

Bantams Lose to Porcupine in Semi-final at Liskeard

In a game that saw only two penalties handed out, the fast-moving South Porcupine bantams eliminated Haileybury from any further Northern Playground playoffs by an 8-4 margin. The Porkies had the edge throughout the game that saw the locals desperately trying to get on even terms. At the end of the first, Haileybury trailed 3-2 and 5-3 going into the third. The third saw the Porcupine team outscore Haileybury 3-1 and win the game by an 8-4 count. Now that the bantams and midgets are eliminated from further hockey play the midgets will end the season successfully with a turkey dinner in the Legion Hall.

THRILLS of the ROARIN' GAME

In an interesting extra end game in the finals of the Vice Skips' competition in the Ladies' section, the following rinks won 1st Prize: Mrs. J. Shouldice, skip; Mrs. W. Burton, vice; Mrs. L. Thisdell, second, Mrs. W. Fleming, lead.

Mrs. W. MacArthur, skip; Mrs. A. Todd, vice; Mrs. J. Dixon, second, Mrs. L. Tulloch, ead.

Expansion Planned for Alcoholic Treatment

The provincial government through the alcoholic research foundation, is planning to set up more than twenty treatment clinics during the next ten years.

Clinics will be small at first, according to the health minister but will expand as the needs of the communities grow.

Cities with medical schools will be the first in line to get a clinic and after that cities of considerable population with large surrounding territories such as Sault Ste Marie, Fort William, Sudbury and North Bay will get first consideration.

Christmas Seal Committee Issue Financial Report

The Christmas Seal Committee has issued the following financial statement which includes results of the 1952-53 Christmas Seal Campaign. A breakdown of the total contribution to the annual drive for funds through the sale of seals shows Cobalt—\$505.76; Haileybury—\$495.50 and Englehart—\$695.47.

	\$5401.22

Girl Guide News

The weekly meeting of the Haileybury Girl Guides was held in the Armouries on Monday at seven o'clock.

We started off by calling the attendance and collecting the fees and then marchd into our horse shoe formation.

Miss Bonny, our Captain, was away so Miss J. Thorne took over the meeting. In the horse shoe each Patrol Leader was given a copy of the Canadian Guide Magazine to read to the rest of her patrol and to keep in the patrol box.

We were then dismissed to our Tenderfoot and Second Class tests.

In place of Campfire we played three games—Red Rover, Streets and Alleys, and a version of Dog and the Bone.

This meeting ended with Taps —Jill Robsin

BRITAIN RECEIVES A COBALT 'BOMB'

One of the world's medical marvels, the Canadian cobalt "bomb" for cancer treatment will be shipped to Britain as a gift, Canada's atomic chief has announced.

Dr. C. J. McKenzie, president of Atomic Energy of Canada Ltd. said the \$70,000 therapy unit, packing the wallop of millions of dollars worth of radium, will be shipped overseas next summer.

It will be Britain's first cobalt "bomb" and one of the most modern—a giant steel-and-lead horse shoe-like affair weighing about seven tons. The gift is being financed by J. W. McConnell, 75-year-old former publisher of the Montreal Star, as a tribute to Health Minister Martin and his department.

District Hospitals

Receive Assistance

More than 190 Ontario Hospitals will share in \$8,500,000 in special grants announced by Premier Frost in his budget speech in the Ontario Legislature. The grants, designed to enable hospitals to modernize facilities and equipment, will be paid at once. Hospitals which have not received a capital grant since April 1st, 1947, will receive \$400 a bed. Hospitals which have been voted grants in the last six years will get \$100 a bed.

"The oldest hospitals are in the greatest need of capital repairs and renovations," the premier said. "They will obtain the greater part of the assistance, but we are also recognizing the requirements of the newer hospital units."

An appendix to the budget listed grants in the District as follows: Kirkland Lake, \$42,000; Englehart Red Cross, \$7,400; Haileybury Misericordia, \$27,000; Matheson Memorial \$3,000; New Liskeard, \$4,200; Timmins St Mary's \$41,200.

Solicitous

A report, secondhand, is of a statement by a CBC apologist that the reason the government insists on a television monopoly is that television broadcasting is too expensive an operation for private enterprise to undertake.

This statement was made before a meeting of university alumni, apparently on the assumption that anything can be put over on college graduates.

Booming Birth Rate Adds to Educational Problems

The population of Ontario increased 28 per cent since 1941 but the number of children aged 15 and under increased 41 per cent, leading to a rapid rise in school enrolments.

In the last year, 250 new schools or substantial additions to existing schools were built at a cost of \$46,000,000. This provided new accommodation for 50,410 children but the actual increase in school enrolment was 54,000.

The growth made it essential to recruit more teachers. The Premier announced that to provide teacher-training facilities two new teachers' colleges in Toronto will replace the present Normal School which this year was forced to operate double shifts.

School Building Grants Will Cover Essentials Only

Because of the very large annual increase in school enrolments which must be expected in Ontario for several years to come, the Ontario Education Department has decided that from now on, no expenditures will be approved for grant purposes except those made in respect of ordinary classrooms (including science laboratories in secondary schools) and upon essential administrative and service areas.

So urgent is the need of accommodation for the thousands of new pupils who will enter school in the next academic year, and in each succeeding year, that neither the municipalities nor the Provincial Government can hope to provide more than essential school building.

In 1952 volume of national production in Canada went up 6 per cent while labor income went up 12 per cent.

Kinsmen Assist Victims of European Floods

At a recent meeting, the Kinsmen Club voted a considerable amount to assist the victims of

the disastrous floods which left many homeless in England, Holland and Belgium. The move was made following an appeal from the Association of Kinsmen Clubs of Canada for a donation to a general fund for food relief.

May We Suggest. . . .
 Dinner in the comfortable and pleasant surrounding of the

When disaster strikes...
 you can come to the **RESCUE**

When fellow Canadians lose their homes and their hopes in disasters of fire or flood, you have a part in the work of relief. Though the victims be a thousand miles away, catastrophe makes close neighbours of us all. Red Cross moves swiftly to help the injured and homeless. With supplies and equipment that you help provide, the tragedy of ruin is eased. By helping the Canadian Red Cross carry on its work of mercy you become truly a part of the rescue team. Give generously . . . keep your Red Cross strong.
