

### Postpone Date of Water Sports For Two Weeks

#### Circus at New Liskeard Causes Change of Plans for Big Annual Events

The Haileybury Rotary Club's annual water sports day, arranged for Wednesday, July 27th, will be postponed for two weeks, it was announced at the club meeting on Monday. There is a circus coming to New Liskeard on the 27th and it was felt that this would interfere with the success of the sports. A postponement of one week was suggested, but the club decided that it would not be wise to hold the event in a week when there is a regular holiday, and Monday, August 1st, is civic holiday. Therefore, Wednesday, August 10th, will be the date for the water sports this year. It was felt that the extra couple of weeks' training of the children would bring better competitions.

The Club members were reminded that the sale of tickets on the boat and motor is going slowly. The returns from this drawing, which will be made at the close of the water sports, are needed to help finance the swimming classes and other community services of the club and members were urged to get busy with the sales.

A guest from Moncton, N.B., Rotarian Brown of that city, was welcomed at the meeting and gave a brief talk on affairs in his home province. He is in town for a visit at the home of Mr. and Mrs. Wm. Farmer. Mr. Brown gave the club members some interesting sketches of the doings of his own club.

Past president W. J. Lecky was in charge of the meetings in the absence of president J. L. Runnalls, who is away on vacation.

### Notes of the North

#### FARM BUILDING ACTIVE

Many farmers throughout the district are either building new barns or making additions to their present buildings. One can hardly drive on any road around the district without witnessing some building activity.

A talk with M. F. Cook Wednesday morning brought forth an estimate of between 30 and 35 new barns either completed or in the process of erection. Building estimates of this amount of work would run into a figure somewhere between \$150,000 and \$200,000.

All styles of barn building are

- Aug. 12—Firemen vs. North Cobalt

being used, and every acceptable material is going into the construction.—Temiskaming Speaker.

#### PROFITLESS TASK

Leo "Buck" Behie, vice-chairman of Local 100, Porcupine Mine Workers Union, CCL, and several of his helpers, spent a profitless hour-and-a-half distributing hand bills at the Hollinger Mine in rain and flashing lightning starting at 5 o'clock this morning.

When nearly finished their work, it was discovered the handbills publicizing a general meeting, scheduled for tonight at the union hall, were dated wrong. Their work was for nothing.—Timmins Daily Press.

#### LARGE CUCUMBER

Mr. F. Platriez has produced the first large local cucumber for examination by The Northland Post. Measured last Saturday, it was a little more than 6½ inches long and just a fraction less than 7½ inches in circumference at its thickest point.—Cochrane Northland Post.

#### PLAN BIG BUILDING

J. Morris Woolfson, prominent Ottawa architect, is in town conferring with W. J. Powell of the Kirkland Lake Community clubs preparing plans for the clubs' projected \$200,000 building to be erected at Duncan and Tower streets, opposite the post office.

### Skinny men, women gain 5, 10, 15 lbs.

#### Get New Pop, Vim, Vigor

What a thrill! Bony limbs all out; ugly hollows fill up; neck no longer scrawny; body loses half-starved, shabby "beast-pole" look. Thousands of girls, women, men, who never could gain before, are now proud of shapely, healthy-looking bodies. They thank the special "vigo"-building, flesh-building tonic, Ostrax. Its tonic, stimulant, invigorator, iron, vitamin B<sub>1</sub>, calcium, and iodine, improve appetite and digestion so food gives you more strength and nourishment; put flesh on bare bones. Don't fear getting too fat. Stop when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. "Ostrax Little, New" "get acquainted" size only 50c. Try famous Ostrax Tonic Tablets for new vigor and added pounds, this very day. At all drugists.

### "DOMINION" VIA BANFF & LAKE LOUISE

Regularly assigned sleepers and coaches air-conditioned with delicious meals and spectacular scenery! Break your trip with a Great Lakes Cruise. No added cost on first class rail ticket. Only meals and berth extra.

These plans involve a proposed three-storey building of which the clubs will use two, the main floor being planned as store space. Officials are backing the Flashes as the Canadian entry in the world games.—Rouyn-Noranda Press.

#### EASY MARKS

The main feature of the building will be a beautiful civic auditorium. This will be 20 feet in height and will seat 1,000 people.—Kirkland Lake Northern News.

#### SEEK HOCKEY FAME

Greater fame than ever may still be brought to the city of Rouyn by this town's favorite hockey team and the Rouyn Flashes may yet be Canada's representatives at the world amateur hockey championship at London, England, next winter. This minor bombshell was dropped this week by Ted Soucie, energetic manager of the Rouyn hockey team, when he disclosed the fact that NOHA

Some North Bay husbands are fully justified if they are suspicious about the alleged bargains in linoleums their wives bought recently from door-to-door salesmen.

The wives paid anywhere from twice to three times the ordinary retail value of the linoleums they bought from men they'll never see again.

For linoleums they could have bought in North Bay for \$3 the ladies paid anywhere from \$5.95 to \$11.95 and possibly more depending on how gullible they were.—North Bay Nugget.

### TURNING THE PAGES OF "CANADA UNLIMITED"

The sight of carriages on rails was a source of much excitement in the little town of La Prairie, near Montreal, in 1836. Clanking and rattling on their way to St. John, Quebec, these horse-drawn cars were Canada's first railway.

A line from Montreal to Sarnia was finished in 1856. It covered 1,100 miles, and was at that time the world's longest railway. The first trans-Canada railway was built by the Canadian Pacific and completed in 1885. Overcoming great hazards, railroad men pushed across the prairies and foothills, through rugged mountain passes—then on to the Pacific coast.

Today Canadian trains travel on rails that would twice encircle the world, and carry more than 40 million travellers swiftly, safely and comfortably.

Canada has grown with the railways. With the appearance of diesel-electric locomotives and the gradual change-over to this more modern form of motive power, a new era of transportation is beginning. This new era offers vast opportunities for Canadians. Yes, there's room to grow—in Canada Unlimited.

Just how much room is told in "Canada Unlimited", an illustrated 144 page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c in cash (no stamps or cheques, please) to "Canada Unlimited", Dept. N3-12, O'Keefe House, Toronto, Ontario. Please print your name and address clearly. All monies will be donated to the Canadian Citizenship Council.

### CARLING'S CONSERVATION CORNER

BY GOSH, CHUCK, WE'RE GOING TO HAVE A SLICK SPOT HERE FOR OUR YOUNG ONES — THAT IS, IF THIS DAM WILL STAND THE SPRING FRESHET

NOW NELLIE, YOU JUST LEAVE THAT TO ME

WE'VE CONSTRUCTED THIS DAM WITH A LONG GENTLE BACK-SLOPE SO THE FLOOD WATER WILL NOT UNDERMINE IT

OH—I SEE

NOW WE HAVE A DAM THAT WILL ENSURE A GOOD SUPPLY OF WATER FOR US ALL SUMMER — LOTS OF OTHER ANIMALS, AND FISH TOO, WILL THANK US FOR THIS

THE FARMERS AROUND HERE WILL BENEFIT FROM THE DAM DURING THE DRY SEASON TOO

THE INDIVIDUAL WHO CREATES A POND ON HIS PROPERTY IS IMITATING THE BEAVER — AND WHEN THE WILDFOWL FIND SANCTUARY THERE, HE BECOMES ONE OF THE HAPPIEST OF ALL MEN — A CONSERVATIONIST

Canada's national animal, the beaver, is one of nature's most energetic conservationists. The dams they build help to hold back the rushing waters in the spring, storing them up for the dry summer months. Beavers and the dams they build should never be molested by unauthorized persons.

Nature Unspoiled — YOURS TO ENJOY — YOURS TO PROTECT
