

Department of Lands and Forests Report Violations

In spite of repeated warnings by press, radio, sportsmen's associations and the Lands and Forests authorities, the dangerous habit of carrying guns in cars and trucks is still being practised by far too many "hunters" in Ontario. As a result a number of persons have been severely injured recently and several killed. One, a five-year-old child was shot to death by a loaded gun when she toppled it over as she scrambled from the back to the front seat of her father's car.

Other persons found that besides being foolish and hazardous, the practice is against the law. During October, 53 persons were convicted by judges for this breach of the hunting regulations.

Altogether, 394 convictions were registered under the Ontario Fish and Game Act according to the Lands and Forests' report for October. Of these 209 convictions were for hunting violations, 48 for angling, 5 for trapping, 3 for commercial fishing, and 7 for miscellaneous infractions. One man set a poor example for his son. He allowed the 14-year-old lad to hunt without a license. The father was fined.

Fines collected totalled \$4,460 for the month, an average of \$13.35 per violator. Largest fine was \$100 levied against a Trout Creek man who unwisely obstructed a Conservation Officer in the discharge of his duty.

Judges levied fines of \$50 each in several cases of illegal possession of venison; possession of deer in a closed season; having a loaded gun in a car at night; shooting a beaver; permitting dogs to run at large in deer county; possessing a gun in a game preserve; and killing deer in a closed season.

All persons fined also paid court costs of up to \$10 and guns, fishing tackle and other valuable hunting and fishing equipment and so forth were confiscated.

That via air mail from South America came a letter from a Canadian Army officer now in that country. In it, he takes exception to our views expressed recently on an editorial "Preparedness". In short he said, "I think it unwise for Canadian to ride on the wings of the wind in search of compulsory military training which cannot guarantee preparedness."

If we are pleased to think we are read in such faraway fields, still we are more pleased to think that such a man with such a thought is not in Canada.

That the Haydn Orchestra under the direction of Eric E. Smith has resumed its regular practice every Wednesday night with several new members and much enthusiasm. Mrs. W. Barrett, New Liskeard, has been elected treasurer and the town representatives are Mrs. C. J. Donegan, Cobalt; Miss W. Keller, Haileybury, and Mr. W. Edwards, New Liskeard.

The orchestra will play several selections at the New Liskeard Drama Club's presentation on Dec. 4th and 5th.

a higher standard of living for all Canadians.

Then there are the thousands of "little" enterprises that are the backbone of Canada's economy: your neighbourhood stores, the local bus-line, lumber and fishing businesses, farms, bakeries and many others. Loans to all these mean increased production and prosperity.

As Canadians, by investing our own money in our own country, we help Canada continue to grow.
