

Curling Club Gets All Set For Active Season

Committees Appointed, Rink Manager Secured and Fees Confirmed

An executive meeting of the Haileybury-Cobalt Curling Club was held in Hotel Haileybury on Wednesday evening last. The executive is composed of the following members: President, W. V. Fleming; Vice-president, John A. MacArthur; secretary, treasurer, H. A. Doran; executive, J. Eddie McDonough, Lorne Umphrey, Ronald Morissette and Harry E. Ramey.

The following committees were appointed:

Draw Committee—Lorne Umphrey, chairman; Heber Briden, Fred Austin, Ronald Morissette, and Harry Ramey.

Ice Committee—Fred Austin, chairman; J. E. McDonough and C. J. Donegan.

Membership Committee—Connie Yachon, chairman; Dr. Max Back, Gordon Lee and Harry Ramey.

Prize Committee—Donald Russell, chairman; Fred W. Thompson, J. M. Shouldice.

Entertainment Committee—J. E. McDonough, chairman; M. S. Boyd, J. F. McDonald, Orville Hughes and Max Whitby.

Umpire—Taylor Pipe.

John A. MacArthur was appointed rink manager for the ensuing year and his duties commenced on Monday of this week in order to have ice at the earliest possible date.

It was decided that there would not be any change in the membership fees this year and they will remain the same as last year except for the two-dollar penalty that has been added, and are as follows: 1st year curler, \$13.00; non-resident curler, \$13.00; resident members after the first year \$18.00; students, \$8.00; associated member, \$7.00. A discount of two dollars will be allowed if dues are paid on or before January 31, 1952. An Associated member is not an active curler but one who takes a great deal of interest in the club and is able to enjoy the same privileges as the other club members.

INDIAN MAID PAYS JAILBREAKING FINE OF FIFTY DOLLARS

Magistrate S. Atkinson fined Dorothy Turner, 22-year-old Indian girl from Temagami \$50.00 and costs when she appeared in police court here at the weekend.

The slightly built young lady had been arrested here and taken to Cobalt, where she managed to break out of jail cell by removing a ventilator grill, making a hole fourteen by eighteen inches and squeezing through it to a grocery store next door. She unlatched the store door and walked out, and later surrendered to the police in Temagami.

Gold was first discovered in the Cariboo area of British Columbia in 1859. In 1860 the famous Cariboo gold rush was on.

Acting and singing go hand in hand, says Alan Mills of Montreal, who proves his point by impersonating the heroine of one of the ditties he sings over the CBC. Mills wrote this one himself and it's a favorite with his listeners this season—all about an old lady who swallowed a fly, a spider that came to catch it, and so on down the line ending up with a horse. It fits right in with the Mills theory that "every song tells a story".

CURLING RINK NEWS

For the next ten days a lot of volunteers are needed for nights and week-ends to get the Club rooms finished inside.

Come on, boys, bring your hammers and we will endeavor to have someone each night to show you what is to be done.

John MacArthur is at the rink every day and is about ready to start making ice.

The curling is in full swing in New Liskeard these days and those from Haileybury and Cobalt who have joined the club there report the ice in excellent condition and some keen games played.

NOTES OF THE NORTH

Shelve Sulphur Plant Plan?

Plans for a Noranda Mines Ltd. sulphur-iron plant may have to be shelved if mine costs continue to rise, according to a statement made by Noranda Mines general manager, R. V. Porritt. He also pointed out increased costs, along with the higher costs proposed in Judge Georges Heon's section of arbitration board report, might mean a drastic cut in the amount of low grade ore that could be mined at a profit.

Speaking of the sulphur-iron project, he reported there were 100,000,000 tons reserve which could be used by such a plant, but that it averaged only 0.5 per cent ore.—Rouyn-Noranda Press

Small Percentage Protest

Members of the Ontario Municipal Board in Chapleau on Tuesday afternoon to hear appeals against the proposed increase in rates of the Chapleau Telephone System, could not have been very favourably impressed with the turnout at the hearing. Of 73 subscribers who affixed their signatures to a petition against the proposed increase, only three showed up at the hearing to present their views. The main point of argument was reported as being that considering poor service over the years at the old rate, the

company should not be granted the authority for a raise just because they have improved the service within the past few months.—Chapleau Post.

Low in the Census

Sad, sad news for the north. Although Liskeard has increased its population, Temiskaming has lost 1193 residents since the census was last taken in 1941.

According to figures released recently by the Dominion Bureau of Statistics, Temiskaming's population, which was over the 50,000 mark in 1941, has dropped to 49,411.

Interested persons find this condition slightly baffling, but surmise that the exodus must be from unpopular centres like Kirkland Lake.—Temiskaming-Speaker.

Low Hockey Prices

The Kap. Hockey Association is waging war on high prices.

The association does not believe in charging all the traffic will bear, so they have adopted the following plan:

Season tickets will be sold for one dollar. This will entitle the purchaser to nine entrances into the arena and 18 games of regulation time hockey, as each night or Sunday afternoon there will be two games played.

NOTICE TO CREDITORS

In the Estate of Lillie Morrison, deceased. All persons having claims against the estate of the above named deceased, late of the town of Haileybury, in the District of Temiskaming, who died on the 26th day of September, A.D. 1951, are required to file proof of same with the undersigned on or before the 20th day of January, 1952.

After that date the estate will be distributed having regard only to the claims of which the undersigned shall then have had notice.

DATED at Haileybury this 27th day of November, 1951.

Santa Claus Coming

We don't know who is responsible, but we suspect that the boys and girls of Cobalt had a hand in changing plans so that Santa Claus WILL visit the Silver City during his pre-Christmas tour of the Northland.

Last week it was announced that there would be no parade this year, but goaded by shrill cries from the children, representatives from the town of Cobalt and the townships of Coleman and Buckle

with the Cobalt Businessmen's Executive completed arrangements for a parade and made sure that Santa Claus would make his annual appearance.

The children are happy, and parents have all lost that haggard look.—Cobalt Concentrates.

Magistrate's Appointment

Official information is still lacking as to whether or not Mr. Marcel Leger has been appointed district magistrate. From sources which would ordinarily be considered sufficiently authentic there is information that the appointment has been made, but no official statement has been received here from Queen's Park.

FIRST STEP

Left foot moves forward slowly. Hold ball with two hands until right arm starts back in a pendulum swing.

SECOND STEP

As right foot comes forward, arm swings straight back to a point slightly above waistline. Body leans forward.

THIRD STEP

Left foot slides forward, body lowers, straight arm comes down, close to body. Eyes on point of aim.

BEFORE RELEASE

Ball about 6" above floor. Arm swings through until ball is slightly ahead of bowler's left foot before being released.

AFTER RELEASE

Release ball smoothly, without jerking the body off balance. Straight right arm follows through in full, easy sweep.

FOLLOW THROUGH

You get better speed and direction if your follow-through is done in perfect balance, both feet on floor, eyes focused on point of aim.
