Special Building Fund Now is Over \$300.00

At a meeting of the Ski Club held on Tuesday evening, plans got underway to organize committees which will devote their efforts to building a new Ski Chalet on the hilltop site at Cross Lake, where the old one stood. Generous cash and pledge offers

have already established the Building Fund with over \$400.00 received to date. This special fund will be spent solely on the new club house and contrary to any reports which may be heard donors are assured that every last dollar will go towards the construction of what is hoped will be the finest ski chalet of its type anywhere.

Mothers of the children who are keenly aware of the value of the happy days spent at the Club during the winter months will assume responsibility for furnishing and decorating the interior.

Donations will be received at the Bank of Nova Scotia and receipts will be mailed by the Treasurer to anyone who requires one for Income Tax purposes.

Meet Mrs. Kefauver

duced in Algonquin Park in 1938 and in full operation since 1945, now includes most of the lakes in this largest Ontario provincial park. Under the plan, lakes that are heavily fished are closed in alternate years. By pairing off adjacent lakes, visiting anglers are

not deprived of sport in any one year. Anglers maintain that they are taking larger trout than before from lakes in which the fish have grown unmolested under closure for a year.
