THE RED SHIELD

It is seventy years since the Salvation Army first established itself in Canada. It has gone a tremendous way in its mercy work since those days of a few officers struggling against fearful financial odds and even physical abuse.

The public sees only some facets of its great work. It has long been taken for granted that wherever disaster strikes the Salvation Army will be on hand instantly and adequately.

At the Monday noon gathering of the Haileybury Rotary Club Lt. Ralph Ingleby addressed the members on the work of the Salvation Army in this area.

At the Monday noon gathering of the Haileybury Rotary Club Lt. Ralph Ingleby addressed the members on the work of the Salvation Army in this area. Their record of assistance to the needy is an impressive one—during the year, they have given 275 restaurant meals to transients, and three-quarters of that number were clothed, fifteen grocery orders were supplied to the needy.

We should be thankful that such an unfailing and untiring source of compassion exists among us. And if we are thankful, then we are, indeed, an ungrateful lot if we do not take the opportunity to share in some small way by contributing to the annual Red Shield appeal which opened on Monday, May 5th.

YOUR HORTICULTURAL SOCIETY

Many have been aware of the steady improvement in the appearance of the Rotary Park and this week we learned from the President of the Horticultural Society, Mr. H. G. Pickard, that the Society took care of the park last year with funds supplied by the Municipal Council.

Last year, the Society distributed one dozen Red Emperor tulip bulbs to each of its members and planted one hundred bulbs in the Memorial Park. Some of the Red Emperors began blooming on April 25th and in other gardens they are still in the bud.

The Society counted one hundred and sixty-four on its membership roll last year and it is expected that the number will jump to two hundred and fifty in 1952.

Officers for the coming season are: President, H. G. Pickard; vice-president Judge I. B. Robinson; secretary, H. Brown Acting on the Board of Directors are W. A. H. Ferguson, W. C. Tyson, F. W. Thompson, John Valentine, Lewis Simard, Hugh Grady, D. G. Hogan, V. T. Reed, Omer Allard, Dr. Somerville and N. Morissette.

Many Varieties of Plants and Shrubs Ready at Grooms

One mile north of Haileybury, on two acres of land, lying close to the shore of Lake Temiskaming is the new home of Albert Groom and his wife. For many years, garden lovers throughout Northern Ontario have visited their greenhouse at Mileage 104 to choose for themselves from a wide variety of plants.

Not only do Groom's fulfill all your wishes for perennials, annuals and vegetable plants, but the gardens surrounding the greenhouse and cold frames are famed for their splendid show of flowers—tulips, daffodils, gladiolus—are but a few of the many cut flowers available to the public.

If you are in need of advice on planting shrubs, you cannot only receive all the help you need, but in a few days' time, McConnell's in Southern Ontario will forward your order for planting.

On grey, fall days when the pickling season gets under way, all the ingredients that go into the age-old formulas can be bought—dills cucumbers, tomatoes and cauliflowers are in abundance.

The entire undertaking is cared for by Mr. Groom and his wife. Mr. Groom's family came to Cobalt in the early days and he worked for ten years in the mines there before his gardening became a full-time business.

Now a Yellow Lilac!

You've heard of white, pink lavender and purple lilacs many a time, but have you ever seen a fine yellow? There is such a flower and it is being offered for the first time this year in Canada.

If you have gathered up the strength to gather up the hose and drag it to the lawn, we'll guess you've found a few holes in it. So you'll be interested in a new liquid sealer which makes claim sticks to anything.

LIBRARY NOTES

The following letter was received by the Editor of The Haileyburian some time ago, and was passed on to us for a reply:

"Dear Mr. Editor— Will you please print a short list of good books for the teenage reader, male or female? NOT love stories or mysteries! As a clue—the best book I have read is 'White Witch Doctor' but the book I like best is 'Tale of Two Cities'. I also enjoyed 'Dinner at Antoine's' and 'The Lamp is Heavy'"

I visit the library and I know the Librarian thinks I am aimless and clue-less when I am 'Just Clue-less'

Dear 'Just Clue-less:

Your letter somehow belies your nom-de-plume, as you have indicated the kind of reading you like, and from these 'clues' we surely should be able to choose others just as interesting. Many people visit the Library in search of 'Just a good book' without being able to specify any particular one and they are not considered aimless, by any means.

Help and Hope ...for heavy hearts

When hope fails, the heavy heart knows where to turn. For seventy years in Canada The Salvation Army has been the unfailing friend of those brought low by misfortune or misdeed. To these it offers help and hope—the opportunity to start anew on the road to happy and useful living.

Give... from the heart!

THE Salvation Army RED SHIELD APPEAL

Treasurer: J. E. TIMMINS Headquarters: Hotel Haileybury Chairman: M. E. WHITBY

The 'master gardener' relaxes

Pop's put lots of work into this new rockery, and now he's set for his "reward"—the eye-filling pleasure of a beautiful garden, and the compliments of those who admire it.

Dad passes along this hint—when you build your rockery, do it in easy stages. It can be exhilarating exercise—don't make it drudgery by trying to do it all at once.
