NATURE UNSPOILED
The GOLDEN-CROWNED KINGLET is one of our smallest birds. It seems remarkable that so tiny a creature can stand our severe winter climate. Usually to be found in spruce trees, he hunts scale insects and the eggs of plant lice and deserves protection.

YOURS TO ENJOY

WHAT'S THE VERDICT?—That's the question facing these four men of CBC Toronto and their glamorous guest. The occasion—a recent session of Juke Box Jury, heard each Saturday at 7.00 p.m. on stations of the CBC Dominion network. The jurors are, left to right: Dick MacDougal, John Rae (jury spokesman in the absence of Byng Whitteker), Drew Crossan, MGM recording vocalist, Helen Forrest and Elwood Glover. The defendants—a recent popular recording. Each week a prominent guest from the entertainment world joins the regular panel to help it predict the popularity of new records in the juke boxes.

South African Flowers Sent to Local Resident

Yesterday morning, Mrs. J. W. Hughes received, from friends in South Africa, a beautiful bouquet of chinchinchees, more commonly known as the South African wonder flowers, which were shipped at the first of the month. The parcel arrived in good shape, and it is claimed for the species that the bloom will last from now until Easter. The bloom is something like a white narcissus, Mrs. Hughes says, and is very beautiful. Friends she met at Durban while on a world tour some years ago, sent along the blooms, Mrs. Hughes said.

Excessive tidiness is said to indicate a mild form of insanity, from which most newspapermen are happily immune.

Christmas Bazaar Held by Public School Pupils

A very successful Christmas bazaar was held by the pupils of Grades V and VI at the local public school recently. The classroom was gaily decked for the occasion and the booths looked very attractive with their red and green streamers and colored balloons. Home-made candy, hot popcorn balls, novelties and woodwork, mostly made by the boys and girls themselves, were on sale for the rest of the school to buy. The proceeds which amounted to \$38.56, are to be sent to the Junior Red Cross Crippled Children's Fund. Mrs. Crutcher is the teacher.

One Serious Injury in Motor Accident Series

In a series of six motor accidents investigated by provincial police in the district, there was only one serious injury sustained. The victim was Mrs. Archie Brown of New Liskeard, who suffered a fractured knee-cap on Tuesday evening at 6.30. A car driven by her husband ran off the main highway at Gillies and she was thrown against the dashboard. Mr. Brown was not injured. Constable Arthur Souliere investigated.

In other accidents, all brought about by icy conditions, there was considerable damage done to the vehicles involved, officers at headquarters said.

Fifty per cent of the Canadian dollars Britain earns today come from the shipping of textiles to this country.

While the rains have relieved the power situation in Southern Ontario, Hydro officials say there has been little or no improvement in the North and ask all to save electricity as much as possible.

Ontario's mines reported employing an average of 13,836 men during the month of November.

Canada grows as well as imports sugar. Sugar beets are an important crop in southwestern Ontario.

D. V. A. has assisted about 50,000 Canadian veterans in university studies and about 100,000 in vocational training.

The bullion production of Ontario's 43 producing mines for November registered another advance and was valued at \$7,822,666.
