

Children's Wing at Misericordia Nearly Completed

New Addition to Hospital Costing About \$95,000 Will Be Ready in a Month

The new addition to Misericordia Hospital, now well on the way to completion, will be in use in another month, at which time facilities will be available to care for twenty children up to twelve years of age.

Several rooms feature a large window in the adjoining wall which will make it easier for the nurses to keep an eye on the little people and, incidentally, to allow the youngsters to amuse each other through the glass.

Other rooms have windows on the corridor side, so that anxious parents may see the children, if visiting is not permissible.

All the rooms are liberally windowed and filled with sunshine.

The wing, costing in the neighborhood of \$95,000.00 includes the \$40,000.00 grant from the Federal and Provincial Governments and has been built with a view to adding three additional floors in the future.

The citizens of this community may well be proud of the Misericordia Hospital.

Ladies' Philharmonic Choir Flying at Easter to Bermuda

On the invitation of the Music Festival Organization in Bermuda, the Ladies' Philharmonic Choir, under the direction of Mrs. R. D. Wathen of New Liskeard, will fly from North Bay to Bermuda for Easter Week. Mr. Y. F. Lickley, Sr., has taken over the job of looking after the trip, due to the death of the late Mr. P. R. Craven, who was business manager for the Choir.

SKOLOVSKY GUEST ARTIST

Community Concert members of Temiskaming will be interested in hearing the weekly broadcast of the Toronto Symphony "Pops" on Friday evening, February 1st. Zadel Skolovsky, who is the guest pianist, with Sir Ernest MacMillan conducting, gave a concert in New Liskeard early in the Association's yearly series of concerts, and those who were fortunate enough to hear him will not be surprised at his steady rise to fame as one of the outstanding pianists on this continent.

KINSMEN MEET

The regular dinner meeting of the Kinsmen Club was held at the Hotel Haileybury on Monday, January 28th. Carling's Conservation Club showed a colorful film on "Wild Life in Canada and the United States". One section devoted to the National Parks of Canada was particularly interesting.

Canada's southernmost part—Pelee Island—is slightly south of the northern portion of California.

The second largest producer of silver and lead in the world is a mine near Mayo in Canada's Yukon.

A. DAVIDSON DUNTON, Chairman, CBC Board of Governors, was born in Montreal in 1912, the son of Robert A. Dunton. Mr. Dunton was married in 1944 to Miss Kathleen Bingay, of Vancouver. Mrs. Dunton was a lawyer who was with the Department of External Affairs. They have one daughter, Darcy, age 3, and live at Rockcliffe, Ottawa.

Jack Walli, Guest Speaker at Recent C.I.M. Meeting

A meeting of the Cobalt branch C.I.M. was held in the Legion Hall, Haileybury, recently. The chairman, Mr. M. C. Halstead, introduced Mr. Jack Walli of Haileybury, who was guest speaker.

His address was on "The Geiger Counter and Its Use in Prospecting for Uranium", based on the paper which won for him the C.I.M. Award in 1951. Mr. Walli explained clearly the workings of the geiger counter and its uses and limitations in prospecting.

The sentiments of all those present were expressed by Mr. J. Armstrong, when in thanking him he pointed out the meeting felt extremely fortunate in having a local resident address the Branch on such an interesting subject which he so capably handled. The next meeting of the Branch will be on February 22nd. Dr. Meen of the Royal Museum, Toronto, will speak on the Ungava crater.

Interest of and Approval of Trap-Line Management Policy

Further evidence of interest in and approval of the trap-line management policy inaugurated by Ontario's Lands and Forests department five years ago comes from Cayuga, where trappers of that area gathered recently to discuss trapping conditions with department officials. Outcome of the conference was the organization of a trappers' council. Cayuga trappers intend to hold regular future meetings to discuss problems relating to trap-line arrangements. Similar organizations are being formed in other parts of the Lake Erie district.

Department wildlife officials are pleased to note the growing interest being shown by trappers in fur-bearing animal management and appreciate the splendid co-operation being evinced in many directions throughout Ontario by trappers. They are confident that it will lead, ultimately, to more efficient management, generally, of this important economic resource.

Fur trading is not a thing of the past in Canada by any means. In 1950, in the Northwest Territories alone, it was a big business worth \$2,500,000.

Lady Curlers Have Well, Favorably Visiting Day with Outside Rinks

Rinks From Kirkland Lake, Englehart, Belleterre, Elk Lake, New Liskeard Here

Yesterday the Ladies of the Cobalt-Haileybury Curling Club entertained eleven outside rinks to a full day of curling.

Two draws were made in the forenoon, one at nine and the other at eleven o'clock, when the local gals played the visitors.

In the afternoon only the visiting rinks played each other and competed for the prizes.

Many flattering remarks were heard about Haileybury's new curling home during the course of the proceedings.

There were three rinks from Kirkland Lake, three from Englehart, two from New Liskeard and one each from Belleterre, Temagami and Elk Lake.

Prizes were given for the rink who had the most points and a consolation for the one with the least points.

A luncheon was served at the curling club and tea later before the visitors left for their homes.

Those winning prizes for most points was one skipped by Mrs. Wainman of Englehart, who had Mrs. Thib as vice-skip, Miss B. Wainman, second and Mrs. McWall, lead. Their total was 26 points.

The Consolation was won by Mrs. Wilkinson, skip, of a New Liskeard rink, with Mrs. Ackroyd as vice-skip, Mrs. Smith, second and Mrs. Hardy, lead. They had a total of 3 points.

Freight Crash Damage Estimated at \$500,000

Damage estimated at \$500,000 was caused Tuesday when an Ontario Northland Railway diesel plowed into the rear of a standing freight in front of the Matheson station.

The first diesel unit of the pair handling the sixty-car moving freight was wrecked along with the caboose and four boxcars on the 12-car standing train. Freight sheds alongside the station were also badly damaged when two tumbling freight cars rolled into them, collapsing two walls and moving the main structure a foot off its foundation.

Railway officials declined to comment on the cause of the accident, but said that the diesel was a through freight. Witnesses said the diesel was moving about thirty miles an hour at the time of the crash.

Report on the Geology of Delhi Township is Issued

A preliminary report on the geology of Delhi township district of Sudbury has been released for distribution by the Hon. W. S. Gemmill, Ontario Minister of Mines. The report is by K. D. Lawton and is numbered P.R. 1952-1. Copies are available upon request to the Department of Mines, Queen's Park, Toronto.

Delhi township is in the district of Sudbury, about 23 miles due west of the village of Temagami, and recent exploration in the area has centred about the development of veins carrying lead, silver and gold on the property of Delhi (Temagami) Mines Limited.

The report is accompanied by a preliminary map of Delhi township and part of Shelburne township on a scale of one inch to 40 chains.

Flin Flon, third largest centre in Manitoba, was named after Flinabatty Flonatin, a character in the story "Sunless City".

From a single steel ingot of 30,000 pounds it is theoretically possible to make 35,000 miles of wire and 200 million small tacks.

There was one advantage to the old-style wall telephones. The gals had to stop talking when their legs gave out.

The Canadian Pacific Railway covers some 17,000 miles, compared with 13,100 for the Acheson, Topeka and Sante Fe, biggest American carrier.

Mr. and Mrs. Charles Liddicot Leave February 3rd for Some Weeks in Florida

Retirement of Mr. and Mrs. Charles H. Liddicot in charge of Haileybury Brewers' Retail store since its establishment in town in September, 1927, was announced recently by Brewers' Warehousing Company Limited, effective in January. James Blair, who has served on the local staff for some years, has been named Acting Manager.

On February 3rd, the Liddicots plan leaving by air to holiday in Florida, spending some time with their daughter, Shirley, and her husband, in St. Petersburg, and returning in ample time to open their summer cottage at Lady Evelyn Lake in the late spring.

Much feted during the past few weeks, the recipients of several presentations by Store staff and management groups. In mid-December, the couple were presented with a purse by Company executives at the head office in Toronto. President and managing director R. W. Hillmer paid tribute to their years of loyal service and extended good wishes for their enjoyment of the future.

Last Saturday, at a district dinner of managers of Brewers' Retail Stores in Northern Ontario, held at Hotel Haileybury, a table model radio was given to Mr. and Mrs. Liddicot as a memento of pleasant associations. Mrs. Whorley, Haileybury florist, presented a corsage and boutonniere and beautiful flowers were received from stores throughout the Northern district and from the local staff. Regional superintendents W. J. Riddell from Port Arthur, A. Philion of Sudbury, Murray B. Davis, Belleville, and James H. Parry, manager of the Company's Industrial Relations Department (were also present. Mr. Davis, incidentally, began his Company career under the Liddicots at the Haileybury store some twelve years ago.

On the eve of their departure, a farewell dinner and entertainment was arranged in their honor by Acting Manager James Blair and staff of the Haileybury store. Presenting Mr. and Mrs. Liddicot with an electric telechone clock and propane gas lamp, Mr. Blair spoke of "the happy relationship that had existed between the boss and his boys during the seventeen years he had been among the elect". He wished "the happy pair who are going away on a second honeymoon all the best during the coming years".

On behalf of the ladies, Mrs. Blair presented Mrs. Liddicot with a beautifully tooled hand-made leather purse.

Visibly affected by the "Alohas" Mr. Liddicot referred to the progress of Brewers' Warehousing Company through the years thanked those present for their kindly thoughts and substantial remembrance of cheerful association together.

In reminiscent mood, "Charlie" Liddicot and his charming wife, Jeanne, told The Haileyburian that they had witnessed many changes in the district during their quarter century residence here. Opening of the local Brewers' Retail Store pre-dated the opening of the Ferguson Highway, as the present Highway No. 11 was then known, by only a few days. They had watched it progress from a gravel-surfaced road with tortuous turns and hairbreadth hills to its present black-topped smooth expanse, expediting the store's handling of deliveries to Englehart on the north and Temagami to the south; from Haileybury to such points as Elk Lake, Matachewan and Gowagnda on Highway 15 to the northwest. Development of the highways had been of great interest to the Liddicots. The opening up of the country had attracted many tourists who made the store an annual port of call, renewing acquaintances and this was something they were going to miss.

Mrs. Liddicot has been a business associate of her husband practically since the store opened, coming here from Cochrane in

ERNEST LESLIE BUSHNELL, director general of programs for the Canadian Broadcasting Company, was born on a farm in Ontario's Durham County in 1900. He joined the Canadian Radio Broadcasting Commission, forerunner of the CBC, as director of programs for Ontario and Western Canada.

Temiskaming Festival of Music Makes New Appointments

A special meeting of the Temiskaming Festival of Music was held Tuesday evening, January 29th in the council chambers at the New Liskeard Recreational Centre.

The main purpose of the meeting was to appoint a secretary-treasurer for the TFM to replace the late P. R. Craven, who held that position since the Festival was first organized. Mr. Turnbull accepted the secretaryship of the organization and Mr. Lowery Taylor is the new treasurer. A program committee was set up with Mrs. C. Plaunt acting as chairman.

All those entering the Festival are asked to take note that the entries should be addressed to Mrs. C. Plaunt, Box 674, New Liskeard. The entries are to be in before the 1st of April.

The meeting was advised that Mr. Eric Rollinson of Toronto and Mr. Frank Wharren of Toronto will act as adjudicators.

BURNS' DINNER HELD

A grand time was had by all the Scotch lassies and laddies last Friday night when the Cobalt Chapter of the Daughters of Scotland entertained their husbands and sweethearts to a Burns dinner. While they didn't have the swirl of the bagpipes, they sang and danced to Scottish music.

The members and friends from Haileybury present were Mr. and Mrs. J. Dinesen, Mrs. S. H. Smallman, Mrs. M. Jeffrey, Mrs. I. McNaught, Mrs. P. Libby, Mrs. J. Dewson, Mrs. F. McIntyre, Mrs. E. Thorne and Mrs. Nemmi. There were about sixty at the gathering.

Labor Council to Issue Bi-Monthly News Letter

The Cobalt-New Liskeard Labor Council has decided to publish a bi-monthly news letter commencing in February, it was decided at a meeting of the council held in Hotel Haileybury here last week-end.

Purpose of this idea is to keep the various locals within the CIO-CCL-sponsored organization up-to-the-minute on labor news.

Two of the locals, Silver Miller and Hill-Clark-Francis (Woodworkers), are presently in negotiations and a discussion of proposed agreements was held during the meeting.

An area progress report and a report on new amendments to the Compensation Act was given by Pat Burke, USW of A staff representative.

Present at the gathering were representatives from Wabi Iron Silanco, Silver Miller, Cobalt Lode, Hill-Clark-Francis and the Northern Telephone Company.

The largest drydock in the British Empire is at St. John, New Brunswick.

In the year 1951, Canada counted more than 2,500,000 automobiles on the road, including 600,000 trucks.

1929 and retiring with him now. The couple look forward to a well earned respite from their labors, in the years ahead.

And the town's best wishes go along with the Liddicot's on their vacation and afterwards.

Annual Meeting of United Church Monday Evening

Enjoy Dinner, Followed by Reports of Committees and General Business

The annual meeting of the United Church was held Monday evening, January 28th, in the church basement.

Preceding the meeting, the members of the Woman's Association sponsored a dinner, which was well attended by members of the church.

Rev. A. T. Denholm was chairman, with Mrs. Don Nicolson as secretary.

The current organizations of the church gave their several reports, which were accepted in the usual manner.

Mrs. W. C. Arnold gave a very interesting report on the Sunday School, asking the co-operation of the members of the church, stressing the need for teachers at various times, and in many ways helping the religious training of the children. Mrs. Scott told how the babies' names were kept on the cradle roll until they were around three years old, when the children then attended Sunday School during the morning service.

The Senior and Junior Choirs were reported for by Mr. Tyson and N. Turnbull, and Mrs. A. Denholm respectively.

The Women's Association had a very active year, under the leadership of Mrs. H. Brown. Their large objective was furnishing the Manse, besides other assistance given around the church.

The Missionary and Carrie Gray societies were both able to meet their allocation, showing a successful year.

Mr. Runnalls gave an outline of the Missionary and Maintenance Fund, and reported a few dollars short of their allocation.

For the Session, Mr. Denholm and Dr. Somerville gave a brief outline. The Session and also the Board of Stewards for 1951 were returned to office, with two members added to the Session and on to the Board.

The following is the list of members: The Session, C. W. Tyson, L. Runnalls, H. Brown, J. W. Hughes, R. Richardson, G. Campbell, Dr. Somerville, O. E. Walli and H. G. Pickard. Board of Stewards: Judge J. B. Robinson, M. C. Gardner, Mrs. W. Farmer, Dr. Thomson, N. J. McAulay, Mrs. A. Kingsmill, J. B. Eby, H. W. Edey, A. D. Nicolson, V. T. Reed, L. Childs, J. Cooper, Don Gardner, Mrs. D. Nicolson, K. Valentine, P. V. McAulay.

Various words of thanks and appreciation were spoken, after which the meeting closed with the Benediction. This ended another year's activity in the work of Christ in this congregation of His church.

New Warning Signal

For Forest Conflagrations

Campers and residents of Temagami Lake will receive warning of forest fires by signal blasts from a siren to be installed this Spring at the Department of Lands and Forests Temagami headquarters station.

The area will be divided into sectors and a series of signals worked out so that those within hearing range will recognize from the number of blasts from the siren which section is threatened.

Hearing range of the siren will be up to 1 1/4 miles under average conditions but it has been reportedly heard at two mile's distance under test.

Canada supplies almost the entire world's supply of canned lobster.
