Swimming Classes at Rotary Park to Begin on July 1st

Can you swim? Can you swim well? Could you go to the rescue of someone in difficulties or would you have to stand helplessly wringing your hands on shore while you watched a person drown?

If your answer is "No" to these questions, there is no need or justification for it for any Haileybury resident, declares Leo Gough, chairman of the Rotary Beach committee.

Again, the Haileybury Rotary Club is sponsoring swimming classes at the Beach. The aim is to have every child and every adult a swimmer trained in water safety. Catherine Wiseman will be the swimming instructor at the beach this summer, under Rortian L. Gough.

Both are qualified swimming instructors of the Red Cross.

Mr. Gough is also the Red Cross examiner for this district.

Starting July 7, a three-day instructors course will be put on at the Haileybury Beach by Red Cross instructors from Toronto. When the course is completed, there should be many more swimming instructors in Northern Ontario, as swimmers will be coming from towns and cities throughout the North; Haileybury should have at least thirteen swimmers participating with about twenty or twenty-five enrolled in the classes.

The swimming area at Haileybury beach is the best equipped in Northern Ontario, according to K. L. Young, assistant director of Recreation of Ontario.

Parents are asked to tell their children not to touch the lifebuoys and pikepoles placed on the wharf and breakwater, except in cases of emergency.

Parents have been requested by the Rotary Club and the life-guard not to send young children down to the beach unattended.

The swimming classes start at the beach July 1 and run through to September 1.

The following is the schedule for the instruction classes:

9 a.m.—Seniors and Intermediates, stroke improvement and diving.

10 a.m.—Beginners (Class 1) over eight, swimming and diving.

11 a.m.—Beginners (Class 1) eight and under, swimming and diving.

2 p.m.—Seniors and Intermediates, stroke improvement and diving.

3 p.m.—Beginners (class 2) over eight, swimming and diving.

4 p.m.—Beginners (Class 2) eight and under, swimming and diving.

5 p.m.—Adults, swimming and diving, life-saving lessons.

Beginners' Class 1 means starting to learn to swim. Beginners' Class 2 means that those that can swim a little.

High School Exam. Results Are Announced

From Grade IX to Grade X—(Honors indicates 75% or over)

Robert Brunette, Patricia Cassidy (honors), Mary Frances Cockshutt (honors), Jean Dinesen, Mae Dobbs, Shirley Dube, Eleanor Gilmour, Ethel Graff, (honors), Andre Fleury, Pauline Huard, Jean Lindahl, Mardock Macdonald, Marilyn McQuaid, Virginia Mattias, Myrna Ruddy, Lillian Stewart, Leona Soucie.

From Grade X to Grade XI—Lowell Barstead, Shirley Buton, Ruth Clark (honors), Lavern Francis, Ella-Jean Gagnon, John Hogan, Suzanne Lecky, (honors) John May (honors), Mollie Millar, Elizabeth Neelands, Edward Ramsay, Mary Whitby (honors).

For the following, subjects in brackets behind the names indicate Middle School subjects NOT completed:

From Grade XI to Grade XII—Frances Brumell, Allan Clark (Modern History, Algebra), William Fleming, Bishop Hennessy, Brian Poppleton (Modern history, Algebra) Robert Rice, William Rice, Louis Vannier (Modern History).

From Grade XII to Grade XIII—Unless indicated by incomplete subjects in brackets behind names inclusion in this list indicates qualification for Secondary School Graduation Diploma)

Gilbert Campbell, Donald Dempster, Roy Smith, Jean Tulloch (three-option diploma), Marlene Weston, James Woods (honors).

G. L. CASSIDY, Principal, Haileybury High School

Mining School Playing Field Improved by Dept.

The Department of Public Works is presently directing its attention to the playing field west of the Provincial School of Mines.

The preliminary work of surveying and erecting the levels was carried out by members of the School staff and a bulldozer has been hard at work for several days shifting great masses of clay so that a level playing field with a drop each 100' from west to east will be available for sports. Previously there had been a 12' rise between the west and east ends.

Looking out over the field from the second floor of the Mining School, one can't, even yet, help but marvel at the apparent ease with which the modern machine operates.

It is fitting indeed that one of Canada's finest educational institutions should have what will undoubtedly be one of its finest playing grounds for rugby and other sports.

Rebekah Meeting

The regular meeting of Northern Light Rebekah Lodge was held on Tuesday evening in the Masonic Temple with a good attendance of the members and several visitors from New Liskeard and Cobalt.

Mrs. M. B. Glazier gave an inspiring report of the Rebekah Assembly meeting held last week in Toronto. Sisters E. Rice and N. Austin thanked the Lodge for designating them to receive the Degree of Chivalry and described the impressive ceremony held at Grand Lodge. The eighty ladies in long white dresses and the receiving in this honor were gowned in the colors of the Oddfellows' Lodge stood guard in their colorful regalia and with drawn swords. Each Sister received a white carnation and several little girls, all dressed in white, pinned on the emblems.

The first nomination for officers for the ensuing year followed.

After the meeting, everyone enjoyed playing games and had a delightful lunch served by Mrs. O. Chids and her committee.

Winners are as follows:

Mrs. W. Fleming, Cobalt—High bridge score.

Mrs. A. Pelkie, New Liskeard—Low bridge score.

Mrs. L. Kosmack, New Liskeard—High euchre.

Mrs. B. Christendon, Cobalt—Low euchre.

Mrs. Tappenden, Cobalt—High Chinese checkers

Mrs. A. Kay, New Liskeard—Low Chinese checkers.

During the evening the Noble Grand, on behalf of the Lodge members, presented Donna Robertson with a lovely lamp in honor of her approaching marriage.

C.V.W.I. MEETING

The regular monthly meeting of the Clover Valley Women's Institute was held on Thursday evening last at the home of Mrs. S. McIntyre, Haileybury.

There was an attendance of fifteen members and two visitors who answered the roll call "Your Favorite Radio Program".

One minute of silence was observed in memory of one of our members, Mrs. E. Robertson, who had passed away since our last meeting.

A very interesting paper on Historical Research was read, naming some of the "firsts" of Haileybury, dating back from 1896. Mrs. McNeil deserves a great deal of credit for all the time spent in obtaining this information from old timers of the district.

A motion was passed requesting the members to raise talent money for the next meeting.

Two birthday cards were given out by the secretary to Mrs. Cooke and Mrs. Adams.

The meeting adjourned and an enjoyable hour of Bingo played.

friends for the gifts received in a fitting manner.

Five Man Committee to Study Mining Legislation

Following a request by former Mines Minister W. S. Gemmill from mining municipalities with a view to overhauling Ontario's mining legislation which has seen no major changes in the past 60 years, a meeting of the Northern Ontario Association of Mining Municipalities took place in Timmins last Friday. The meeting has authorized a five-man committee to look into Ontario mining legislation and make recommendations for changes at a meeting with Mines Minister Kelly, set tentatively for mid-September.

Besides the NOAMM's brief to the minister on changes in mining legislation, each member municipality will send individual briefs containing its own suggestion.

The meeting was attended by representatives from Sudbury, a dozen member municipalities and McKim (near Sudbury) and Black River. The latter three are not members but signified that they may apply for membership. Haileybury was represented by Councillor Leo Gough.

A discussion on new mining grants to municipalities was led by J. W. McBain of Teck township, author of the McBain formula on which the legislation is based.

Naming of the five-man mines legislation committee was left to Mayor J.W. Spooner of Timmins, president of the association, and Reeve V. H. Evans of Tisdale township, head of a committee

set up previously to deal with legislation affecting mining lands.

Besides municipal representatives, also attending the meeting were Hon. P. T. Kelly, Ontario Mines Minister and his deputy, H. C. Rickaby. Neither of them took an active part in discussions.

Movement toward a change was started, but not firmly, five years ago. Matters came to a head early this year when the department of municipal affairs, which controls assessment laws, introduced legislation at the request of the Mines Department to change regulations covering mining claims.

The change, in effect, would sever mineral and surface rights or mining claims and return mining rights to the crown. The purpose was to open up mining properties held by non-developers. The law was to apply only to properties taken over by municipalities for non-payment of taxes on surface rights. (The municipalities have no right to tax-mineral rights).

Mining municipalities claim such severance would make it impossible for them to realize any tax revenue or sale revenue, since the surface rights are in most cases valueless and the only incentive a prospecting purchaser would have at the minerals in the land.

NOAMM members agreed generally on non-severance, but final formulation of proposals rests with the committee.

Kinsmen Club Honoured For Best Bulletin

The Cobalt-Haileybury Kinsmen Club has been awarded the District Trophy for the best club bulletin issued in 1952. This award is due to the excellent editorship of Lorne Umphrey and it is a great honor when it is considered that there are over forty clubs in our district, ranging from Timmins to Toronto. The local club bulletin is known as the Temiskin and is issued semi-monthly keeping all members informed of the local and district Kin doings.

At the last meeting for this Kin year held on Monday evening at Portage Bay Lodge, the trophy was presented to the Club by Don Edwards who had recently received it from the award committee at District No. 8 convention at Cleveland's House, Muskoka.

Twenty-five members and their wives attended the fishing expedition at Portage Bay Lodge and if the fishing catch was not up to expectations, the spaghetti and meatball dinner served by Mrs. Chitaroni quickly dispelled any fishermen's gloom.

New Mines Minister Visits This District

The new Minister of Mines, Hon. Philip T. Kelly and Deputy Minister H. C. Rickaby, are to arrive in Cobalt today, where they will meet with various mining officials and will probably have an opportunity to visit several of the mines in the area. Tomorrow, they will spend the day in the Gowganda area and on Saturday they plan to be in Matachewan. While in Matachewan, it is expected that they will attend the official opening of the Matarow Lead Mines Limited which will come into production on that date.

Walter Little, M.P., Is Not Resigning

Walter Little, member of parliament for Temiskaming, is not retiring and his health is improving. The M.P. said recently there have been frequent newspaper statements regarding his health and possible retirement from federal politics.

The member of parliament said although he has never sought publicity he felt a statement regarding his health and intentions should be made to his friends and supporters in the riding.

C.N.R. Official Lauds Kitimat Development

"Because of the fantastic need for electric power, a town is being born in the wilderness of Canada's north Pacific coast," S. W. Fairweather, vice-president, research and development, Canadian National Railways, said following visit to Kitimat, B.C., where a half-billion dollar power and aluminum smelter project is under way. "It is more than a town. It is a monument to the new pioneering spirit, the latest manifestation of confidence and courage in our resources that will bring us greater rewards than we ever dreamed of," he added.

Mr. Fairweather made the trip to inspect the route the new C.N.R. line will follow from Terrace, 94 miles east of Prince Rupert, to serve the new port and town of Kitimat. He said the Canadian National Railways had more than doubled its train services in northern B.C. to meet the rush of inbound materials and workers, and added that northern and central B.C. is almost reeling under the impact of this sudden development of its wilderness.

Referring to the new 10-million dollar railway linking Terrace and Kitimat, he said the preliminary survey had been completed. The line will be 43 miles long.

It was anticipated that the Canadian National would benefit traffic-wise not only from aluminum at Kitimat but also from the presence of 2 1/2 billion feet of timber accessible to the new rail line. He also expected a fishing industry to grow up at the new coastal terminal and produce refrigerator car traffic to eastern Canada and the United States.

C.W.L. Meeting

Lawrence Goodwill, faculty member of the Royal Conservatory of Music of Toronto, will conduct current examinations for the Conservatory in Haileybury today and tomorrow.

Mr. Goodwill arrived in Toronto from Vancouver in 1939, on a CAPAC Competition Scholarship. His studies were interrupted by the war, but he returned to Toronto after active service, in 1945 and completed his Bachelor of Music Degree at the University of Toronto. In 1949 he studied in America with Darius Milhaud, returning to teach both piano and composition at the Conservatory. He is at present working on his Doctorate in Music.

Happiness grows at your own fireside and is not to be picked in stranger's gardens. D. Jerrold

Royal Conservatory of Music Exams Held in Haileybury

The following is a list of successful candidate in examinations held recently by the Royal Conservatory of Music of Toronto in Haileybury. The names are arranged in order of merit.

A.R.C.T. PIANO WRITTEN Honors—Joan Sommer.

GRADE III THEORY Harmony—First Class Honors—Diana Lapinskie.

Honors—Mary Frances Cockshutt; Madeleine Proulx.

History—Honors—Valerie Herbert; Mary Whitby.

GRADE II THEORY First Class Honors—Ann Audet Marie-Therese Fleury Wm. Tyson (equal); Lucille Mandeville; Marguerite Bolan, Monique Gosselin (equal); Elizabeth Bowman; Madeleine de Bastiani, Therese Gaudreault (equal); Donna Burton; Therese Champagne Evelyn Hall, Ruth Hurley; (equal) Annette Forget.

GRADE I THEORY First Class Honors—Helene Maurice; Shirley Connelly; Paule Hurtubise; Jeannine Morris.

Honors—John Begg, Muriel Lauzon.

Shower for Bride-to-Be

Mrs. Olive Childs held a shower at her home on Monday evening in honor of Miss Donna Robertson, whose marriage takes place next week.

The rooms were artistically decorated with pink and white streamers and white bells. The lace cloth covered table was centred with a cake decorated with a bride and groom in the centre. Blue and pink candles at each end of the table completed the setting.

Around 9.30 a bride and groom arrived and presented the guest of honor with a decorated basket filled with lovely gifts.

Those attending were Mrs. Devons, Miss Violet Carriere, Miss E. Caron, Mrs. S. McIntyre, Mrs. V. Dinesen, Mrs. M. Glazier, Mrs. G. Hargrave, Mrs. Caron, Mrs. Carriere, Mrs. J. Libby, Miss Anita Plaunt and Mrs. M. Mawhinney. Those unable to attend were Mrs. A. Russell, Mrs. Eric Lundberg, Mrs. R. Huard Jr., Miss Betty McIntyre, Miss Irene Fernholm and Mrs. I. McNaught.

The hostess, assisted by her daughter, Ida, Mrs. Devons and Miss Violet Carriere served a lovely lunch.

The bride-to-be thanked her

Young Survivor Swims 300 Feet To Reach Safety

The first drowning in the Tri-Town district occurred on Sunday last when the boat from which they had been enjoying a happy fishing outing overturned and Marie Fleury, 35, of Cobalt, and Albert Cote 35, of 104. Coleman township, neither of whom could swim, drowned in the Montreal River near the Gillies airstrip just 300 feet from shore.

A third member of the party, Earl Larabie, aged 15, also of Mileage 104, was able to swim the distance. The youth made a valiant effort to save Mr. Fleury, but due to the man's weight, had to give up and was in an exhausted condition when he finally reached the shore.

Both Mr. Cote and Mr. Fleury were well known residents of the district. Mr. Cote had just returned from Ungava, Labrador, where he had been employed.

Joey Maxim Wins

Joey Maxim successfully defended his light heavyweight boxing crown in New York last night when he won by a technical knockout in the fourteenth heat of his match with Sugar Ray Robinson, who, after giving the champion quite a beating in the earlier rounds felt exhausted from the heat at the end of the 13th and had to be helped to his corner. He was unable to answer the bell for the fourteenth round.

Green for Value

When shopping for leafy vegetables, be sure that the darker green specimens are selected. The darker the green, the greater the Vitamin A content. The outer leaves of cabbage and lettuce, for instance, are much richer in this vitamin than the paler inside leaves.

WEEK'S WEATHER

	Week ending June 25th, 1952	
	Max.	Min.
