Champ. Swimming Calibre

A youthful ambition finally reached fulfillment on Sunday when two young Haileybury swimmers took off from Dawson's Point—objective Haileybury wharf.

Claud Proulx, 21, clever and well qualified swimming instructor, and Ethel Toombs, a 17-year-old girl, made the attempt.

Although battling high seas, a stiff off-shore breeze, which blew them off-course, as well as chilly water temperature, the swimmers gave an expert showing of grit and endurance.

Ethel Toombs finished the three-and-a-half to four-mile pull without undue fatigue or exhaustion, but Claud Proulx had to be assisted, while just two hundred yards from shore.

NOTES OF THE NORTH

DISPLAY MOB ANGER

Violence against a Baptist pastor in LaSarre last Saturday, reminiscent of displays of mob anger last fall in the same town, appeared today to be forerunner of a more violent demonstration day after tomorrow when the pastor, Leslie G. Barnhart of Noranda promises to return.

The incident took place at the same time as another Baptist pastor, Lorne Heron of Noranda and a missionary, Howard Killick, were being arrested in Val d'Or for an infraction of a by-law

AFRICAN MISSIONARY

Miss Muriel Langley, a former resident of Cobalt, home on furlough from a mission field in the Congo, was guest of Rev. G. L. Stebner and Mrs. OStebner at the Baptist parsonage for a couple of days last week. She addressed a meeting in the Cobalt Baptist Church on Thursday night, and spoke in Haileybury on Friday evening, giving an illustrated lecture on her work in Africa.—Cobalt Concentrates.

POLIO PATIENTS

Three cases of polio have been reported in New Liskeard during the past ten days. The first, Mrs. Stan Villneff, is the only one who has suffered paralysis from the attacks, and she will be taken to Toronto as soon as space in the hospital there can be arranged. Her mother, Mrs. Ellis, said Tuesday. The second patient was Mrs. Johnny Silverthorne, who is reported as having a very light attack, with no paralysis, and the third is Herbie Vilneff, young son of the first patient, who also has no sign of paralysis.

Dr. E. R. Harris of Kirkland Lake, MOH for the district, told The Speaker on Monday that 75%

of the cases in Ontario were non-paralytic.—Temiskaming Speaker.

NEW ROAD, FERRY, PLAN

The bad spot on No. 11 east from Smooth Rock Falls is to be replaced by a brand new road.

Division highways engineer M. N. McEwen states that the Klismack Construction Co. of Swastika has been given the contract. Tenders were originally called for re-building the road between the town and "Big Joe's" Corner, about 13 miles, but it has now been decided to cut across country northwest from the Corner. This will eliminate some of the jogs as well as saving about two miles of road, and will by-pass Unionville street.—Cochrane Post.

STAG PARTY'S HORSEY END

Ever see horses, instead of pink elephants?

It happened t'other night to a Ferguson street chap who attended a stag party for a group to-be.

The party over, the Ferguson streeter went home in a friend's car. To use the common phraseology, "he wasnt feelin' any pain."

Near his home, he suddenly piped up: "Hey! There's some horses on our front lawn." "Aw, you're tight—go on to bed and

sleep it off", answered one of his fellow corousers.

The Ferguson streeter walked from the street corner to his house. Sure enough, on the front lawn were three horses, diligently eating grass.

Seems they belonged to a travelling rodeo, and had wandered away from their berths at Memorial Stadium.—North Bay Nugget.

NEW ROAD TO CLIFF

Mines Minister W. S. Gemmill, Sudbury's MPP, announced today that the \$325,000 tender of Muskoka Construction Company has been accepted for the construction and grading of the new Gemmill Highway from Sudbury to Copper Cliff.

The cabinet minister said that clearance must be arranged with the International Nickel Company whose property the highway will traverse, and the CPR whose right-of-way will be banked before the work can begin.—Sudbury Daily Star.

BRINGS OWN CABIN CRUISER

Since the tourist season got under way this year, local residents have become accustomed to seeing strange sights as far as watercraft being brought in by visitors is concerned.

But the strangest by far was

seen on Sunday, when one enterprising American and his wife brought along a cabin cruiser on 40 to 45c a lb. — Kirkland Lake Northern News.

BRISK MARKET TRADE

Business was reported brisk by stall-holders at Kirkland Lake market. In the meat section a wide range of prices provided bargain opportunities for the cautious shopper. Beefsteak sold at 80 to 90 cents a lb., roast beef at 60 to 65; veal steak 90c, roast veal 65c; pork chops 60c for untrimmed, 70 for trimmed; roast pork

NEW STOP SIGNS

The public works department, Timmins, went into action on a big scale this week by setting up more than 80 new stop signs. The planned planting of the poles was one to speed up traffic and reduce the number of accidents in town. It was a co-operative venture under the direction of town engineers and the Timmins police department.—Timmins Press.
