Co-Haileybury Curling Club Greet North's Curlers Sunday

Chairman Alex Mosher and his committee have everything ready to welcome between seventy to eighty rinks to the big bonspiel next week. Helping him with the arrangements are Secretary Lorne Humphrey, Hubert Doran, Bob Patriquin, W. R. Leith, Einar Olsson, Harry Ramey, Jack Thomson housing, Max Whitby reception and entertainment, Bob Poppleton, decoration; John MacArthur, ice committee; R. Campbell, building committee and E. McDonough, program and badges.

The rink will be closed for two days this week so that the ice will be in fine condition and the painters, decorators, floor washers and window washers will have a chance to have the club shining for the great day.

Six sheets of ice at New Liskeard and the six sheets at the local club will be in constant

use from Monday morning until Saturday.

On Friday morning of this week, qualifiers from three other zones meet the winners of Zont 1 for the British Consols trophy, qualifying step for the Macdonald Brier Trophy, for the right to meet the N.O.C.A and N.W.O.C.A winners at Kirkland on the 16th, and participate in the Dominion championship to be held in Sudbury on March 2nd.

On Sunday evening, Pipe-Major McMillan of Kirkland Lake will scurl the pipes to lead the parade from Haileybury Hotel to the reception at the Curling Rink.

On Wednesday, the George Taylor Hardware will play host to the curlers from 9 p.m. to 12 p.m. at the Legion Hall.

On Thursday, Imperial Oil are planning a cocktail party in the basement of the Curling Club.

The annual reports which were presented showed a general improvement in the year's work were interesting and well prepared. One feels that a wave of uplift and enlightenment has surged over the North Country as the Literature Secretary's report revealed that the number of books (non-fictional) read in the past year has more than doubled. J.O.Y. Aux. of Kirkland Lake provided the highlight with an average of more than 12 per member. Noranda, who had topped the list for several years dropped to third place with an average of 5.7 while New Liskeard Evening Aux. was in second place with 5.8.

Financially, the Prsbyterial is up to standard, with \$3,058.54 being turned over to the treasurer. This figure includes Mission Bands \$101.45, Baby Bands \$49.28, C.G.I.T. and Ex. \$47.00. The allocation of \$2400 was met and \$400 was divided between

Home Missions and Angola.

Because some misunderstanding has occurred the point was stressed that the building now being erected in Toronto for the Girls Training School is a project of the United Church of Canada and not of the W.M.S. However, the W.M.S. is lending aid in raising funds and Tem. W.M.S.'s allocation for years 1952 and 1953 is \$2500 of which \$1589.91 has already been paid in.

Miss Muriel Rice, Box 377, Haileybury, Ont., succeeds Mrs. F. W. Hutt, who is leaving town as treasurer.

The annual meeting will be held in May in Kirkland Lake. Nominations for Officers are to be in the hands of the committee headed by Mrs. O. R. Orr, Larder Lake, Ont., if possible, not later than March 15, 1953.

The secretary for W.F. and M. M. asked that in future subscriptions sent in show the name of the church represented.

Bucke Township's Council Answers Haileybury's Mayor

The Reeve and Council of the Township of Bucke have issued the following answer to an article appearing in last week's paper concerning Mayor Cooke's views on the forthcoming cancellation of Bucke's contract with the Temiskaming Health Unit:

"In regard to statements and criticisms directed at the Council and citizens of our municipality, voiced at a recent Health Unit meeting in New Liskeard by Mayor A. H. Cooke, and published in The Haileyburian dated January 27th, we would like space for rebuttal.

His remark, namely, that municipalities who vote to withdraw or abstain from the Health Unit scheme retreat into the Dark Ages is rather broad, to say the least; for he indirectly must include the modern and progressive City of North Bay, and surrounding municipalities who recently turned down the Health Unit plan.

He claims Bucke's withdrawal from the Health Unit is a potential menace to Haileybury; that the Citizens of Bucke will automatically become carriers of disease to their restaurants and theatres. A fine statement from a person holding public office! Have the owners of these business establishments objected to our patronage? We think not! He might more truthfully have said that contamination is spread

through the dumping of town refuse along the side road of our municipality. His utterance, so basely mean, is without precedent.

We would advise the Mayor of our neighboring town to more carefully consider the circumstances involved, before jumping to condemn others for what they believe to be right. We have always been noted for looking after the health of our citizens; and previous to the Health Unit Idea, we were one of the first townships in the District of Temiskaming to have the service of a Health Nurse. He need not question our ability to obtain a like service again.

Furthermore, we cannot understand how our fire protection problems came under discussion at a Health Unit meeting. However, it may be of some comfort to the Mayor to know that our Agreement with the Town of Cobalt, and their Fire Department, protects our township most efficiently from Mileage 104 up to, and including the Town-line of Haileybury; and, if our present negotiations are successful with the New Liskeard Council, and their Fire Department, who are at least sympathetic to our problem, the protection of the Northern Section of our Township will also be in capable hands.

REEVE and COUNCIL of the Township of Bucke

Society Continues to Beautify Parks and Community

Ten members attended the annual meeting of the Horticultural Society called to elect new officers. The following slate was elected for 1953: President, H. G. Pickard; vice-president Judge J. B. Robinson; 2nd vice-president Fred W. Thompson. Elected to the board of directors to begin serving a two-year term were Graham Hennessy, Lloyd Childs, N. Morissette, John Valentine and S. Graham.

Serving out their last year term are Omer Allard, Fred W. Thompson, H. Grady, C. W. Tyson and Lewis Simard.

Auditors are Keith Valentine and J. M. Shouldice.

Mr. Pickard gave a summary of the work carried out by the Society this year. With funds supplied by the Town, the park opposite the Court House was maintained and improved.

The Tennis Club was given \$100.00 to grade and seed the ground surrounding the courts with particular attention to the West side where soil for grading the courts proper had been removed. Three ornamental crab-trees were planted on the south side.

At the foot of Brewster street on the Lake Shore road the little park was graded and improved with a bit of planting. Members will continue to improve this piece of land through the coming year.

At the next meeting, plans will be made for the annual membership drive and a choice of

dividend will be made.

The Government grant to the Society is based on memberships and civic improvements so that from every angle, citizens who take pride in their home and their town should welcome the forthcoming opportunity to join the Horticultural Society.

Rosy crabs ordered from the Dominion Experimental Farm at Ottawa were planted in both the main park and the little park.

Twenty-three dozen daffodil bulbs were distributed to members who planted them around their homes.

Eight dozen daffodil bulbs will bloom in both parks this spring. The Secretary-Treasurer, Mr. H. Brown presented the following financial report:

Financial Statement, 1952

Receipts:

Bal. for. Dec. 31 '51..	\$ 966.45
Mem. fees, \$1 each..	203.00
Int. on Dom. Bond..	15.00
Provincial Grant....	134.00
Sale of Tulips by Mr. N. Morissette..	
	\$1,330.45

Expenditures:

Civic Imp., inc. labor..	\$354.53
Trucking, wrapping and Cost of Prem. bulbs..	250.60
Delivering bulbs....	24.07
Advertising, printing..	10.11
Ont. Hort. Fee.....	8.15
Sundries.....	2.34
Bal. on hand.....	670.65
	\$1,330.45

The smallest of all packages is a man wrapped up in himself.

Those who love deeply never grow old; they may die of old age but they die young.

Outstanding Progress Made by Girl Guides in Two Years

The local Association of Girl Guides met in the Blue Room of Hotel Haileybury on Thursday last at 8 p.m. The chairman, Mrs. M. Whitby, presided at the meeting.

Miss M. Melisek reported that in the past year 12 Brownies have gone on to Guides—8 of whom won their Golden Hand. Mrs. June Dunlop is assisting Brown Owl Melisek and Tawny Owl Neelands with the pack of 40 Brownies. Two weeks ago the Brownies had enjoyed a skiing and toboggan party at the Golf Club followed by a bean supper provided by the L.A. at the Anglican parish hall.

Miss G. Bonney reported that the Girl Guides had many interesting visitors at their meetings to instruct them on their Second Class badge. Mr. Pickard had given them a talk on Nature Study. Mrs. M. Whitby had instructed them on diet, and Mrs. F. Thompson spoke to them on badge work. A member of the local police will instruct the Guides on Safety. Mrs. L. Barrett had also instructed Guides on their second class badge, and Mrs. Shirley Barry had helped to pass tests. Miss Joan Thorne has been helping Miss Bonney with the company and has received her warrants.

The badge secretary, Mrs. F. Thompson, reported that some of the Guides have started to

work on their Empire Knowledge badge. When they complete their second class tests, Mrs. Whitby will teach a group Cooking. As Guides must have passed their second class tests before working on proficiency Badges, Mrs. Thompson urged the mothers to co-operate by seeing that their daughters complete their work necessary for the second class. Instruction has been given to the Girl Guides on every phase of the test and it is up to the girls themselves to take the tests and thus win their second class badges.

Mrs. L. Barrett, division commissioner, told the meeting that a Guide and Brownie trainer Mrs. Riley, will visit the tri-town area on March 13th and 14th, accompanied by Mrs. Cutler, area commissioner. Guide and Brownie leaders will make arrangements for training classes to be held on March 14th.

Mrs. Barrett also outlined improvements which have been made to the Girl Guide camp at Fairy Lake, and the effort which has been directed into making it a District Camp for Girl Guides in this area. This year, if the number demands, two camps will be run—one for Junior girls and the other for older girls, each camp of about ten days' duration. It was decided that the Haileybury Girl Guides will join with other Guides in camping at Fairy Lake.

C.N.R. to Boost Tri-Town Area as Tourist Attraction

Winter and summer excursions will be sent to this area in the near future according to the CNR's Geo. H. Burt, travelling passenger agent who was here last week looking over the attractions for such a scheme. Mr. Burt was escorted on his tour through the country by Leo Gough.

His visit is a follow-up of a meeting held in Haileybury last year with CNR representatives who are so enthusiastic about the prospects of expanding the tourist business in Northern Ontario that they have devoted a middle spread in the ONR Quarterly to Haileybury, Cobalt and New Liskeard.

The ONR's Public Relations officer, Mr. O. T. Williamson who met with tri-town representatives here in July followed up his own suggestion that the CNR be contacted and Mr. Burt's visit was the direct result of months of groundwork.

The visitor made an extensive study of sports attractions, summer and winter with particular attention to the Northern Ski Club's electric tow, number of runs, height and chalet. Curling

clubs, tourist resorts from here to New Liskeard on the Shore Line and the Hotels were all studied.

Haileybury Boy is Named in Joy Appointments

In a recent announcement of staff appointments, Joy Manufacturing Co. (Canada Limited) announced the appointment of L. A. (Lou) Joyal, eldest son of Dr. and Mrs. J. A. H. Joyal. Mr. Joyal will be located in Montreal the company recently opened new offices at Dorval.

The new appointee will be calling on industrial accounts in his territory and has specialized training in the application of Joy heavy compressors and other Joy equipment of particular interest to industrial accounts.

Mr. Joyal received his secondary education at the University of Ottawa and St. Michael's in Toronto and graduated in Science from the University of Montreal. Before joining the Joy Company, he was with Ingersoll Rand for five years.

The Scotsman went into the store and purchased spurs for the right foot only. When asked why, the reply was that if he got the right side of the horse going, he figured the other side would keep up!

Provincial Chapter of I.O.D.E. Offers Scholarships

The Provincial Chapter of Ontario, will again offer scholarship awards in two departments.

In pictorial art, awards of \$150, \$75 and \$25 are offered for the best original painting in any medium. The competition is open to art students and citizens of Canada, domiciled in Ontario, between the ages of 16 and 25 years.

In the short story competition two scholarships, \$150 and \$75 respectively are offered for the best short stories with the same qualifications applying.

Dr. Gordon N. Roper of Trinity College, Toronto, will judge the manuscripts. Contestants are advised not to submit any material without first obtaining printed conditions. The conditions

and application forms for both these competitions may be secured by writing to the Provincial Chapter of Ontario, IODE, 168 Jackson St., West, Hamilton or Mrs. J. T. Jeffrey, 821 Bourke St., North Bay, Ont.
