

## Former Manager of McIntyre Mine to Open Exhibition

**Beauty Show is Special Attraction; Contests and Competitions Featured**

The Kiwanis Club and the Y's Mens' Club of Timmins, who are sponsoring the second annual Northern Ontario Exhibition, have made a happy choice in regard to the official opening of the event. Mr. R. J. Ennis, a pioneer mining man of the North, who for nearly forty years was the manager of the big McIntyre Mine, and who has been a leader in the industrial development and community life of the North, will officiate at the formal opening of the Exhibition in the McIntyre Community Buildings and grounds, Sept. 13 to 19, both days inclusive. There is a positive fitness in having so particularly a Northern man open this particularly Northern Exhibition.

This year's exhibition again will feature the seed grain, vegetables and honey of this North. Although the North is known to excel in these lines, the agricultural show last year surprised all at the quality and quantity of exhibits shown. This year the sponsors expect even a bigger and better agricultural show.

Much the same may be said in regard to the hundreds of displays of food products and household appliances that will be on exhibit, as well as the booths for commercial displays and manufacturing exhibits.

This year, as last, the beauty show is a special attraction. More entries are expected than last year. Timmins and Schumacher have already declared their selections, and Ansonville and Iroquois Falls choose "Miss Abitibi" this week. As the contest is open to all communities in the whole North, it is expected that a record group of beauties will be assembled here for the finals.

Contests and competitions of all kinds are featured, with big prizes in each case. The Baby show, with a prize of \$150.00 for three classes is one of the specials. The rest of the contests run from spelling bees to table tennis tournaments, and from balloon busting to Dr. Ballard's dog and mutt show, with its prizes and ribbons for seven classes, and a prize for every

entry. It is suggested to readers of The Haileyburian that they study the advertisement elsewhere in this issue, to decide whether or not it would be well worth while to take advantage of the reduced railway fares on all lines in Ontario and Quebec to visit the 1951 Northern Ontario Exhibition.

with 67. Juniors' low gross—Bishop Hennessy, with 88.

Audrey Bond won the Captains' event with a net 75. Marj Murphy, Clare McNulty and Ness McAulay were the other three who qualified in this competition. The play-off occurred last week.

### Col. H. A. Millen Named C.O. at Fort Churchill

We are indebted to a former resident, Walter Maltby, for this clipping from a Windsor paper. Since it concerns a former Haileybury boy, we think it might be of interest to our readers.

Col. Milen's family lived on Churchill, Man., Sept. 5, army headquarters announced. "He will succeed Col. Don Forbes, who left Churchill about a month ago for an appointment at army headquarters in Ottawa. "Col. Millen served in Italy and Europe during the Second World War."

### Golf Club Notes

About 40 golfers gathered at the Club on Monday, Labor Day, to take part in the Hiram Walker competition, which is always competed for on that day.

The weather was ideal for playing and some good golf shot.

The trophy went to Mr. Art Stollery, with a low net of 67. In connection with this competition a ball sweep is run, with the members paying 25 cents to enter. Those winning were as follows: Ladies' low gross—Mrs. F. McFarlane.

Ladies' low net—Jean Murphy. Mens' low gross—W. Holmgren with 87. Men's low net—Art. Stollery

### ATTENTION! Lady Curlers

A meeting of the Ladies' Curling Club will be held in Hotel Haileybury on Friday, September 14th. Please attend.

### Fine Progress Being Made on Haileybury-Cobalt Curling Rink

The president of Haileybury-Cobalt Curling Club, Wm. Fleming, reports that work on the big structure is well under way. The trusses have all been erected and steps are being taken to do the roofing work.

Several local truckers have been donating their time to hauling sand and there is still a need of volunteer labor.

You are reminded to keep the pledges coming and do your share towards this community effort.

### Brothers under the skin?

The BLACK and GRAY SQUIRRELS are more closely related than you'd imagine.

Contrary to most beliefs they are not different species, but rather color phases of the same animal. Both colors may occur in the same family.

This series of unusual natural facts is presented by Carling's in order to promote a keener interest in our wildlife and its protection. Once you're acquainted with nature, you'll want to keep it unspoiled.
