed the traffic was damaging the intersections.

The Hydro-Electric Power Commission will be asked to remove entirely the old foundation of the former sub-station on the Lake Shore road, or cover up the unsightly spot; a request for the removal of some half-dead spruce trees from town property on Rorke avenue will receive attention; no action was taken on a request from the public health nurse for some arrangement for the use of a car in her work; further information will be requested on a police training course to be given at Sudbury for chief constables.

DEDICATE NEW TOWER ON BAPTIST CHURCH HERE NEXT SUNDAY

The recently constructed tower of the Haileybury Baptist Church will be dedicated at a special service on Sunday, October 17th, at 3.15 p.m.

Dr. H. H. Bingham, vice-president, Baptist World Alliance and general secretary-treasurer of the Baptist Convention of Ontario and Quebec, uncle of the present pastor of the Haileybury Baptist Church, will be the special speaker. A male quartet from Kirkland Lake will provide special music for the occasion.

Claims filed during the first eight months of 1948 at Ontario Department of Mines recording offices totalled 5,045, according to the department's statistical branch, compared to 8,515 for the same period last year.

No Ban on .22 Rifles for Shooting of Partridge

Reports current around the opening of the partridge season at the week-end, to the effect that the favorite weapon, the .22 calibre rifle, was banned, are not correct. It is perfectly legal to use these small calibre rifles on game birds. A copy of the order-in-council setting the dates for open season makes no mention of any such action on the part of the Department. From personal experience, we would say that the small rifle is a far less effective weapon than, say, a 12-gauge shotgun; which some hunters are using.

Many Friends Pay Tribute to Memory of Mrs. Hamilton

—Resident of Haileybury Over Forty Years; Funeral is Held on Tuesday

One of the older residents of Haileybury, Mrs. Geo. T. Hamilton, who had her home here for 43 years, passed away on Saturday afternoon, October 9, 1948, after a brief illness. She had been in her usual health up to early last week and on Wednesday was taken to Misericordia Hospital, where her death took place.

Mrs. Hamilton came to this community in 1905 with her late husband, who died in April of 1946 after serving as postmaster of the town for more than forty years. Born at Hillsdale, Ont., she was the former Miss Jeanette McIntosh, one of a family whose members had an early connection with Haileybury. She was a staunch member of the United Church and active in the various women's organizations during her long residence here and had a wide circle of friends in the community.

There are no members of Mrs. Hamilton's immediate family surviving. Her relatives consist of a number of nephews and nieces. Among them are J. Robert Wilson of Akron, Ohio, who has visited here frequently; Mrs. G. O. Brown, Fostoria, Ohio; Mrs. E. Shields, Miss Rhoda McIntosh, Russell and R. L. McIntosh, all of North Bay; Dr. H. E. McIntosh, Robert McIntosh, Mrs. Douglas McCullough and Mrs. Robert Gordon of South Porcupine.

The funeral was held on Tuesday afternoon, with the services in the United Church at 2.30 and at the graveside in Mount Pleasant cemetery conducted by Rev. L. E. Smith, pastor of the United Church.

Many old friends and acquaintances joined with the surviving relatives in paying their respects to one who had been for so many years active in the community and well known for her good works.

Local Ball Fans Attend Two World Series Games

A party of local sports-minded citizens drove to Cleveland late last week and managed to get a look at two baseball games of the world's series. They were there for both Saturday and Sunday games and report an enjoyable outing. Although the big stadium was filled to the brim, they managed to secure tickets, and they are still talking about their experiences on the trip.

More than a million Canadians now own Canada Savings Bonds.

Nomination and Election Dates Set By Council

Permanent By-Law Will Govern Future Elections Held on Early Dates

Haileybury citizens will go to the polls on Monday, December 6th, to elect a mayor and council and members of the public school board for 1949, according to a by-law passed at the regular council meeting on Tuesday night. The dates are set under a regulation fixing the Thursday preceding the last Monday in November for the nominations, with elections on the first Monday in December, and is one of a number of possible dates for municipal contests.

Nomination date is Thursday, November 25th this year, and the meeting will as usual be held in the evening at the town office. The by-law passed this week is of a permanent nature and will govern future elections each year unless repealed.

At the same meeting the council set Friday, November 5th, as the date for the annual court of revision for the hearing of appeals against the current assessment. The court will sit in the town office, commencing at 8 p.m.

The by-law names H. A. Day, J.V. Chevette and L. McLaughlan as the members of the court. They have acted in that capacity in past years.

Today is the last day for the filing of appeals against the assessment. There are several in now, but indications are that there will not be a long list.

In earlier years the municipality held its elections at the end of the year, but some years ago adopted the earlier dates.

Ontario Mining Important to Canadian Pocketbook

To give people "the opportunity of understanding more fully the relationship between Ontario's mining industry and their own welfare," the Ontario Mining Association has again published their directors' annual report for 1947-1948. The 72-page booklet, copies of which are supplied by the Ontario Mining Association to libraries, colleges, schools, and some 12,000 people and organizations across Canada, contains a wealth of information and interesting facts.

A. L. Blomfield of Kirkland Lake, president of the association points out in the foreword, that the position of the Ontario mining industry in Canadian economy is important. "All of Canada's nickel, platinum metals iron ore and magnesium production, some 63% of Canada's gold output and large percentages of Canada's silver, copper and other metals are produced in Ontario."

The present open season for partridge ends next Monday, October 18th, and the second season is from November 13th to 23.

Week's Weather

Annual Rotary Carnival Opens at Armories Tonight

The annual carnival of the local Rotary Club opens tonight in the Armories, and will continue throughout the balance of the week. There will be all the customary games and amusements, including a monster bingo each day, and for Friday and Saturday, a special floor show will be given, featuring two of Canada's top entertainers. The grand drawing for some valuable prizes will be held Saturday night. See these prizes on display at Whitby's Pharmacy and get your tickets from any club member.

Woman Acquitted on Murder Charge; Asks Protection

Assizes Nearing End With Final Criminal Charge Being Heard Yesterday

Mrs. Lucille Lamarche, 21-year-old Kirkland Lake mother, acquitted on Thursday last of the murder of her infant son, the following day asked for police protection, charging that her husband had been threatening her, by telephone calls at the home of Mrs. J. B. Anderson, where she is staying, unless she hurried home.

In the second criminal case at the Assizes here, Jeanne Brunet of Elk Lake, was convicted of concealing the birth of her child. She had been charged with murder and the Grand Jury brought in a true bill on the lesser count.

At the Tuesday session His Lordship disposed of the case, giving her suspended sentence of two years. She was directed to make her home with an aunt and an uncle, who reside in the Lee-ville area and where she will receive more adequate training than she has had previously. Miss Brunet is 18 years old.

It was during the hearing of this case that Mr. Justice Wilson made sharp criticism of the way Crown Counsels throughout the province prepared these cases for presentation to the courts. He said there was a lack of preparation in too many cases, and also had some adverse comments on the manner in which juries are selected.

The court adjourned over the holiday, resuming on Tuesday with one charge of manslaughter and one of reckless driving still to be heard. In the manslaughter charge, the accused, Albert Pilon, pleaded guilty and was sentenced to a two-year term. Hearing of the reckless driving charge, against Joe Silverthorne of Englehart, got under way on Tuesday afternoon. Both charges were the outcome of fatal accidents.

Late yesterday Silverthorne was found guilty and was sentenced to one month definite and eleven months indefinite.

The wreaths and poppies you will be asked to buy are made by an organization of disabled and handicapped ex-service men and women. Be generous this year.

Funeral Services for Late P. J. Knox Held Yesterday

Local Master of Titles Dies at Home on Monday; In North Many Years

Following an illness of two weeks, Percy James Knox, local Master of Titles for Temiskaming, died at his Brewster street home in Haileybury on Monday, October 11th 1948. He had been a resident of the North Country for many years and was well known in legal circles, having practiced law in Hamilton, New Liskeard and Kirkland Lake before his appointment as Master of Titles five years ago. He was born in Southern Ontario and was a son of the late Mr. and Mrs. James Knox. He came to the North in 1905.

Surviving Mr. Knox are his widow and two sons, John and Hugh Knox, both of Haileybury, and one small grandchild.

Funeral services were held at the family home on Wednesday afternoon at 2.30, and were conducted by Rev. L. E. Smith, pastor of the United Church, to which Mr. Knox belonged. Interment was made in the New Liskeard cemetery that day.

Jas. W. Brown, well known horseman of New Liskeard, will be one of the judges at the Royal Winter Fair in Toronto on November 16th.

The Department of Lands and Forests will commence the re-seeding of parts of areas burned over in the early spring, around November 1st.
